Twelve Years a Slave Solomon Northup, 2024-01-04
Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Yann Tiersen - Kerber Yann Tiersen, 2021-07-01 (Piano Solo Songbook). I think there is a similarity between the infinite big and the infinite smallness of everything, says Yann Tiersen. It's the same experiment looking through a microscope as it is a telescope. Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still

true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date. Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to the project.
