Daniel Mersey

Solo-wargaming Donald F. Featherstone,1973

The Day of the Mountain Timothy Neat, Anne

Michaels,2016 Since entering his eighth decade Neat has concentrated his wide-ranging creativity on the act of drawing, in sketchbooks. His prime subject is people - the common man, writers, artists, travellers, prisoners: he also addresses war, landscape, and the ancient past with visionary understanding. Of the four hundred drawings being published, only three have been publicly seen. In this book Neat, the artist, can be seen for the first time - championed by the great art critic John Berger and renowned writer Anne Michaels: these drawings are revelatory. This special signed edition, produced to the highest specification, is limited to 150 copies and is guaranteed to appeal to collectors of fine art and belle-lettres in Scotland and across Europe. Neat's books include *The Summer Walkers*, Part Seen Part Imagined, a two volume biography of Hamish Henderson and, most recently, *These Faces*, a collection of photographs and drawings (2013).

Paper Robots Nick Knite,2013-09-15 In this book you will find 25 robots to assemble, each with a wild and unusual design and background story.

The Men Who Would Be Kings Daniel

Mersey,2016-09-22 *The Men Who Would Be Kings* is a set of rules designed for fighting historical or Hollywood colonial battles in the mid to late 19th Century, from the Indian Mutiny to the Boxer Rebellion. Large scale colonial clashes tended to be one-sided affairs, but there are countless reports of brief, frantic skirmishes in every colonial war, where either side could be victorious, and these are the battles that *The Men Who Would Be Kings* seeks to recreate. Although focusing on the British colonial wars against the Zulus, Maoris and others, these rules will also

permit players to explore the empires of France, Germany, and other nations, as well as allowing for battles between rival native factions. Gameplay is very simple, and is driven by the quality of the officers leading your units, in the true spirit of Victorian derring-do and adventure, where larger than life characters such as the (real) Fred Burnaby and the (fictional) Harry Flashman led their troops to glory and medals or a horrible end at the point of a spear tip.

The Ephemeral Museum Francis Haskell, 2000-01-01 In this illustrated book, an eminent art historian examines the intriguing history and significance of the international art exhibition of the Old Master paintings.

Star Wars Paper Models Bill Scollon, 2021-10-26 This keepsake book includes pieces to build 25 detailed paper models of Star Wars vehicles from across all 9 episodes of the Skywalker saga! Each model also has a corresponding trading card that includes captivating information about each vehicle. This combination model kit and keepsake book will take you on an adventure through the entire Skywalker saga. Inside, you'll find beautifully illustrated and highly detailed punch-out pieces and step-by-step instructions for constructing 25 iconic Star Wars vehicles, including the Millennium Falcon, a TIE fighter, and an X-wing. A collectible keepsake fact book contains fascinating story synopses and vehicle details, so you'll discover little-known tidbits about each vehicle as you build the models. Each vehicle also comes with a collectible trading card. Star Wars fans across the spectrum will enjoy assembling and displaying this collection of replica vehicles from a galaxy far, far away.

Lion Rampant Daniel Mersey, 2014-09-20 Take Robin Hood, Richard the Lionheart, Gamelyn, William Wallace and other legends from the colourful, dangerous medieval period to the tabletop with Lion Rampant – a new set of

rules designed for fighting medieval skirmish games. Ideal for players who wish to collect medieval miniatures and paint the pageantry without wanting to muster huge forces or spend time learning complex rules, this game allows players to game actual historical battles – or to delve into the archives of Hollywood to embark on more over-the-top pulp style clashes.

Beneath a Starless Sky David L Craddock, 2019-11-08
Dungeons & Dragons became a cornerstone of gaming culture by providing players with dice, sheets of paper, and guidebooks that teased the imagination—all the tools they needed to build their own worlds. Influenced by all-night D&D sessions, the video game developers at Black Isle Studios and BioWare had a thought: Leave the dice-rolling to computers, letting players focus solely on creating characters and embarking on unforgettable adventures. The result was Baldur's Gate, a computer roleplaying game (CRPG) featuring breathtaking scenes, compelling characters, dozens of quests, and deep tactical battles. As financial turmoil plagued their parent company, a small team of developers broke away from Black Isle and set out to create unforgettable adventures of their own. From the early days of Fallout and Baldur's Gate, to the formation of Obsidian Entertainment and the company's fateful crowdfunding campaign that averted financial ruin, *Beneath a Starless Sky* explores the making of the Infinity Engine CRPGs and the critically acclaimed Pillars of Eternity franchise. -Based on over 40 hours of interviews with developers from Black Isle and Obsidian-Go behind-the-scenes to witness the creation of the celebrated Infinity Engine CRPGs: Baldur's Gate, Planescape: Torment, Icewind Dale, Baldur's Gate II, and Icewind Dale II -Relive the dramatic moments that led to Obsidian's record-setting Kickstarter, and the making of 2015's Pillars of Eternity and

