Kasher in the Rye Moshe Kasher, 2012-03-28 "The finest, most moving and powerful memoir I have ever read."—MAYIM BIALIK Rising young comedian Moshe Kasher is lucky to be alive. He started using drugs when he was just 12. At that point, he had already been in psychoanalysis for 8 years. By the time he was 15, he had been in and out of several mental institutions, drifting from therapy to rehab to arrest to...you get the picture. But *Kasher in the Rye* is not an eye opener to the horrors of addiction. It's a hilarious memoir about the absurdity of it all. When he was a young boy, Kasher's mother took him on a vacation to the West Coast. Well it was more like an abduction. Only not officially. She stole them away from their father and they moved to Oakland, California. That's where the real fun begins, in the war zone of Oakland Public Schools. He was more than just out of control—his mother walked him around on a leash, which he chewed through and ran away. Brutally honest and laugh-out-loud funny, Kasher's first literary endeavor finds humor in even the most horrifying situations.

Speech, Media and Ethics R. Cohen-Almagor, 2001-01-11 *Speech, Media, and Ethics: The Limits of Free Expression* is an interdisciplinary work that employs ethics, liberal philosophy, and legal and media studies to outline the boundaries to freedom of expression and freedom of the press, defined broadly to include the right to demonstrate and to picket, the right to compete in elections, and the right to communicate views via the written and electronic media. Moral principles are applied to analyze practical questions that deal with free expression and its limits.

A Book of Life Peter Kingsley, 2021-09 Peter Kingsley is famous as both a historian and a teller of the future long before it appears. Exquisitely written, his *Book of Life* is a wide open door into the timeless magic and unfathomable mystery we have managed to forget.

Furry Nation Joe Strike, 2017-10-03 Winner of the 2017 Ursa Major Award for Best Non-Fiction Work! Furry fandom is a recent phenomenon, but anthropomorphism is an instinct hard-wired into the human mind: the desire to see animals on a more equal footing with people. It's existed since the beginning of time in prehistoric cave paintings, ancient gods and tribal rituals. It lives on today—not just in the sports mascots and cartoon characters we see everywhere, but in stage plays, art galleries, serious literature, performance art—and among furry fans who bring their make-believe characters to life digitally, on paper, or in the carefully crafted fursuits they wear to become the animals of their imagination. In *Furry Nation*, author Joe Strike shares the very human story of the people who created furry fandom, the many forms it takes—from the joyfully public to the deeply personal—and how Furry transformed his own life.

Recollections of a Jewish Mathematician in Germany Abraham A. Fraenkel, 2016-10-21 Abraham A. Fraenkel was a world-renowned mathematician in pre-Second World War Germany, whose work on set theory was fundamental to the development of modern mathematics. A friend of Albert Einstein, he knew many of the era's acclaimed mathematicians personally. He moved to Israel (then Palestine under the British Mandate) in the early 1930s. In his autobiography Fraenkel describes his early years growing up as an Orthodox Jew in Germany and his development as a mathematician at the beginning of the twentieth

century. □This memoir, originally written in German in the 1960s, has now been translated into English, with an additional chapter covering the period from 1933 until his death in 1965 written by the editor, Jiska Cohen-Mansfield. Fraenkel describes the world of mathematics in Germany in the first half of the twentieth century, its origins and development, the systems influencing it, and its demise. He also paints a unique picture of the complex struggles within the world of Orthodox Jewry in Germany. In his personal life, Fraenkel merged these two worlds during periods of turmoil including the two world wars and the establishment of the state of Israel. Including a new foreword by Menachem Magidor Foreword to the 1967 German edition by Yehoshua Bar-Hillel

Dreams of Subversion in Medieval Jewish Art and Literature ,1997 Europe's Jewish minority culture was subjected to a barrage of public images proclaiming the dominance of the Christian majority. This book is the first to explore the Jewish response to this assault in the development of a visual culture through which Jews could affirmatively construct their identity as a people. It demonstrates how medieval Jews gave voice to messages of protest and dreams of subversion by actively appropriating and transforming the quintessential symbols of the dominant culture.

