Encyclopedia of Junk Food and Fast Food Andrew F. Smith,2006-08-30 Eating junk food and fast food is a great all-American passion. American kids and grownups love their candy bars, Big Macs and supersized fries, Doritos, Twinkies, and Good Humor ice cream bars. The disastrous health effects from the enormous appetite for these processed fat- and sugar-loaded foods are well publicized now. This was particularly dramatically evidenced by Super Size Me (2004), filmmaker Morgan Spurlock's 30-day all-McDonald's diet in which his liver suffered the same poisoning as if he had been on an extended alcohol binge. Through increased globalization, American popular food culture is being increasingly emulated elsewhere in the world, such as China, with the potential for similar disastrous consequences. This A-to-Z reference is the first to focus on the junk food and fast food phenomena from a multitude of angles in addition to health and diet concerns. More than 250 essay entries objectively explore the scope of the topics to illuminate the American way through products, corporations and entrepreneurs, social history, popular culture, organizations, issues, politics, commercialism and consumerism, and much more. Interest in these topics is high. This informative and fascinating work, with entries on current controversies such as mad cow disease and factory farming, the food pyramid, movie tie-ins, and marketing to children, will be highly useful for reports, research, and browsing. It takes readers behind the scenes, examining the significance of such things as uniforms, training, packaging, and franchising. Readers of every age will also enjoy the nostalgia factor, learning about the background of iconic drive-ins, the story behind the mascots, facts about their favorite candy bar, and collectables. Each entry ends with suggested reading. Besides an introduction, a timeline, glossary, bibliography, resource guide, and photos enhance the text. Sample entries: A&W Root Beer; Advertising; Automobiles; Ben & Jerry's; Burger King; Carhops; Center for Science in the Public Interest; Christmas; Cola Wars; Employment; Fair Food; Fast Food Nation; Hershey, Milton; Hollywood; Injury; Krispy Kreme; Lobbying; Nabisco; Obesity; PepsiCo; Salt; Soda Fountain; Teen Hangouts; Vegetarianism; White Castle; Yum! Brands, Inc.

Kafka on the Shore Haruki Murakami,2005-01-18 NATIONAL BESTSELLER • From the New York Times bestselling author of *The Wind-Up Bird Chronicle* and one of the world's greatest storytellers comes an insistently metaphysical mind-bender" (*The New Yorker*) about a teenager on the run and an aging simpleton. Now with a new introduction by the author. Here we meet 15-year-old runaway Kafka Tamura and the elderly Nakata, who is drawn to Kafka for reasons that he cannot fathom. As their paths converge, acclaimed author Haruki Murakami enfolds readers in a world where cats talk, fish fall from the sky, and spirits slip out of their bodies to make love or commit murder, in what is a truly remarkable journey. "As powerful as *The Wind-Up Bird Chronicle*.... Reading Murakami ... is a striking experience in consciousness expansion." —*The Chicago Tribune*

Youth Movements, Trauma and Alternative Space in Contemporary Japan Carl Cassegård,2013-10-04 In *Youth Movements, Trauma and Alternative Space in Contemporary Japan*, the author provides a detailed study and assessment of social movements among Japanese freeters, from the pioneering groups in the late 1980s to the open protests witnessed today.

Tuttle Concise Japanese Dictionary Samuel E. Martin,2013-02-05 Every serious student of Japanese needs a reliable and user-friendly dictionary in their collection. *Tuttle Concise Japanese Dictionary*, now with 30% more content, is a completely updated dictionary designed for students and business people who are living in Japan and using the Japanese language on a daily basis. Its greatest advantage is that it contains recent idiomatic expressions which have become popular in the past several years and which are not found in other competing dictionaries. The dictionary has been fully updated with the addition of recent vocabulary relating to computers, mobile phones, social media and the Internet. Other special features that set this dictionary apart include: Over 25,000 words and expressions including idioms and slang. User-friendly layout with main entries in color. Complete Japanese-English and English-Japanese sections. Romanized forms and the Japanese script are given for all Japanese words. A guide to pronunciation helps the user to pronounce Japanese words correctly. Different senses of each word are distinguished by multiple definitions.