2018's Pillars of Eternity II: Deadfire-Sit in on a discussion of the past, present, and future of roleplaying games with Obsidian's co-founders, writers, and directors

Architectonics of Game Spaces Andri Gerber,Ulrich Götz,2020-03-31 What consequences does the design of the virtual yield for architecture and to what extent can the nature of architecture be used productively to turn game-worlds into sustainable places - over here, in »reality«? This pioneering collection gives an overview of contemporary developments in designing video games and of the relationships such practices have established with the design of architecture. Due to their often simulatory nature, games reveal constructions of reality while positively impacting spatial ability and allowing for alternative avenues to complex topics and processes of negotiation. Granting insight into the merging of the design of real and virtual environments, this volume offers an invaluable platform for further debate.

...And a Happy New Year? Holly Bourne,2016-11-01 Same bench. Same view. Same girls. And yet totally different girls. Evie, Amber and Lottie are having a New Year party to remember! For the first time since leaving college, all three girls are back together. It's time for fun and flirting, snogs and shots. (And not tears and tantrums or horrible secrets.) Because everything's going right for these girls - Spinster Club for ever! Right?

Terrain Essentials Dave Taylor,2020-03 How-to-Guide of making wargame terrain

The Pikeman's Lament Daniel Mersey,Michael Leck,2017-01-26 Recreate the action and drama of 17th Century warfare on your tabletop with The Pikeman's Lament. Start by creating your Officer - is he a natural leader raised from the ranks, the youngest son of a noble family, or an old veteran who has seen too many battles? As

you campaign, your Officer will win honour and gain promotion, acquiring traits that may help lead his men to victory. Before each skirmish, your Officer must raise his Company from a wide range of unit options – should he lean towards hard-hitting heavy cavalry or favour solid, defensively minded infantry? Companies are typically formed from 6–8 units, each made up of either 6 or 12 figures, and quick, decisive, and dramatic games are the order of the day. With core mechanics based on Daniel Mersey's popular *Lion Rampant* rules, *The Pikeman's Lament* captures the military flavour of the 17th Century, and allows you to recreate skirmishes and raids from conflicts such as the Thirty Years' War, the English Civil Wars, and the Great Northern War.

Zones of Control Pat Harrigan, Matthew G.

Kirschenbaum, 2016-04-15 Examinations of wargaming for entertainment, education, and military planning, in terms of design, critical analysis, and historical contexts. Games with military themes date back to antiquity, and yet they are curiously neglected in much of the academic and trade literature on games and game history. This volume fills that gap, providing a diverse set of perspectives on wargaming's past, present, and future. In *Zones of Control*, contributors consider wargames played for entertainment, education, and military planning, in terms of design, critical analysis, and historical contexts. They consider both digital and especially tabletop games, most of which cover specific historical conflicts or are grounded in recognizable real-world geopolitics. Game designers and players will find the historical and critical contexts often missing from design and hobby literature; military analysts will find connections to game design and the humanities; and academics will find documentation and critique of a sophisticated body of cultural work in which the complexity of military conflict is

