Border Bang Jorge Guttiérrez,2018-11-13 WHEN MEXICAN FOLKORE MEETS U.S. POP CULTURE!!!! Border Bang is a passionate love letter to the Tijuana and US border, documenting the bootleg artifacts sold to locals and tourists alike. Reappropriating the bombardment of pop culture images is the border's reaction to global issues and events, telling viewers and consumers not to glorify these situations but rather to acknowledge them through their subversive presentation. Border artisans and shysters digest the influx of international popular culture, reappropriating and reconfiguring images to express themselves and empower objects with subversive ideas masked underneath bold colors and text. Raised in Tijuana, Gutierrez crossed the border to the US to attend elementary and middle school. Each day, he was dazzled and entranced by the objects being sold, creating alternative narratives to the cartoon characters and celebrity portraits that he saw. Border Bang is a reflection of his childhood narrative, using images from Mickey Mouse to Tupac Shakur to convey the reflections and meditations of global events as witnessed by the border, exploring his love affair with Mexican pop and folk culture.

**Maid** Ryo Kamiya, 2014 Maid: The Role-Playing Game is a comedic take on a uniquely Japanese cultural icon: The fetishized modern maid. Injecting the concept of Maid with 50ccs of anime and comedy, the players take on the roles of maids, serving the master (played by the GM). Sheets are left unfolded and mantelpieces undusted when giant robots crash through the mansion, ninjas attack and kidnap the young master, and a demonic pit to Hell opens up in the pantry... and all before teatime! Play in the modern comedy setting, or mix it up with 9 additional settings including Victorian era, old Edo period, fantasy and post-apocalypse; and 6 genres including romance, horror, and action. Due to the rules system and random events that form the backbone of the Maid RPG, the game practically runs itself: Go from opening the book to playing a game with friends within just minutes! Three game styles in one: The traditional scenario-type; the random event-driven type; and the favor race, a race to the master's heart! Make characters and start playing the game within minutes of opening the book. Everything about the game gears it for Fast Play, Now. Optional character types including player-character masters and butlers, and optional rules for seduction and romantic tragedy. 11 complete adventure scenarios. 3 complete replays, actual play scenarios in screenplay format. Great for learning the feel of the game. The first ever Japanese tabletop role-playing game to be released in English! ...which, when you think about it, totally makes sense in a weird sort of way. Hundreds of optional items, costumes, genre and setting events, all presented in a way to easily bring them into the game! Combines the original Japanese core book and two supplements into one huge, complete edition of the game in English. A \$75 value!

World authority on comic art Paul Gravett details the evolving meanings of the myths and legends told and retold by manga artists of every decade and reveals the development and cross pollination of ideas between manga artists throughout Asia. He explores the explosion of creativity in manga after the Second World War and highlights how creators have responded to political events since 1950 in the form of propaganda, criticism, and commentary in manga magazines, comics, and books. With maps, timelines, and reproductions from Japan, China, Taiwan, North Korea, South Korea, Thailand, Malaysia, Indonesia, Cambodia, the Philippines, Vietnam, India, and Bangladesh, this book is the first to explain the significance of key themes, the meanings of embodied myths, and the connections between various manga traditions.