Introduction to Psychology Jennifer Walinga,Charles Stangor, This book is designed to help students organize their thinking about psychology at a conceptual level. The focus on behaviour and empiricism has produced a text that is better organized, has fewer chapters, and is somewhat shorter than many of the leading books. The beginning of each section includes learning objectives; throughout the body of each section are key terms in bold followed by their definitions in italics; key takeaways, and exercises and critical thinking activities end each section.

How to Be an Adult in Relationships David Richo,2021-11-02 This beloved book has touched hundreds of thousands of lives with its profound and actionable advice. Retaining the core message of becoming more mindful in our relationships, this edition includes new and revised material that addresses how we live and love today. A new preface touches on David Richo's experience with the book over time and outlines the key updates, including attention to online dating and modern communication styles as well as new perspectives on

anger and ending relationships. "Most people think of love as a feeling," says Richo, "but love is not so much a feeling as a way of being present." How to Be an Adult in Relationships explores five hallmarks of mindful loving and how they play a key role in our relationships. Adult love is based on a mutual commitment to what Richo calls the "five A's": attention, acceptance, appreciation, affection, and allowing. Topics include: • Becoming conscious of our relationship patterns and how they relate to childhood • Recognizing and attracting someone who can show adult love • Understanding the phases relationships go through • Creating and maintaining healthy boundaries • Overcoming fears of abandonment and engulfment • Expressing anger and other emotions in adult and loving ways • Surviving break-ups with our self-esteem intact • Understanding love as a spiritual journey

Children of Abraham Khalid Duran, Abdelwahab Hechiche, Arnold James Rudin, 2001 This groundbreaking book, developed with a grant from the Harriet and Robert Heilbrunn Institute for Interreligious Understanding of the American Jewish Committee, is a stepping stone to dialogue. Descended from a common ancestor, Jews and Muslims share a special relationship and practice religions that exhibit remarkable moral and theological resemblance. But most Jews know little about Islam. Professor Khalid Duran presents the majesty of Islam, its history and culture, but neither ignores nor rationalizes its more problematic aspects. His book offers an insightful and forthright treatment of the varieties of Muslim fundamentalism, Islamism and Jihadism. It offers a candid analysis of the status of women in Muslim belief and practice, as well as an unsentimental assessment of the historical treatment of minorities in Islamic societies. A publication of the Harriet and Robert Heilbrunn Institute for International Interreligious Understanding of the American Jewish Committee.

The Great Parchment Giulio Busi, Simonetta M. Bondoni, 2004

Clothing Sacred Scriptures David Ganz, Barbara Schellewald, 2018-12-03 According to a longstanding interpretation, book religions are agents of textuality and logocentrism. This volume inverts the traditional perspective: its focus is on the strong dependency between scripture and aesthetics, holy books and material artworks, sacred texts and ritual performances. The contributions, written by a group of international specialists in Western, Byzantine, Islamic and Jewish Art, are committed to a comparative and transcultural approach. The authors reflect upon the different strategies of »clothing« sacred texts with precious materials and elaborate forms. They show how the pretypographic cultures of the Middle Ages used book ornaments as media for building a close relation between the divine words and their human audience. By exploring how art shapes the religious practice of books, and how the religious use of books shapes the evolution of artistic practices this book contributes to a new understanding of the deep nexus between sacred scripture and art.

