**Challenge Social Innovation** Hans-Werner Franz, Josef Hochgerner, Jürgen Howaldt, 2012-12-13  
In recent years, social innovation has experienced a steep career. Numerous national governments and large organisations like the OECD, the European Commission and UNESCO have adopted the term. Social innovation basically means that people adopt new social practices in order to meet social needs in a different or more effective way. Prominent examples of the past are the Red Cross and the social welfare state or, at present, the internet 2.0 transforming our communication and cooperation schemes, requiring new management concepts, even empowering social revolutions. The traditional concept of innovation as successful new technological products needs fundamental rethinking in a society marked by knowledge and services, leading to a new and enriched paradigm of innovation. There is multiple evidence that social innovation will become of growing importance not only concerning social integration,

equal opportunities and dealing with the greenhouse effects but also with regard to preserving and expanding the innovative capacity of companies and societies. While political authorities stress the social facets of social innovation, this book also encompasses its societal and systemic dimensions, collecting the scientific expertise of renowned experts and scholars from all over the world. Based on the contributions of the first world-wide science convention on social innovation from September 2011 in Vienna, the book provides an overview of scientific approaches to this still relatively new field. Forewords by Agnès HUBERT (Member of the Bureau of European Policy Advisers (BEPA) of the European Commission) and Antonella Noya (Senior Policy Analyst at OECD, manager of the OECD LEED Forum on Social Innovations)

**Twelve Years a Slave** Solomon Northup, 2024-01-04 Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this

subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
