Tactics of Duty William H. Keith,1995 Insurrection sweeps the Federated Commonwealth, with civilians on Caledonia revolting against their Davion-backed oppressors. But this time, the Gray Death Legion is there to back them up, and when the Davion 'Mechs show up, it's a free-for-all that will leave scars from one end of the planet to the other. Now a top-rated animated series.

Challenge Social Innovation Hans-Werner Franz,Josef Hochgerner,Jürgen Howaldt,2012-12-13 In recent years, social innovation has experienced a steep career. Numerous national governments and large organisations like the OECD, the European Commission and UNESCO have adopted the term. Social innovation basically means that people adopt new social practices in order to meet social needs in a different or more effective way. Prominent examples of the past are the Red Cross and the social welfare state or, at present, the internet 2.0 transforming our communication and cooperation schemes, requiring new management concepts, even empowering social revolutions. The traditional concept of innovation as successful new technological products needs fundamental rethinking in a society marked by knowledge and services, leading to a new and enriched paradigm of innovation. There is multiple evidence that social innovation will become of growing importance not only concerning social integration, equal opportunities and dealing with the greenhouse effects but also with regard to preserving and expanding the innovative capacity of companies and societies. While political authorities stress the social facets of social innovation, this book also encompasses its societal and systemic dimensions, collecting the scientific expertise of renowned experts and scholars from all over the world. Based on the contributions of the first world-wide science convention on social innovation from September 2011 in Vienna, the book provides an overview of scientific approaches to this still relatively new field. Forewords by Agnès HUBERT (Member of the Bureau of European Policy Advisers (BEPA) of the European Commission) and Antonella Noya (Senior Policy Analyst at OECD, manager of the OECD LEED Forum on Social Innovations)

Daughter of the Dragon Ilsa J. Bick,2005 With her family discredited by a traitor, Katana Tormark plans to regain her clan's honor by challenging House Kurtia's right to rule the Combine, openly challenging their authority and pushing them into a conflict with the Republic, but now she faces a new threat from Warlord Mitsura Sakamoto, who has his own scheme to seize control of the Combine. Affective Health and Masculinities in South Africa Hans Reihling,2020-04-03 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Battletech Field Manual FASA Corporation,FASA Corporation Staff,1998-12-01 In the year 3050 the mysterious invaders known as the Clans struck without warning from beyond known space. Their advanced 'Mechs destroyed all opposition and captured planet after planet. Now the Clans' secrets are revealed in Field Manual: Warden Clans. The second of two volumes on the Clans, this BattleTech sourcebook describes the seven most noble Clans: Cloud Cobra, Coyote, Diamond Shark, Ghost Bear, Goliath Scorpion, Snow Raven, and Steel Viper. Each Clans tactics, uniforms and battle histories are described in detail, along with new Clan 'Mechs and equipment.

Hunters of the Deep Randall N. Bills,2004 Driven by jealousy, ovKhan Sha Clarke prepares a rebellion against Clan Sea Fox in an attempt to control his own faction of warriors and gain wealth, power, and honor, but MechWarrior ovKhan Petr Kalasa will not let Sha succeed. Original.

Battletech Combat Manual Mercenaries Catalyst Game Labs,2016-05-25 For over forty centuries, mercenaries have plied their trade and been instrumental in toppling empires or holding the tides of war at bay. And as mankind expanded to the stars, soldiers of fortune rose to new heights of power. Business is booming, yet along with those riches comes a dangerous life and the scorn of many who see only filthy lucre-warriors. Its a dangerous life, but as long as you keep your Mech intact and your bottom line balanced, the universe is yours!

The Pornographers Akiyuki Nozaka,2012-11-28 Subuyan–frantically busy not quite successful professional pornographer of Osaka—is at heart a simple man who wants only to make world a little happier. He is a pornographer with a dream, doing his small best to alleviate the sorrows of mankind, as least insofar as they afflict the wealthy man and large corporations who are his clients (a humanistic point of view not shared by his chief cameraman, Banteki, who is a firm believer in Art for Art’s Sake). Burdened by the eternal problems of the small business man (shoddy workmanship, equipment breakdowns, the difficulty of finding decent help, customers who won’t pay their bills), Subuyan and Banteki struggle to maintain their moral and aesthetic standards in an immoral and careless world. With ironic humor and a sharp compassion, The Pornographers follows its oddly endearing hero through a succession of tragicomic encounters—with the rich and sometimes treacherous clients to whom he purveys a bewildering diversity of artifacts and entertainments; with the synthetic schoolgirls he recruits from among Osaka’s thirteen Veteran Virgins; with infuriating technical problems (tape recorders more sensitive to the interference of ham radios than to the sounds of love-making in the adjoining apartment); with idiot film actors incapable of following the simplest script. But Subuyan’s cheerful humanism prevails against all frustrations—in a novel that is rich in comic invention, unflinching in its acceptance of life, a brilliant modern extravaganza in a classic tradition.
