The Reinecke Diary Terence James, 2020-10-12 A plot to disrupt the preparations for D Day, the intention to prolong the war in Europe indefinitely. One unexpected player stands in the way, a thirteen-year-old boy on a personal mission of vengeance. Set against the background of the Winter of 1944, a U-boat commander abandoned, stricken with a conscience begins a journey to save himself and his crew from becoming the unwitting participants in a war crime. In the present day, the discovery of the body of a missing German airman in Welsh woodland, then the revelations of a long forgotten diary leads Erich Brandon on a trail of mystery and intrigue, attempting to piece together the sinister series of events, the people, and of murders committed on a night in January 1944, which if revealed could resurrect the spectre of a modern day human nightmare with cataclysmic consequences. A tale of a boy, two men and a German submarine. A story set in war and peace, of an event which officially never happened...

Factory 19 Dennis Glover, 2020-11-03 We're told that the future will be brighter. But what if human happiness really lies in the past? Hobart, 2022: a city with a declining population, in the grip of a dark recession. A rusty ship sails into the harbour and begins to unload its cargo on the site of the once famous but now abandoned Gallery of Future Art, known to the world as GoFA. One day the city's residents are awoken by a high-pitched sound no one has heard for two generations: a factory whistle. GoFA's owner, world-famous billionaire Dundas Faussett, is creating his most ambitious installation yet. He's going to defeat technology's dominance over our lives by establishing a new Year Zero: 1948. Those whose jobs have been destroyed by Amazon and Uber and Airbnb are invited to fight back in the only way that can possibly succeed: by living as if the internet had never been invented. The hold of Bezos, Musk, Zuckerberg and their ilk starts to loosen as the revolutionary example of Factory 19 spreads. Can nostalgia really defeat the future? Can the little people win back the world? We are about to find out. 'Like Orwell, of whom he has written so brilliantly, Dennis Glover's work is charged with courage, intelligence and purpose. He is the complete writer, and one made for our times.' -Don Watson 'Savagely hilarious and unlike anything else you'll read this year. It boils with the anger of the present moment.' -Rohan Wilson

Intellectual Virtues Robert C. Roberts, W. Jay Wood, William Jay Wood, 2007-01-11 Out of the ferment of recent debates about the intellectual virtues, Roberts and Wood have developed an approach they call 'regulative epistemology'. This is partly a return to classical and medieval traditions, partly in the spirit of Locke's and Descartes's concern for intellectual formation, partly an exploration of connections between epistemology and ethics, and partly an approach that has never been tried before. Standing on the shoulders of recent epistemologists - including William Alston, Alvin Plantinga, Ernest Sosa, and Linda Zagzebski - Roberts and Wood pursue epistemological questions by looking closely and deeply at particular traits of intellectual character such as love of knowledge, intellectual autonomy, intellectual generosity, and intellectual humility. Central to their vision is an account of intellectual goods that includes not just knowledge as properly grounded belief, but understanding and personal acquaintance, acquired and shared through the many social practices of actual intellectual life. This approach to intellectual virtue infuses the discipline of epistemology with new life, and makes it interesting to people outside the circle of professional epistemologists. It is epistemology for the whole intellectual community, as Roberts and Wood carefully sketch the ways in which virtues that would have been categorized earlier as moral make for agents who can better acquire, refine, and communicate important kinds of knowledge.

American Culture Leonard Plotnicov, 1990-11-15 American Culture comprises fifteen essays looking at the familiar and the less familiar in American society: urbanites in Pittsburgh and Indianapolis, rural communities in the American West, Hispanics in Wisconsin, Samoans in California, the Amish, and the utopian religious communities of the Shakers and Oneida. The essays address a wide range of topics and a spectrum of occupations-miners, whalers, farmers, factory workers, physicians and nurses-to consider such questions as why some religious sects remain distinctive, separate, and viable; how groups use of such things as nicknames and family reunions to maintain ties within the community; how immigrant communities organize to sustain traditional cultural activities.

A Life Less Ordinary John Hodge, 1997 He's a down-on-his-luck janitor with aspirations of writing the great American trash novel. She's the spoiled, sharp-tongued boss's daughter, always looking for a creative way to spice up her boring life. Normally, these two would never meet, but a higher power has different plans for both of them. The major motion picture from 20th Century Fox starring Ewan McGregor, Cameron Diaz and Holly Hunter hits the box office in October.