represented in ludic systems and procedures. Each section begins with a long anchoring chapter by an established authority, which is followed by a variety of shorter pieces both analytic and anecdotal. Topics include the history of playing at war; operations research and systems design; wargaming and military history; wargaming's ethics and politics; gaming irregular and non-kinetic warfare; and wargames as artistic practice. Contributors Jeremy Antley, Richard Barbrook, Elizabeth M. Bartels, Ed Beach, Larry Bond, Larry Brom, Lee Brimmicombe-Wood, Rex Brynen, Matthew B. Caffrey, Jr., Luke Caldwell, Catherine Cavagnaro, Robert M. Citino, Laurent Closier, Stephen V. Cole, Brian Conley, Greg Costikyan, Patrick Crogan, John Curry, James F. Dunnigan, Robert J. Elder, Lisa Faden, Mary Flanagan, John A. Foley, Alexander R. Galloway, Sharon Ghamari-Tabrizi, Don R. Gilman, A. Scott Glancy, Troy Goodfellow, Jack Greene, Mark Herman, Kacper Kwiatkowski, Tim Lenoir, David Levinthal, Alexander H. Levis, Henry Lowood, Elizabeth Losh, Esther MacCallum-Stewart, Rob MacDougall, Mark Mahaffey, Bill McDonald, Brien J. Miller, Joseph Miranda, Soraya Murray, Tetsuya Nakamura, Michael Peck, Peter P. Perla, Jon Peterson, John Prados, Ted S. Raicer, Volko Ruhnke, Philip Sabin, Thomas C. Schelling, Marcus Schulzke, Miguel Sicart, Rachel Simmons, Ian Sturrock, Jenny Thompson, John Tiller, J. R. CHRISTMAS PAPER CRAFT. PATRICIA. MOFFETT, 2019

Beartato and the Incredible Event ,2017-03-04

Funny, all-ages comic strips starring Reginald (a bird) and his best friend Beartato (a bear-potato). What do you get when you mix Twilight with The Da Vinci Code? Who cares about that! Instead of thinking about silly questions you could be reading this book about Beartato and Reginald and

sometimes Harrison is there too. Contains the Brain Problems series and the all-new short story Beartato Gets Stuck in a Tree! Anthony Clark is a cartoonist from Indiana. Besides his Beartato comics, he is illustrator and co-author (with KC Green) of the fantasy graphic novel BACK.

The Nativity Set Tamara Menges, 2020-08-08 The Nativity Set is a joyful children's book that awakens creativity while learning of the birth of Jesus.

The Medieval Town Edith Ennen, 1979

The Midderlands Glynn Seal, Edwin Nagy, Mark Nolan, 2020-11 A green-hued, dark-fantasy, old-school mini-setting and bestiary set in a twisted middle-England. Situated in the middle of Havenland is an area known by the ancestors as the Middle Havenlands. They don't use that name much anymore, preferring to talk lazily, and skip letters. In strange accents, often misheard and little understood by those outside of the central region, they call it 'The Midderlands', and themselves 'Midfolk' or 'Midderlanders'. Everywhere though, the Midderlands is tainted by a green-tinged menace that rises from 'Middergloom', the deep and mysterious realms beneath the surface. It affects nature and order. Sometimes subtly and sometimes catastrophically. Middergloom is often described as hell bathed in green fire and flames. Green-tinged, viscid slime; noxious, acrid vapours; and miasmas of hopelessness creep upwards from below. Amongst them, viridian-coloured demons, lime-green tentacles, and other malachite horrors claw their way to the surface to wreak havoc. The Lords of the land are always working to keep things at bay. They fight endlessly as if holding back a torrent of despair. Things stir in this viridian-hued landscape. Evil eyes blink and watch. Teeth and claws scratch and sharpen. Gaping maws slobber and drool. All is not content in the Midderlands.

Designers & Dragons: '70-'79 Shannon Appelcline, Volume 1, The '70s is a comprehensive picture of the beginnings of the RPG industry. Learn about the colorful history of TSR and the wave of D & D inspired games (and gaming companies) to follow, and dip your toes into wargaming trivia. Volume 2, The '80s is a picture of the growth of RPG industry. Take an in-depth look at '80s style gaming courtesy of companies like Steve Jackson Games and West End Games, plus an intro to the small (but mighty!) presses of the decade. Volume 3, The '90s is a picture of the heyday of the RPG industry. This volume includes profiles for twenty-one 1990s gaming companies including Wizards of the Coast, White Wolf, and Atlas Games. It also gives the inside scoop behind games like Dungeons & Dragons 3e, Warhammer 40k Roleplay, and Vampire: The Masquerade. The final and most updated book in this series, volume 4 is an all inclusive picture of the new resurgence of the RPG industry. Includes profiles for twenty-five 2000s gaming companies including Paizo Publishing, Green Ronin, Mongoose Publishing, and yes - Evil Hat. Meet the characters behind the characters and the games behind the games in this 4-volume Designers & Dragons set.

Christmas Houses Rob Harris, John Hartley, Samantha Manning, 2007 'Christmas Houses' pays homage to the growing UK phenomenon of yuletide house-bling, capturing the best, the wildest, and the most sophisticated motion-sensitive Santas, light displays, and lit-up grottos from all over the country.
