I Will Survive Gloria Gaynor, 2014-03-11 I Will Survive is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including Honey Bee, I Got You Under My Skin, Never Can Say Goodbye, and the song that has immortalized her, I Will Survive, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

The Last Mermaid Shana Abé, 2008-04-29 Shana Abé has entranced countless readers with her passion-filled novels of adventure, intrigue, and romance. Now the author of *The Secret Swan* delivers a gift from the sea: three hauntingly beautiful tales connected by a legend, a locket, and a love beyond time. 531 a.d.: The tiny island of Kell is said to be enchanted, inhabited by an extraordinary creature who comforts shipwrecked sailors passing into the next world. Prince Aedan of the Isles believes in no such nonsense—until he awakens on Kell itself and meets the sensuous siren who rescued him from the sea. 1721: Ronan MacMhuirich, Earl of Kell, is the target of an unlikely assassin: Leila, a mysterious woman from an exotic land. But his irresistibly beautiful would-be slayer is in just as much danger as Ronan when she falls for this man with a magic of his own. 2004: What do you do when you inherit a Scottish island you never knew existed—and find yourself pursued by a handsome stranger who wants to buy it from you? That's what happens to Ruri Kell when she accepts Iain MacInnes's invitation to visit her birthright, and listens to a proposition as sinfully tempting as everything else about him. Three seductive love stories, three passionate couples, all linked by one of the most romantic myths of all.

The Gods of Egypt Claude Traunecker, 2001 The Gods of Egypt, first published in France in 1992 and now in its third French edition, is a short, elegant, and highly accessible survey of ancient Egyptian religion. The clarity and brevity of Claude Traunecker's book make it especially valuable to readers seeking an authoritative introduction to this complex topic. The Cornell edition, the first English translation, is enhanced by 23 illustrations. Traunecker begins with an overview of the source materials and a discussion of the historiography of Egyptian religion, a subject relatively neglected by scholars. He then describes the actual and metaphysical worlds inhabited by the Egyptian deities and the role that humans played in the Egyptian universe. Focusing especially on the diversity and number of approaches used by Egyptians to explain their world, The Gods of Egypt offers a succinct and highly readable presentation of recent interpretations of Egyptian religion.

Facial Magic - Rediscover the Youthful Face You Thought You Had Lost Forever! Cynthia Rowland, 2017-05-10 Once in a while a product line comes along that offers men and women the opportunity to truly reclaim the youthful face they thought they had lost forever. Without drugs, electricity or

anything harmful or hurtful millions of people worldwide have successfully and reliably used exercise to trim, lift and tone sagging muscles. Just like muscles in the body can be exercised, the facial muscles can greatly benefit from exercise but not just any exercise will do. Contortions, twists, puckers and funny faces will not shape or contour sagging facial muscles in a mature face. The Facial Magic facial exercise system will lift, tone and tighten sagging facial muscles. These proven, easy-to-execute isometric movements require only minutes a day to perform and most users say they look 5, 10 even 15 years younger in just weeks as eyelids tighten, eye brows lift, the forehead smoothes, jowls and pouches melt away as double chins lessen, dramatically revealing a sculpted jaw line. Facial Magic provides the look of a face lift without surgery, seams or risk of infection. Using only the thumbs and fingers while wearing special exercise gloves, your age erasers will produce immediate lifting and tightening of the facial features. In about three weeks the appearance of fine lines and wrinkles become less apparent as the muscles plump up the skin helping the user's face look refreshed, radiant and younger. This book contains all 18 Facial Magic exercises. Learn two exercises each week - each exercise requires 35 seconds - so in just minutes a day you will feel and see the youthful results you desire.

Project Orion George Dyson, 2003-03-26 The race to the moon dominated space flight during the the 1960s yet, during the late 1950s and early 1960s, the

US Government sponsored a project that could possibly have sent 150 people on expeditions to Mars or Saturn. The project was code-named Orion and centred upon the effort to develop a fast, manoeuvrable, nuclear-powered space vehicle for long-range voyages in space. The proposed 4000-ton spaceship would be propelled by nuclear bombs but, strictly classified, the project was never given a chance to succeed or fail - due partly to its apparent absurdity - but its mix of sublime physics, madcap engineering, and a cast of Cold War warriors and would-be inter-galactic engineers made the mission a tantalising what if story. In this book George Dyson, son of physicist Freeman Dyson, one of the original project team, pieces together the story his father could only tell him in fragments at the time.

Jaunten Honor Raconteur, 2018-08-28 There was a time when magic was welcome in the country of Chahir, but that was nearly two centuries ago. Now, all forms of magic are strictly forbidden. Anyone caught using magic, or possessing magical abilities, are immediately imprisoned and executed. For Garth, that policy is a problem. As Garth approaches his sixteenth birthday, he realizes that he definitely has magical abilities. What's worse, he has no control over them. In order to stay alive, he only has one choice - he must leave his homeland, Chahir, and flee into the neighboring country, Hain. The journey isn't an easy one; he still has to make it out of Chahir without alerting anyone as to his abilities. What Garth doesn't know is that getting to Hain, and the Academy for All Magic, is going to be the easy part. Garth

goes into Hain for one reason only; he wants training for his out-of-control magical powers. So how does he become a member of an exclusive magical clan known as the Jaunten; adopted by a magically enhanced colt; best friends with a gifted Witch; and foster brother of a four year old Mage? Let's just say he has a gift for finding trouble.
