Solo Command: Star Wars Legends (X-Wing) Aaron Allston, 2011-06-28 Wraith Squadron: they are the Rebel Alliance's ultimate strike force. Sleek, swift, and deadly, they are the first in battle, the last line of defense. Now they must find and destroy a wily enemy more powerful than the Empire itself. Their covert mission has been a success. The enemy has been vanquished. Or so they thought. The Super Star Destroyer Iron Fist somehow escaped destruction and with it the New Republic's greatest threat, the infamous warlord Zsinj. To defeat him, Wraith Squadron must join a combat task force led by the only man crafty enough to beat Zsinj at his own game: Han Solo. But Zsinj knows the X-wing fighters' indomitable courage is both their greatest strength--and their greatest weakness. For even against the most overwhelming odds, the Rebels will fight to the death. And that will leave Zsinj the galaxy's unchallenged master! Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Wraith Knight C. T. Phipps, 2019-01-10 The King Below, Enemy of the World, is dead. Will his successor save the world...or rule it? Jacob Riverson was once the greatest hero of an age. Cut down during what should have been the final battle against the King Below, he was condemned to centuries of torment as a Wraith Knight in the service of said monster. With the destruction of his master, Jacob finds his free will returning and discovers he is in a world torn by civil war between the King Below's former slaves and the heroes who saved them. Joining forces with the overly-idealistic but brilliant warrior Regina Whitetremor, Jacob must determine whether he has any place in the new world and whether his destiny

is as a hero or monster.

Signs and Symbols Adrian Frutiger, 1998 Discusses the elements of a sign, and looks at pictograms, alphabets, calligraphy, monograms, text type, numerical signs, symbols, and trademarks.

Feed M.T. Anderson, 2012-07-17 Identity crises, consumerism, and star-crossed teenage love in a futuristic society where people connect to the Internet via feeds implanted in their brains. This new edition contains new back matter and a refreshed cover. A National Book Award finalist.

Haunting Experiences Diane Goldstein, Sylvia Grider, Jeannie Banks Thomas, 2007-09-15 Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In *Haunting Experiences*, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts. Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender. And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts.

Wraith Lord C. T. Phipps, 2019-03-12 Jacob Riverson has assumed the mantle of the King Below

and now rules over all the Shadowkind races. However, his desire to break the cycle of violence between the peoples of the Northern and Southern Kingdoms is doomed. The Nine Heroes will not rest until not just the Dark Lord is slain but all of his followers. Jacob thus sets out on a daring but foolhardy mission to a great northern city in order to recruit an army of allies. He hopes to break the Nine Heroes' army gathering there before it can be used against him. Unfortunately, that may divide his own forces. The Shadowkind, his wives, and secretive forces beyond his own control want a war every bit as much as Jacob's enemies. What's a Wraith Knight to do?

I Am Legend Richard Matheson, 2007-10-30 The one remaining human in a world populated with vampires struggles to survive.

Eat Pray Love Elizabeth Gilbert, 2010-06-29 A celebrated writer pens an irresistible, candid, and eloquent account of her pursuit of worldly pleasure, spiritual devotion, and what she really wanted out of life.

Semantics James R. Hurford, Brendan Heasley, Michael B. Smith, 2007-04-19 This practical coursebook introduces all the basics of semantics in a simple, step-by-step fashion. Each unit includes short sections of explanation with examples, followed by stimulating practice exercises to complete in the book. Feedback and comment sections follow each exercise to enable students to monitor their progress. No previous background in semantics is assumed, as students begin by discovering the value and fascination of the subject and then move through all key topics in the field, including sense and reference, simple logic, word meaning and interpersonal meaning. New study guides and exercises have been added to the end of each unit to help reinforce and test learning. A completely new unit on non-literal language and metaphor, plus updates

throughout the text significantly expand the scope of the original edition to bring it up-to-date with modern teaching of semantics for introductory courses in linguistics as well as intermediate students.

