Mazda Miata Performance Handbook Norman Garrett, Without a doubt, your Miata is a special car. By reading Mazda Miata Performance Handbook you can learn how to make it a GREAT car! This is the first hands-on guide to modifying and performance tuning your Mazda MX-5 for street or track. Garrett runs through your Miata component by component, offering keen advice on increasing performance and reliability. Covers aftermarket parts, and includes MX-3 six and Ford 5.0 V-8 engine swaps.

You & Your Mazda MX-5/Miata Liz Turner, 2002 When the Mazda MX-5 was launched in 1989, sports car enthusiasts gave thanks. Safety regulations had virtually killed off the traditional roadster in the early 1970s, and if you wanted the wind in your hair the choice seemed limited to a four-seater convertible that looked like a baby's buggy. Hopes were pinned on the launch of a new MG - but the MX-5 got there first. The car is a star. Here is the full story, from genesis and model evolution to ownership, with all the possibilities that offers.

The Substance of Style Virginia Postrel, 2009-03-17 Whether it's sleek leather pants, a shiny new Apple computer, or a designer toaster, we make important decisions as consumers every day based on our sensory experience. Sensory appeals are everywhere, and they are intensifying, radically changing how Americans live and work. The twenty-first century has become the age of aesthetics, and whether we realize it or not, this influence has taken over the marketplace, and much more. In this penetrating, keenly observed book, Virginia Postrel makes the argument that appearance counts,

that aesthetic value is real. Drawing from fields as diverse as fashion, real estate, politics, design, and economics, Postrel deftly chronicles our culture's aesthetic imperative and argues persuasively that it is a vital component of a healthy, forward-looking society. Intelligent, incisive, and thought-provoking, *The Substance of Style* is a groundbreaking portrait of the democratization of taste and a brilliant examination of the way we live now.

Ghettoside Jill Leovy,2015 Discusses the hundreds of murders that occur in Los Angeles each year, and focuses on the story of the dedicated group of detectives who pursued justice at any cost in the killing of Bryant Tennelle--Publisher's description.
