**Julius Perdana, Josh Buczynski, Kurt Young**

*Build Your Own Paper Robots* Julius Perdana, Josh Buczynski, Kurt Young, 2009-08-18 Presents projects, instructions, and color templates for fourteen paper robots.

**Star Wars Paper Models** Bill Scollon, 2021-10-26 This keepsake book includes pieces to build 25 detailed paper models of Star Wars vehicles from across all 9 episodes of the Skywalker saga! Each model also has a corresponding trading card that includes captivating information about each vehicle. This combination model kit and keepsake book will take you on an adventure through the entire Skywalker saga. Inside, you'll find beautifully illustrated and highly detailed punch-out pieces and step-by-step instructions for constructing 25 iconic Star Wars vehicles, including the Millennium Falcon, a TIE fighter, and an X-wing. A collectible keepsake fact book contains fascinating story synopses and vehicle details, so you'll discover little-known tidbits about each vehicle as you build the models. Each vehicle also comes with a collectible trading card. Star Wars fans across the spectrum will enjoy assembling and displaying this collection of replica vehicles from a galaxy far, far away.

The Beast that Shouted Love at the Heart of the World Harlan Ellison, 1969 An intergalactic conspiracy infects the minds of the most powerful politicians in the Republican Party—and only one jolly old elf can save them in “Santa Claus vs. S.P.I.D.E.R.”

The Notenki Memoirs Yasuhiro Takeda, 2005 A tell-all account of Studio Gainax, the creators of the

classic anime Neon Genesis Evangelion. Yoshiyuki Takahashi, a member of the Gainax company since its inception, talks about everything from the untold stories of Eva to the Gainax tax evasion scandal that plagued its production. Including a series of stunning revelations, this history of Gainax is a must-read for any serious anime fan.

**Kare Kano** Masami Tsuda,

**Project Orion** George Dyson, 2003-03-26 The race to the moon dominated space flight during the the 1960s yet, during the late 1950s and early 1960s, the US Government sponsored a project that could possibly have sent 150 people on expeditions to Mars or Saturn. The project was code-named Orion and centred upon the effort to develop a fast, manoeuvrable, nuclear-powered space vehicle for long-range voyages in space. The proposed 4000-ton spaceship would be propelled by nuclear bombs but, strictly classified, the project was never given a chance to succeed or fail - due partly to its apparent absurdity - but its mix of sublime physics, madcap engineering, and a cast of Cold War warriors and would-be inter-galactic engineers made the mission a tantalising what if story. In this book George Dyson, son of physicist Freeman Dyson, one of the original project team, pieces together the story his father could only tell him in fragments at the time.

**Metropolis** Osamu Tezuka, Kumar

Sivasubramanian, 2003 The story of an artificially created girl of the future, who searches for her parents, who do not exist.

**The Magicians** Lev Grossman, 2010-05-25 Lev Grossman's new novel THE BRIGHT SWORD will be on

sale July 2024 The New York Times bestselling novel about a young man practicing magic in the real world, now an original series on SYFY "The Magicians is to Harry Potter as a shot of Irish whiskey is to a glass of weak tea. . . . Hogwarts was never like this." –George R.R. Martin "Sad, hilarious, beautiful, and essential to anyone who cares about modern fantasy." –Joe Hill "A very knowing and wonderful take on the wizard school genre." –John Green "The Magicians may just be the most subversive, gripping and enchanting fantasy novel I've read this century." –Cory Doctorow "This gripping novel draws on the conventions of contemporary and classic fantasy novels in order to upend them . . . an unexpectedly moving coming-of-age story." –The New Yorker "The best urban fantasy in years." –A.V. Club Quentin Coldwater is brilliant but miserable. A high school math genius, he's secretly fascinated with a series of children's fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined. . . . The prequel to the New York Times bestselling book The Magician King and the #1 bestseller The Magician's Land, The Magicians is one of the most daring and inventive works of literary fantasy in years. No one who has escaped

into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination.

□□□□□ Murakami (Takashi, Kunstenaar), 2005  
English and Japanese text explore the complexity of postwar Japanese art, focusing on the influence popular culture has had on Japanese art and tracing the development of the manga and anime genres.

