*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Bargello Needlepoint** Laura Angell,Lynsey Angell,2020-10-14 Bargello needlepoint, which originated in sixteenth-century Italy, employs a simple stitch that is repeated over and over again to form a distinctive geometric pattern in vibrant colors. Our mothers and grandmothers whiled away their time with it in the 1960s and 70s, and Bargello is now enjoying a revival among crafters. The technique lends itself to dramatic, wave-like designs in exciting, graduated colorways, and it's often used to create striking pillows, bags, belts, and purses. This new collection brings Bargello designs up to date with 40 stitch patterns, graded from beginner to advanced. Sisters Laura and Lynsey Angell offer a brief history of the technique as well as tips on tools and materials plus a tutorial of the stitches. A wealth of designs follow, enhanced with full-color photos and easy-to-read charts. In addition to guidance for creating textures and smart finishes at edges and borders, the authors provide suggestions for using fancy and alternative yarns and experimenting with freestyle patterns.
