The Blue Angels: A Fly-By History: Sixty Years of Aerial Excellence Nicholas A. Veronico,

Blue Angels Marga R. Fritze,1977 Traces the history of the Navy's elite pilot group, and discusses their aircraft and the types of maneuvers they perform at air shows.

The Blue Angels Ken Neubeck,2019-03 Since 1946, the world-famous US Navy Blue Angels flying-demonstration team has performed in airshows in the United States and around the world. This book details the origins of the team when created by the US Navy, as well as describing the different models of aircraft that the team has flown during its seventy-year history. The team's aircraft history goes from the propeller-driven F6F-5 Hellcat and F8F Bearcat, through the jet-powered F9F-8 Cougar, F11F-1 Tiger, F-4 Phantom, and A-4 Skyhawk, to the present-day F/A-18 Hornet, mirroring the development of US aircraft during this time. The book also presents graphic and photographic descriptions of some of the team's signature maneuvers that are performed during a Blue Angels airshow, in stunning imagery. Part of the Legends of Warfare series.

The Blue Angels Maureen Smith Keillor,Evelyn L. Wheeler,2017-01-30 Every year, more than 11 million people attend air shows that feature the Blue Angels, who call Pensacola, Florida, their home. The Navy's Flight Demonstration Team, with its six gleaming blue-and-gold F/A-18 Hornets, never fails to thrill the crowds. Flying from heights of over 15,000 feet and dropping as low as 50 feet, the shows are nonstop, high-energy, heart-stopping excitement. The Blue Angels were established in 1946 by Adm. Chester W. Nimitz to "showcase the pride and professionalism of the United States Navy and Marine Corps by inspiring a culture of excellence and service to country through flight demonstrations and community outreach." The Blue Angels pilots and flight crew visit 50,000 people a year in schools, hospitals, and other community events, in addition to performing for those who attend their air shows.

"Gentlemen, You Have a Race" John Tegler,1985-04 Shares the highlights of the first twenty years of the Reno Air Races and offers brief profiles of the winning pilots and aircraft

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Slave Stealers Timothy Ballard,2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

A-1 Skyraider David Doyle,2017 Originally designated AD and later A-1, the 1944-designed Skyraider was conceived and bought by the U.S. Navy as a carrier-borne attack aircraft, and saw combat as such in Korea and Vietnam. During the latter of those conflicts, the U.S. Air Force obtained and used Navy-surplus Skyraiders, as did the South Vietnamese air force. Other nations continued to fly the venerable Skyraider into the 1980s. Known alternately as the flying dump truck, a testament to its payload capacity; and SPAD, an homage to its massive radial engine and anachronistic propeller in an age of jet aircraft, the rugged Skyraider endeared itself to both air and ground crews. Retrace the history of the famous Douglas Skyraider through this all-new 80-page book, packed with detailed line drawings, color profiles, and over 180 vintage photographs, more than 30 of them in vintage color.
