BattleTech: Betrayal of Ideals Blaine Lee Pardoe,2016-09-04 THE TRUE FATE OF CLAN WOLVERINE... Every member of Clan society knows of the Not-Named Clan, the one that was erased from history for perpetrating acts of heresy against the Way of the Clans. But what truly happened to Clan Wolverine? Long before the Clans invaded the Inner Sphere in 3049, their ancestors escaped the brutal Succession Wars by braving uncharted space and forming a new society, only to plunge back

into the ravages of war once more. The year is 2822. The Pentagon Civil War is long over, and Operation Klondike saw ilKhan Nicholas Kerensky's twenty Clans victorious over the petty warlords who had conquered the Pentagon worlds. But with no true enemies left to fight, the nascent Clans have lost their laser-sharp focus, and begun straying from the ilKhan's vision. Khan Sarah McEvedy, leader of the progressive Clan Wolverine, sees the dangerous path the ilKhan is steering his Clans onto, but she cannot follow them without compromising her beliefs or her honor. Unsure whom to trust among the scheming Clans, she must navigate the political waters of the Grand Council with caution and resolve, or suffer the deadly consequences. As her enemies seek to engineer her Clan into the ultimate scapegoat, Khan McEvedy must do everything she can to ensure that her Clan survives, or they will all be hunted down and destroyed. Written by BattleTech veteran Blaine Lee Pardoe, *Betrayal of Ideals* tells the complete story of the true history of Clan Wolverine.

Death Waits in the Dark Mark Edward Langley,2020-08-04 It took all of thirty seconds for two shots to bring the world of Margaret Tabaaha crashing down around her. After losing her husband in Afghanistan during the first year of Operation Enduring Freedom, her two sons were all she had left. Now they had been taken from her violently, deliberately, plunging her into a whiskey bottle and stripping away her reason for living. When Arthur Nakai receives a call from his first love, Margaret, her voice pleading for his help, it comes as he is attending a wake for one of the men he considered a brother from his days in the Marines 6th LAR Wolf Pack Battalion. Feeling a deep and responsible obligation to help her, Arthur soon finds himself involved in the multi-billion-dollar world of the oil and gas industry and coming face-to-face with an old adversary, Elias Dayton. Their paths had crossed when Arthur was a member of the Shadow Wolves, an elite tactical unit within US Customs and

Border Protection. Now Dayton runs Patriot Security, a Blackwater-type firm that keeps the oil rigs, gas wells, and man camps secure from the Water Protectors, protesters pushing to stop the fracking and poisoning of Native lands. As Arthur works through the case from his end, Navajo police chief Jake Bilagody tackles it from another angle, looking into the strained relationship between the oil company and the Navajo people, all while searching for a missing Navajo man that may have become an unwilling piece on the reservation checkerboard. But when Arthur learns the identity of the boys' killer, he struggles to make sense of it. Because if the clues are right, he will be forced to make a decision that will haunt him for the rest of his life.