Goliath Max Blumenthal, 2013-10-01 2014 Lannan Foundation Cultural Freedom Notable Book Award In Goliath, New York Times bestselling author Max Blumenthal takes us on a journey through the badlands and high roads of Israel-Palestine, painting a startling portrait of Israeli society under the siege of increasingly authoritarian politics as the occupation of the Palestinians deepens. Beginning with the national elections carried out

during Israel's war on Gaza in 2008-09, which brought into power the country's most right-wing government to date, Blumenthal tells the story of Israel in the wake of the collapse of the Oslo peace process. As Blumenthal reveals, Israel has become a country where right-wing leaders like Avigdor Lieberman and Bibi Netanyahu are sacrificing democracy on the altar of their power politics; where the loyal opposition largely and passively stands aside and watches the organized assault on civil liberties; where state-funded Orthodox rabbis publish books that provide instructions on how and when to kill Gentiles; where half of Jewish youth declare their refusal to sit in a classroom with an Arab; and where mob violence targets Palestinians and African asylum seekers scapegoated by leading government officials as demographic threats. Immersing himself like few other journalists inside the world of hardline political leaders and movements, Blumenthal interviews the demagogues and divas in their homes, in the Knesset, and in the watering holes where their young acolytes hang out, and speaks with those political leaders behind the organized assault on civil liberties. As his journey deepens, he painstakingly reports on the occupied Palestinians challenging schemes of demographic separation through unarmed protest. He talks at length to the leaders and youth of Palestinian society inside Israel now targeted by security service dragnets and legislation suppressing their speech, and provides in-depth reporting on the small band of Jewish Israeli dissidents who have shaken off a conformist mindset that permeates the media, schools, and the military. Through his far-ranging travels, Blumenthal illuminates the present by uncovering the ghosts of the past -- the histories of Palestinian neighborhoods and villages now gone and forgotten; how that history has set the stage for the current crisis of Israeli society; and how the Holocaust has been turned into justification for occupation. A brave and unflinching account of the real facts on the ground, *Goliath* is an unprecedented and compelling work of journalism.

The Message of the Psalter David C. Mitchell, 2017-08-22 What's really going on in the Psalms? Is it just an anthology of old Israelite songs? Or is there more to it than anyone ever guessed? This evergreen classic is the book that first proposed, in 1997, a messianic metanarrative in the Psalms. It explains how someone arranged the Psalms to outline a program of future events like in Zechariah 9-14. There is an appendix of apocalyptic midrashim, translated into English for the first time. A bridegroom-Messiah gathers exiled Israel. He sets up a kingdom, but dies a violent death. Israel are scattered in the wilderness of the nations. Then they are gathered again in troublous times. Finally, they are rescued by a king from the heavens. He sets his throne on Zion and receives the homage of the nations. 160,000 words. Read all about it!

Justice for Some Noura Erakat, 2019-04-23 "A brilliant and bracing analysis of the Palestine question and settler colonialism . . . a vital lens into movement lawyering on the international plane." –Vasuki Nesiah, New York University, founding member of Third World Approaches to International Law (TWAIL) Justice in the Question of Palestine is often framed as a question of law. Yet none of the Israel-Palestinian conflict's most vexing challenges have been resolved by judicial intervention. Occupation law has failed to stem Israel's settlement enterprise. Laws of war have permitted killing and destruction during Israel's military offensives in the Gaza Strip. The Oslo Accord's two-state solution is now dead letter. *Justice for Some* offers a new

approach to understanding the Palestinian struggle for freedom, told through the power and control of international law. Focusing on key junctures—from the Balfour Declaration in 1917 to present-day wars in Gaza—Noura Erakat shows how the strategic deployment of law has shaped current conditions. Over the past century, the law has done more to advance Israel's interests than the Palestinians'. But, Erakat argues, this outcome was never inevitable. Law is politics, and its meaning and application depend on the political intervention of states and people alike. Within the law, change is possible. International law can serve the cause of freedom when it is mobilized in support of a political movement. Presenting the promise and risk of international law, Justice for Some calls for renewed action and attention to the Question of Palestine. "Careful and captivating . . . This book asks that the Palestinian liberation struggle and Jewish-Israeli society each reckon with the impossibility of a two-state future, reimagining what their interests are—and what they could become." —Amanda McCaffrey, Jewish Currents