Rise of the Videogame Zinesters Anna

Anthropy, 2012-03-20 Anna Anthropy is a key personality in the ongoing paradigm shift that is slowly changing the way videogames are understood, by creators and players, and by the wider culture. —Patrick Alexander, Eegra.com Equal parts autobiography, ethnography, and how-to manual, this book concisely makes the case for the unique power of 'zinester' games. —Adam Parrish, NYU's Interactive Telecommunication Program (Tisch School of the Arts), and author of the ZZT game Winter These days, everybody can make and distribute a photograph, or a video, or a book. Rise of the Videogame Zinesters shows you that everyone can make a videogame, too. But why should they? For Anna Anthropy, it's not for fame or for profit, but for the strange, aimless beauty of personal creativity." —Ian Bogost, Director, Graduate Program in Digital Media, Georgia Institute of Technology Rise is a great guidebook to understanding—and more importantly, participating in—this dynamically evolving culture. —Jim Munroe, co-founder of the Hand Eye Society and the Difference Engine Initiative "Here, Anna Anthropy demonstrates how people from every background and walk of life are breaking free of the commercial cowardice of major publishers, and bringing their individual visions of the game to life. . . . If game design is to be an art, as those of us who love games fervently hope, it must be rescued from its crushing commercial pressures. You can be a part of its future." —Greg Costikyan, author of I Have No Mouth and I Must Scream Anna gives the world of video games a crucial perspective from her seat of

authority within outsider culture, and illustrates how essential it is for the space to empower voices of all kinds if it is to evolve. —Leigh Alexander, editor-at-large of Gamasutra

The Underdogs Mariano Azuela, 2008-07-29 The greatest novel of the Mexican Revolution, in a brilliant new translation by an award-winning translator The Underdogs is the first great novel about the first great revolution of the twentieth century. Demetrio Macias, a poor, illiterate Indian, must join the rebels to save his family. Courageous and charismatic, he earns a generalship in Pancho Villa's army, only to become discouraged with the cause after it becomes hopelessly factionalized. At once a spare, moving depiction of the limits of political idealism, an authentic representation of Mexico's peasant life, and a timeless portrait of revolution, The Underdogs is an iconic novel of the Latin American experience and a powerful novel about the disillusionment of war.

Player Piano Kurt Vonnegut, 2009-09-30 "A funny, savage appraisal of a totally automated American society of the future."—San Francisco Chronicle Kurt Vonnegut's first novel spins the chilling tale of engineer Paul Proteus, who must find a way to live in a world dominated by a supercomputer and run completely by machines. Paul's rebellion is vintage Vonnegut—wildly funny, deadly serious, and terrifyingly close to reality. Praise for Player Piano "An exuberant, crackling style . . . Vonnegut is a black humorist, fantasist and satirist, a man disposed to deep and comic reflection on the human dilemma."—Life "His black logic . . . gives us something to laugh about and much to fear."—The New York Times Book Review

The Handmaid's Tale Margaret Atwood, 2017

The Spell of the Sensuous David Abram, 2012-10-17 Winner of the International Lannan Literary Award for Nonfiction Animal tracks, word magic, the

speech of stones, the power of letters, and the taste of the wind all figure prominently in this intellectual tour de force that returns us to our senses and to the sensuous terrain that sustains us. This major work of ecological philosophy startles the senses out of habitual ways of perception. For a thousand generations, human beings viewed themselves as part of the wider community of nature, and they carried on active relationships not only with other people with other animals, plants, and natural objects (including mountains, rivers, winds, and weather patterns) that we have only lately come to think of as inanimate. How, then, did humans come to sever their ancient reciprocity with the natural world? What will it take for us to recover a sustaining relation with the breathing earth? In *The Spell of the Sensuous* David Abram draws on sources as diverse as the philosophy of Merleau-Ponty, Balinese shamanism, Apache storytelling, and his own experience as an accomplished sleight-of-hand of magician to reveal the subtle dependence of human cognition on the natural environment. He explores the character of perception and excavates the sensual foundations of language, which--even at its most abstract--echoes the calls and cries of the earth. On every page of this lyrical work, Abram weaves his arguments with a passion, a precision, and an intellectual daring that recall such writers as Loren Eiseley, Annie Dillard, and Barry Lopez.

