Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Communicating Process Architectures 2001 World Occam and Transputer User Group. Technical Meeting,World Occam and Transputer User Group, Technical Meeting,2001 Concurrency is an integral part of everyday life. Such concurrent solutions to a complex problem may, however, not be quite straightforward and communication becomes crucial to ensure the successful solution of the problem.

The Girl in the Abbey Jessica Collett,2018-04-05 When you're looking for an adventure, be careful. You might get just what you wish for... Bramlingham Abbey sits alone and isolated, crumbling from neglect, hidden from sight by an ever-expanding jungle of vegetation. Violet Cobb, a fearless girl from the coastal town of Grimsby, is left on the doorstep - moved from her home during Operation Pied Piper, designed to keep the children of England safe during the bombing raids of World War Two. She is a conspicuous 'townie' in a quiet village of farmers, far away from her friends and family. Left alone with no one but an extremely elderly caretaker, Violet is left to explore the Abbey by herself. She soon discovers two things; that Bramlingham Abbey is full of secrets, and a strange girl called Sarah that no one else seems to know. Sarah claims to be the granddaughter of Lady Audrey, the mysterious owner of the Abbey - but how can this be? While exploring the Abbey, Violet makes a horrifying discovery about Sarah in the secret chapel. Furious with what Violet has discovered Lady Audrey lays down an ultimatum; that Violet, now aware of the secret, must leave the Abbey and the village forever. But all is not lost. You cannot hold onto the past forever - you have to move forwards and live...

Lightseekers Femi Kayode,2021-03-02 A Nigerian psychologist travels to a remote southern border town to uncover the truth about the murder of three university students in this original and fast-paced thriller (Lauren Wilkinson, author of American Spy). When Dr. Philip Taiwo is called on by a powerful Nigerian politician to investigate the public torture and murder of three university students in remote Port Harcourt, he has no idea that he's about to be enveloped by a perilous case that is far from cold. Philip is not a detective. He's an investigative psychologist, an academic more interested in figuring out the why of a crime than actually solving it. But when he steps off the plane and into the dizzying frenzy of the provincial airport, he soon realizes that the murder of the Okriki Three isn't as straightforward as he thought. With the help of his loyal and streetwise personal driver, Chika, Philip must work against those actively conspiring against him to parse together the truth of what happened to these students. A thrilling and atmospheric mystery, and an unforgettable portrait of the contemporary Nigerian sociopolitical landscape, Lightseekers is a wrenching novel tackling the porousness between the first and third worlds, the enduring strength of tribalism and homeland identity, and the human need for connection in the face of isolation.
