Lectures on Ancient Philosophy Manly P. Hall,2005-09-08 Complete in itself, this volume originated as a commentary and expansion of Manly P. Hall's masterpiece of symbolic philosophy, The Secret Teachings of All Ages. In Lectures on Ancient Philosophy, Manly P. Hall expands on the philosophical, metaphysical, and cosmological themes introduced in his classic work, The Secret Teachings of All Ages. Hall wrote this volume as a reader's companion to his earlier work, intending it for those wishing to delve more deeply into the esoteric philosophies and ideas that undergird the Secret Teachings. Particular attention is paid to Neoplatonism, ancient Christianity, Rosicrucian and Freemasonic traditions, ancient mysteries, pagan rites and symbols, and Pythagorean mathematics. First published in 1929-the year after the publication of Hall's magnum opus-this edition includes the author's original subject index, twenty diagrams prepared under his supervision for the volume, and his 1984 preface, which puts the book in context for the contemporary reader.

The Chastity Plot Lisabeth During,2021-04-23 In The Chastity Plot, Lisabeth During tells the story of the rise, fall, and transformation of the ideal of chastity. From its role in the practice of asceticism to its associations with sovereignty, violence, and the purity of nature, it has been loved, honored, and despised. Obsession with chastity has played a powerful and disturbing role in our moral imagination. It has enforced patriarchy’s double standards, complicated sexual relations, and imbedded in Western culture a myth of gender that has been long contested by feminists. Still not yet fully understood, the chastity plot remains with us, and the metaphysics of purity continue to haunt literature, religion, and philosophy. Idealized and unattainable, sexual renunciation has shaped social institutions, political power, ethical norms, and clerical abuses. It has led to destruction and passion, to seductive fantasies that inspired saints and provoked libertines. As During shows, it should not be underestimated. Examining literature, religion, psychoanalysis, and cultural history from antiquity through the middle ages and into modernity, During provides a sweeping history of chastity and insight into its subversive potential. Instead of simply asking what chastity is, During considers what chastity can do, why we should care, and how it might provide a productive disruption, generating new ways of thinking about sex, integrity, and freedom.

The Genealogy of Psychoanalysis Michel Henry,1998 The certainty of the Cogito is more an I feel (an auto-affection), which on principle eludes the ek-stasis of representation in its modern sense. In such representation, subjectivity is always posed outside the self, whereas affectivity is felt in itself, immanently, without the mediation of any representation. In this sense, affectivity remains profoundly inaccessible to representation - not because it could only ever manifest itself as a representation, but because it manifests itself otherwise, in a manner anterior to the shown/hidden opposition that characterizes representational ek-stasis. The book traces this heritage from Descartes through Malebranche, Leibniz, Kant, and Schopenhauer to Freud. It also discusses Nietzsche, who the author argues stands outside this genealogy.