Esoterrorism C. T. Phipps, 2019-01-06 FROM THE BEST-SELLING AUTHOR OF THE RULES OF SUPERVILLAINY: There are no good guys in the world of shadows ... but maybe some bad men are better than others. Derek Hawthorne was born to be an agent of the Red Room. Literally. Raised in a conspiracy which has protected the world from the supernatural for centuries, he's never been anything other than a servant of their agenda. Times are changing, though, and it may not be long before their existence is exposed. When a routine mission uncovers the latest plan of the magical terrorist, the Wazir, Derek finds himself saddled with a new partner. Who is the mysterious but deadly Shannon O'Reilly? What is her agenda? Couple this with the discovery the Red Room has a mole seeking to frame Derek for treason and you have a plot which might bring down a millennium-old organization. Can he stop the Wazir's mission to expose the supernatural? And should he? *** If you're a fan of the Archer cartoon on FX, then I highly recommend you give this series a try. - Hotlistens.com Snarky humor everywhere! - Dab of Darkness Undead, magic, and spies. Heck yeah! - My World...in words and pages. All I have left to say is, read this book!!!! In fact read this authors books!!! He is phenomenal. - A Book Lovers Life Esoterrorism is a testosterone fueled urban fantasy, the perfect novel for fans of who are tired of the paranormal romance trope, and who want to see more of the action and adventure element. It's big, it's frantic, it's violent, and it's very often funny as well. - Beauty in Ruins If you are looking for a fast-paced, action heavy thriller, then Esoterrorism will hit the bullseye. - Fantasy Book Critic

The Bizarre Careers of John R. Brinkley R. Alton Lee, 2022-08-16 By 1926, it seemed that John R. Brinkley's experimental rejuvenation

cure—transplanting goat glands into aging men—had taken the nation by storm. Never mind that Doc Brinkley's medical credentials were shaky at best and that he prescribed medication over the airwaves via his high-power radio stations. To most in the medical field, he was a quack. But to his many patients and listeners, he was a brilliant surgeon, a savior of their lost manhood and youth. His rogue radio stations, XER and its successor XERA, eventually broadcast at an antenna-shattering 1,000,000 watts and not only were a megaphone for Brinkley's lucrative quackery but also hosted an unprecedented number of then-unknown country musicians and other guests. The Bizarre Careers of John R. Brinkley tells the story of the infamous Goat Gland Doctor—a controversial medical charlatan, groundbreaking radio impresario, and prescient political campaigner—and recounts his amazing rags-to-riches-to-rags career. A master manipulator and skilled con artist, Brinkley left behind a patchwork of myths and unreliable personal accounts that many writers have merely perpetuated—until now. Alton Lee brings Brinkley's infamous legacy to the forefront, exploring how he ruthlessly exploited the sexual frustrations of aging men and the general public's antipathy toward medical doctors. Lee leaves no stone unturned in this account of a man who changed the course of American institutions forever.

*BRIDESHEAD REVISITED; THE SACRED AND PROFANE
MEMORIES OF CAPTAIN CHARLES RYDER* Evelyn
Waugh, 2023-06-01

Ravenor Rogue Dan Abnett, 2017-09-05 Ravenor and his retinue become fugitives from the Inquisition in order to hunt down the arch-heretic Zygmunt Molotch. Inquisitor Ravenor continues his persecution of the arch-heretic Zygmunt Molotch – a hunt that has, for him, now become an obsession. In direct contravention of Inquisition orders,

Ravenor and his team go rogue, in relentless pursuit of their quarry. Thrown through time and space, pitted against enemies of limitless power and cunning, just how much will Ravenor and his team have to sacrifice in order to thwart Molotch's schemes and bring the heretic to justice?

This Side of Paradise F. Scott

Fitzgerald, 2009-04-01 This Side of Paradise is a novel about post-World War I youth and their morality. Amory Blaine is a young Princeton University student with an attractive face and an interest in literature. His greed and desire for social status warp the theme of love weaving through the story.
