If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Expressive Anatomy for Comics and Narrative: Principles and Practices from the Legendary Cartoonist Will Eisner, 2008-08-17 The final volume of Will Eisner’s celebrated instructional trilogy explores the critical principle of body grammar in comics storytelling. Designed and outlined by Will Eisner before his death in 2005, this posthumous masterwork, the third and final book in the Will Eisner Instructional Series, finally reveals the secrets of Eisner’s own techniques and theories of movement, body mechanics, facial expressions, and posture: the key components of graphic storytelling. From his earliest comics, including the celebrated *Spirit*, to his pioneering graphic novels, Eisner understood that the proper use of anatomy is crucial to effective storytelling. His control over

the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner's mastery of expression, both subtle and overt, *Expressive Anatomy for Comics and Narrative* will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft.

Gungrave Yasuhiro Nightow, 2006 For Brandon Heat, death doesn't matter. Driven by his need for revenge, he returns from beyond the grave to cripple Millenion, the huge mafia organization that used undead monsters as its enforcers. His ultimate goal will be to destroy Harry McDowel, the leader of Millenion, and at one time, Brandon's best friend.

Party Backstory Generator Justin Sirois, 2019-01-03 The Party Backstory Generator is a collaborative storytelling supplement that's a helluva a lot of fun for you and your players. It's sort of like a workbook from your college lab class in that you get to draw out the starting region for your campaign, but everyone gets to collaborate and add their own touch so your whole group is invested in the setting. This book is a fun improv exercise that will get your group off to a great new start. -- LUKE GYGAX. How did everyone in your party meet? What alliances or tensions exist? Who screwed over who and what will you do about it? For D&D, Pathfinder, and other systems, the Party Backstory Generator solves this problem quickly and easily. This is a simple, straightforward guide of limitless customization. Build meaningful alliances and tensions between multiple party members with this map making, backstory and one-shot off-night story builder. Choose two characters... - it's the prompt in this unique book that will bond your party in fun and meaningful ways. This book doesn't create individual characters. It solely focuses on unifying your players with randomized background,

conflicts, skills, and tragedies.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Ride the Wild Trail Max Brand,2021 Don Grier was just a boy when he set out through the wilderness with a brutal and vindictive taskmaster. But three months later, when the two finally reached Chalmer's Creek, Don had the toughness and fighting skills he needed to survive in the treacherous mining town...and uncover the truth about his father's shameful death.

The Best of Punk Magazine John Holmstrom,2012-12-18 Launched in 1976, Punk magazine announced an exploding youth movement, a new direction in American counterculture. Punk was to magazines what the stage at CBGB was to music: the gritty, live-wired, throbbing center of the punk

universe. Despite its low-rent origins, the mag was an overnight success in the underground music scene, selling out every print run across the US and UK. Every musician who appeared on the cover of Punk became an icon of the era. But Punk not only championed music, it became a launching pad for writers, artists, cartoonists, and graphic designers. And the wacky, sardonic, slapstick vibe of the magazine resonated with an international army of music fanatics who were ready to burn their bell bottoms and stage-dive into the punk universe. The Best of Punk Magazine collects the best of these pages into the ultimate, must-have anthology: Interviews with the Ramones, Sex Pistols, John Cale and Brian Eno Photos by Roberta Bayley David Godlis, and Bob Gruen Cartoons by R. Crumb, Bobby London, and John Holmstrom The articles that formed the groundwork for Please Kill Me, the legendary oral history of punk by Legs McNeil and Gillian McCain Two graphic novels—The Legend of Nick Detroit and Mutant Monster Beach Party—told through photographs featuring Debbie Harry, Joey Ramone, Richard Hell, Andy Warhol, Peter Wolf, and David Johansen The Best of Punk Magazine is a must-have for people who love punk rock music, comics, fanzines, Blondie, the Ramones, Lou Reed, the Velvet Underground, the Sex Pistols, and the legendary CBGB scene.