**Secret Projects** Bill Rose, 2008 This new addition to the highly successful 'Secret Projects' series adds a new dimension to the weird, wonderful and wacky ideas that were developed to conquer space

Carpe Jugulum Terry Pratchett, 2016-10-20 A beautiful hardback edition of the classic Discworld novel In this and indeed other lives there are givers and takers. It's safe to say that vampires are very much in the latter camp. They don't have much time for the givers of this world - except perhaps mealtimes - and even less for priests. Mightily Oats has not picked a good time to be a priest. Lancre's newest residents are a thoroughly modern, sophisticated vampire family. They've got style and fancy waistcoats. They're out of the casket and want a bite of the future. But they haven't met the neighbours yet: between them and Lancre stand Granny Weatherwax and Nanny Ogg. And Magrat, who is trying to combine witchcraft and nappies. And young Agnes, although she is really in two minds about everything. Mightily Oats knows he has a prayer, but he wishes he had an axe.

The Reluctant Guest Rosalind Brett, 1990 Romance. When Ann Calvert went to spend a month on a South

African farm there was Storr Peterson - the most disturbing man she had ever met.

**The Magician's Land** Lev Grossman, 2014-08-05 Lev Grossman's new novel THE BRIGHT SWORD will be on sale July 2024 The stunning #1 New York Times bestselling conclusion to the Magicians trilogy A NEW YORK TIMES NOTABLE BOOK OF THE YEAR ONE OF THE YEAR'S BEST BOOKS • The San Francisco Chronicle • Salon • The Christian Science Monitor • AV Club • Buzzfeed • Kirkus • NY 1 • Bustle • The Globe and Mail Quentin Coldwater has been cast out of Fillory, the secret magical land of his childhood dreams. With nothing left to lose he returns to where his story began, the Brakebills Preparatory College of Magic. But he can't hide from his past, and it's not long before it comes looking for him. Along with Plum, a brilliant young undergraduate with a dark secret of her own, Quentin sets out on a crooked path through a magical demimonde of gray magic and desperate characters. But all roads lead back to Fillory, and his new life takes him to old haunts, like Antarctica, and to buried secrets and old friends he thought were lost forever. He uncovers the key to a sorcery masterwork, a spell that could create magical utopia, a new Fillory—but casting it will set in motion a chain of events that will bring Earth and Fillory crashing together. To save them he will have to risk sacrificing everything. The Magician's Land is an intricate thriller, a fantastical epic, and an epic of love and redemption that brings the Magicians trilogy to a magnificent conclusion, confirming it as one of the great achievements in modern fantasy. It's the story of a boy becoming a

man, an apprentice becoming a master, and a broken land finally becoming whole.

*Starship Troopers* Robert A. Heinlein, 2006-06-27  
In Robert A. Heinlein's controversial Hugo Award-winning bestseller, a recruit of the future goes through the toughest boot camp in the Universe—and into battle against mankind's most alarming enemy... Johnnie Rico never really intended to join up—and definitely not the infantry. But now that he's in the thick of it, trying to get through combat training harder than anything he could have imagined, he knows everyone in his unit is one bad move away from buying the farm in the interstellar war the Terran Federation is waging against the Arachnids. Because everyone in the Mobile Infantry fights. And if the training doesn't kill you, the Bugs are more than ready to finish the job... "A classic...If you want a great military adventure, this one is for you."—All SciFi

### **Flying Wings and Tailless Aircraft Bill**

Rose, 2010 This is an exciting new addition to the highly successful Secret Projects series, which examines some extraordinary flying wings and tailless aircraft projects. Designed and developed since the dawn of aviation, these aircraft still hold a great importance today, with many aviation enthusiasts eager to learn more about these remarkable aircraft, which provided the foundations for the modern aviation scene. Beginning with an analysis of the advantages of the flying wing, the author looks at why aerodynamicists have been attracted to this unique configuration since the earliest days of manned

flight, highlighting a range of specific aircraft and relevant examples. Many aviation enthusiasts will delight in discovering the more intimate developmental details of familiar aircraft including the famous early glider Junkers and other World War 1 flying wing biplane designs.

**The Order of the Stick** Rich Burlew, 2006-03-22  
These volumes are print compilations of the popular online comic The Order of the Stick! plus pages of never-before-seen bonus stories and material. Taking place in a magical world that loosely operates by the rules of 3.5 edition Dungeons and Dragons, the comic follows the sometimes farcical exploits of six adventurers as they strive to save the world from an evil lich. Much of the comic's humor stems from these characters either being aware of the game rules that affect their lives or having anachronistic knowledge of modern culture, which in turn is often used by the author to parody various aspects of role-playing games and fantasy fiction.
