Saints Around the World Meg Hunter-Kilmer, 2021-08-16 The lives of the Saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these Saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In *Saints Around the World*, you'll meet over one-hundred Saints from more than sixty countries, including Saints with different disabilities, strengths, and struggles. The beautiful illustrations and captivating storytelling will introduce you and your children to new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God's tremendous love and our call to be saints. There are stories in *Saints Around the World* for when you feel like life isn't fair, when people are being unkind to you, when you've made a terrible mistake, when you're struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you're checking the map to find Saints who look like you or perusing the extensive indices to find Saints with your skills or struggles, you'll find countless stories in this book that remind you how very possible holiness is.

Last Days: Zombie Apocalypse Ash Barker, 2018-06-28 *Last Days: Zombie Apocalypse* is a skirmish-scale miniatures game of survival horror. It pits players against each other in a nightmarish near-future where the dead have returned to life and are feasting on the living. Players build their own factions, representing desperate civilians, military personnel, or hardened survivors, and must explore, scavenge, and fight in order to survive another day. Rival gangs are only one of the dangers

they face – mindless zombies wander the streets, driven by insatiable hunger and drawn by the sound of combat! A gang's ability to scavenge is as vital as their combat ability, and players must ensure that they have the resources to survive in this hostile world. Scenarios and campaigns allow you to develop your gang, gain experience and recruit new henchmen to build up your strength or replace the inevitable casualties of the zombie apocalypse.

Aztecs and Conquistadores John Pohl, Charles M Robinson III, 2005-10-10 The Spanish conquest of Mexico was a remarkable military expedition that had a huge impact on the history of the world. Hernán Cortés led the expedition, the aim of which was the addition of Mexico to the Spanish Empire, and the extraction of Aztec riches. Following the appearance of portents, the Aztecs were expecting a catastrophe in 1519, and the Spanish invasion fulfilled this expectation. Although they fought fiercely to the end, the Aztec civilisation was doomed, and the face of Mexico would be changed for ever. This book examines the campaign, but also the lives, training and experience of the men on both sides: the Spanish conquerors and their opponents, the exotic Aztecs, who were fighting for their lives and their civilisation. Contains material previously published in *Essential Histories* 60, *Warrior* 32 and *Warrior* 40.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons.

Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Servants of the Imperium Various, 2019-08-20 Great value Warhammer 40,000 anthology from Black Library. The Imperium of Man has stood inviolate for 10,000 years. Its uncountable worlds are home to a vast array of servants who stand as the only bulwark against the encroaching darkness. From each of them it demands a high price: total servitude to the God-Emperor. Their hands forced by the opening of the Great Rift, these servants move to intercept the enemy and prevent loyal worlds falling. Shield Captain Cartovandis of the Adeptus Custodes must travel across the galaxy to uncover the truth behind a mysterious distress call from the world of Vorganthian. The righteous warriors of Sister Superior Augusta wield their holy wrath as a sword, cleaving the stain of the heretic and the mutant from the planet Lautis. Meanwhile, the dogged soldiers of the Astra Militarum must face creatures of nightmare made real with little but their inner mettle to protect them on the world of Regallus. If any of these worlds should fall, the harrowing consequences will echo across the Imperium. In this collection are the novellas *Auric Gods*, *The Bloodied Rose* and *Steel Daemon*, by Nick Kyme, Danie Ware and Ian St. Martin.

Ugly Guide to the Uglyverse David Horvath, Sun-Min Kim, 2008 Describes the world of a group of monsters called the Uglydolls, including the shops, services, and everyday events in Uglytown.

The Last Poets of Imperial Rome Harold Isbell, 1971 A collection of Latin verse, translated into English, of the second to the fifth centuries A.D. from all parts of the Roman Empire and beyond: Italy, Spain, Carthage, Gaul, Ireland. There is a wide variety of themes: pastoral, mythological,

Christian philosophical, aristocratic life and customs, the sacking of Rome by the Visigoths and regrets at the passing of the Empire. Running through all this is the theme of the fall of Rome, both literally in the destruction of the city, and generally in its gradual decline as cultural and political world centre.
