Zen drawing - a new way to become an artist Michelle Dujardin,2014-07-25 This eBook is derived from the hardcover book called 'the Zen drawing Pack', which was published in October 2014 by Rockpoint publishers and as an eBook called 'The Zen drawing eBook' by the authors. In this eBook called 'Zen drawing - a new way to become an artist', the authors have put less emphasis on the Zen Buddhism background of Zen drawing and more emphasis on the artistic benefits that can be found by using the techniques described in the hardcover book. For instance by adding a chapter on the use of watercolors and ink. As with all their books on Zen drawing, this eBook is based on the works of Frederick Franck and Betty Edwards. In this eBook artist Michelle Dujardin helps you to awaken your inner artist and add soul to your sketches by ignoring conventional drawing techniques and focus on really seeing your subject. Michelle helps you achieve a meditative state just by changing the way you see a subject, and allow your hands to follow the movement of your eyes. When you trust your own drawing reflex, the art that you create will become more expressive and beautiful than what you've done before. Not great with a pencil? Don't worry, everyone can learn to draw this way and you don't need any special talent or class. For any level of artist, from a beginner with little talent to an illustration expert, Zen drawing is not about making perfect pictures, it is about the experience of drawing, finding inspiration, and connecting to the world around you.

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27

Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

The Impact of Akira Rémi Lopez, 2020-09-02 Discover Katsuhiro Otomo’s visionary work and post-Akira Japanese comic culture. The catalyst of an era, of a world that was unaware of its downfall, Katsuhiro Otomo’s visionary work marked a turning point in the industry. First, in his homeland, Japan, in terms of graphics and plot on an entire generation of post-Akira artists who adopted his attention to detail, his realism and his dizzying views. But above all with his international reach, which threw Japanese comic strips and animations into the limelight in numerous countries, by trampling the rest of the world’s notion that cartoons are exclusively for children. This book dives headfirst into the radioactive culture that is the creative power of Katsuhiro Otomo, from the

mangaka's— already explosive—beginnings, up to winning recognition for Akira. Discover the themes and influences of this fundamentally anti-establishment work by exploring its socio-economic or simply literary aspects. The author of the work analyzes the phenomenon, from its tiny seed to the mighty tree, and reveals why Akira is, above all, a purely Japanese series. This book will provide you with an analysis of the socio-historical context of Akira. It aims to help Western readers to better understand the essence of this graphic and narrative treasure. ABOUT THE AUTHOR Rémi Lopez graduated with a degree in Japanese from Bordeaux III University. In 2004, he cut his teeth as an author when he wrote website columns on video game soundtracks. Two years later, he joined the Gameplay RPG magazine in which he carried out the same task. He then followed the then editor-in-chief, Christophe Brondy, and his entire team to a new project: the monthly Role Playing Game magazine. Rémi wrote The Legend of Final Fantasy VIII and the book on the Original Soundtrack for Pix'n Love publications in 2013.
