Callings Gregg Michael Levoy, 1998-09-08 How do we know if we're following our true callings? How do we sharpen our senses to cut through the distractions of everyday reality and hear the calls that are beckoning us? is the first book to examine the many kinds of calls we receive and the great variety of channels through which they come to us. A calling may be to do something (change careers, go back to school, have a child) or to be something (more creative, less judgmental, more loving). While honoring a calling's essential mystery, this book also guides readers to ask and answer the fundamental questions that arise from any calling: How do we recognize it? How do we distinguish the true call from the siren song? How do we handle our resistance to a call? What happens when we say yes? What happens when we say no? Drawing on the hard-won wisdom and powerful stories of people who have followed their own calls, Gregg Levoy shows us the many ways to translate a calling into action. In a style that is poetic, exuberant, and keenly insightful, he presents an illuminating and ultimately

practical inquiry into how we listen and respond to our calls, whether at work or at home, in our relationships or in service. Callings is a compassionate guide to discovering your own callings and negotiating the tight passages to personal power and authenticity.

Wuthering Heights Emily Bronte,2020-09-28 Wuthering Heights is the name of Mr. Heathcliff's dwelling. "Wuthering" being a significant provincial adjective, descriptive of the atmospheric tumult to which its station is exposed in stormy weather. Pure, bracing ventilation they must have up there at all times, indeed: one may guess the power of the north wind blowing over the edge, by the excessive slant of a few stunted firs at the end of the house; and by a range of gaunt thorns all stretching their limbs one way, as if craving alms of the sun. Happily, the architect had foresight to build it strong: the narrow windows are deeply set in the wall, and the corners defended with large jutting stones. Before passing the threshold, I paused to admire a quantity of grotesque carving lavished over the front, and especially about the principal door; above which, among a wilderness of crumbling griffins and shameless little boys, I detected the date "1500," and the name "Hareton Earnshaw." I would have made a few comments, and

requested a short history of the place from the surly owner; but his attitude at the door appeared to demand my speedy entrance, or complete departure, and I had no desire to aggravate his impatience previous to inspecting the penetralium. One stop brought us into the family sitting-room, without any introductory lobby or passage: they call it here 'the house' pre-eminently. It includes kitchen and parlour, generally; but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter: at least I distinguished a chatter of tongues, and a clatter of culinary utensils, deep within; and I observed no signs of roasting, boiling, or baking, about the huge fireplace; nor any glitter of copper saucepans and tin cullenders on the walls. One end, indeed, reflected splendidly both light and heat from ranks of immense pewter dishes, interspersed with silver jugs and tankards, towering row after row, on a vast oak dresser, to the very roof. The latter had never been under-drawn: its entire anatomy lay bare to an inquiring eye, except where a frame of wood laden with oatcakes and clusters of legs of beef, mutton, and ham, concealed it. Above the chimney were sundry villainous old guns, and a couple of horse-pistols: and, by way of ornament, three gaudily-painted canisters disposed along its ledge. The floor was of

smooth, white stone; the chairs, high-backed, primitive structures, painted green: one or two heavy black ones lurking in the shade. In an arch under the dresser reposed a huge, liver-coloured bitch pointer, surrounded by a swarm of squealing puppies; and other dogs haunted other recesses.

The Eensy Weensy Spider Freaks Out! (Big-Time!) Troy Cummings, 2010-07-28 Artist Troy Cummings has created a clever spin-off of the Eensy Weensy Spider nursery rhyme in this humorous picture book, sure to appeal to kids and adults who also love fractured fairy tales. The Eensy Weensy Spider climbed up the waterspout . . . and everyone knows what happens next! By the time the sun comes out to dry up all the rain, the Eensy Weensy Spider has freaked out over her washout, big-time! There's no way I'm climbing back up that gutter! she says. Eensy has lost her climbing courage, but with the help of her best ladybug friend, Polly, she begins to take on bigger and bigger climbing challenges until she's rewarded with the most spectacular view of outer space that any bug has ever seen! Hilarious text and a retro, graphic art style take this popular nursery rhyme to new heights. There's also

a fun size chart on the end pages for kids to track Eensy's progress as she tackles taller and taller objects. Spin-offs of children's songs and nursery rhymes are very popular with kids, parents, and teachers!
