

Modelling the Focke-Wulf Fw 190 A, F and G Geoff Coughlin,2012-04-20 The Focke-Wulf Fw 190 is regarded as one of the best fighters of World War II. Designed by Kurt Tank, it first saw combat in the summer of 1941 and went on to be produced in several variants. It remains a hugely popular subject for aviation scale-modellers. This book, the first of two to cover the Fw190, provides a detailed, step-by-step guide to modelling the Fw 190's A, F and G variants in 1/72, 1/48, and 1/32 scale. Key aspects such as creating mottled camouflage patterns, undercarriage and cockpit detailing, final weathering and finishing, and diorama bases to display your models are covered.

Fw 190 Defence of the Reich Aces John Weal,2012-10-20 Renowned aviation author and artist, John Weal, presents the last volume of Fw 190 Aces not previously covered in the Aircraft of the Aces series. From mid-1942 until the end of the war, German fighter pilots were deployed in the defence of the homeland in an effort to halt the near-constant bombing raids by Britain and America. This book tells their story, from the moment when the Luftwaffe began to retreat to the dying days of the Reich. Using previously unpublished photographs, this book charts the story of the men who earned their status as aces while fighting a hopeless battle to protect the land and the people they loved.

The Focke-Wulf Fw 190 Mantelli - Brown - Kittel - Graf,2015-01-06 It was an unpleasant surprise. The pilots of the RAF Spitfire had rejected the Luftwaffe during the Battle of Britain and now, in the summer of 1941, they had to deal with it to defend Europe. They had not expected, however, the appearance of the Focke-Wulf Fw 190, the new German fighters, with radial engine, which could easily counter the inadequate Spitfire V. When the RAF finally managed to capture a specimen in 1942, it was realized that the ugly news had yet to arrive. The 190, in fact, turned out faster than any British fighter or the US, and with a powerful armament, the agile German aircraft could destroy them with ease. Product, in more than 20,000 specimens, fast, agile, well armed, easy to build and to keep in efficiency, safe in the pilot and in the use, extremely versatile, loved by its pilots and feared by opponents: this was the Focke-Wulf 190 . the plane was one of the fruits of the genius of a famous aeronautical designer, Kurt Tank, who managed to summarize in the most happy all the summa of aerodynamic and structural knowledge of the time in a project as a classic in the general architecture as innovator solutions, to the point that the last piston fighter products in the world, the Soviet La. 11 to the English Sea Fury, explicitly reveal their descent from the founder German. Its small size and the high maneuverability were ideal for a fighter, as well as the high visibility ensured from the cockpit. Was remarkably robust and trolley wide track allowed him to work even on slopes of luck. It took two years before the allies were able to prepare aircraft capable of dealing with the Focke-Wulf, who remained throughout World War II (in the various evolutions) a benchmark for the various Allied fighters.

I had much interest in the so-called exotic cuisines that were quickly becoming popular. Americans were searching outside the country for inspiration and sustenance, and this curiosity was really something worth supporting. It was an awesome experience traveling the world, sampling new dishes and picking up ideas, and then trying out all I had gathered back home right in my own kitchen. Soon after I was done writing the series, I looked inward with a newfound passion for local American foods. I felt a spark burning while I was starting my book tour in the Pacific Northwest. Maybe the colorful Pacific oysters in the Pike Place Market in Seattle had to do with it. Or perhaps, it was the season's first Copper River salmon, grilled to perfection and paired with an Oregon Pinot Noir that's flowery and fruity. Or it could be my first time to sample caramelized Kasu cod at Seattle's Dahlia Lounge. I can't tell for sure. All I knew was that I had to begin writing the U.S Cookbook Hawaii Cookbook 190!