Japanese in Thirty Hours Eiichi 1902- Kiyooka,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Anime Interviews Trish Ledoux,1997-09-22 In this book, the first collection of its kind, you will hear insights directly from the mouths and minds of the anime and manga creators themselves, in interviews with are often the only ones on record in English. some of these creators are larger-than-life legends in their native Japan, some are up-and-coming young talents, but all have a lot to say on the subject of their work.

Frames of Anime Tze-Yue G. Hu,2010-04-01 *Frames of Anime* provides a wonderfully concise and insightful historical overview of Japanese animation; more importantly, Tze-yue G. Hu also gives the reader a much-needed frame of reference--- cultural and historical --- for understanding its development. - Harvey Deneroff, Savannah College of Art and Design, Atlanta, Georgia This is a valuable study that transcends most of its predecessors by situating Japanese anime in its cultural context and providing detailed insight into the lives and works of some of Japan's most prominent animators and their struggles to establish it as a legitimate form of cinema and television media. Its authorship by an Asian scholar also conversant with Chinese and Southeast Asian cinema and comic book culture gives it a unique comparative character.-John Clammer, United Nations University Japanese anime has long fascinated the world, and its mythical heroes and dazzling colors increasingly influence popular culture genres in the West. Tze-yue G. Hu analyzes the language-medium of this remarkable expressive platform and its many socio-cultural dimensions from a distinctly Asian frame of reference, tracing its layers of concentric radiation from Japan throughout Asia. Her work, rooted in archival investigations, interviews with animators and producers in Japan as well as other Asian animation studios, and interdisciplinary research in linguistics and performance theory, shows how dialectical aspects of anime are linked to Japan's unique experience of modernity and its cultural associations in Asia, including its reliance on low-wage outsourcing. Her study also provides English readers with insights on numerous Japanese secondary sources, as well as a number of original illustrations offered by animators and producers she interviewed.

Magic as Metaphor in Anime Dani Cavallaro,2010-03-08 Since its inception as an art form, anime has engaged with themes, symbols and narrative strategies drawn from the realm of magic. In recent years, the medium has increasingly turned to magic specifically as a metaphor for a wide range of cultural, philosophical and psychological concerns. This book first examines a range of Eastern and Western approaches to magic in anime, addressing magical thinking as an overarching concept which unites numerous titles despite their generic and tonal diversity. It then explores the collusion of anime and magic with reference to specific topics. A close study of cardinal titles is complemented by allusions to ancillary productions in order to situate the medium's fascination with magic within an appropriately broad historical context.

Japanese Visual Culture Mark W. MacWilliams,2014-12-18 Born of Japan's cultural encounter with Western entertainment media, manga (comic books or graphic novels) and anime (animated films) are two of the most universally recognized forms of contemporary mass culture. Because they tell stories through visual imagery, they vault over language barriers. Well suited to electronic transmission and distributed by Japan's globalized culture industry, they have become a powerful force in both the mediascape and the marketplace. This volume brings together an international group of scholars from many specialties to

probe the richness and subtleties of these deceptively simple cultural forms. The contributors explore the historical, cultural, sociological, and religious dimensions of manga and anime, and examine specific sub-genres, artists, and stylistics. The book also addresses such topics as spirituality, the use of visual culture by Japanese new religious movements, Japanese Goth, nostalgia and Japanese pop, cute (kawaii) subculture and comics for girls, and more. With illustrations throughout, it is a rich source for all scholars and fans of manga and anime as well as students of contemporary mass culture or Japanese culture and civilization.

A History of Writing in Japan Christopher Seeley,2023-11-20 This book deals chronologically with the history of writing in Japan, a subject which spans a period of 2,000 years, beginning with the transmission of writing from China in about the first or second century AD, and concluding with the use of written Japanese with computers. Topics dealt with include the adoption of Chinese writing and its subsequent adaptation in Japan, forms of writing employed in works such as the Kojiki and Man'yōshū, development of the kana syllabaries, evolution of mixed character-kana orthography, historical kana usage, the rise of literacy during the Edo period, and the main changes that have taken place in written Japanese in the modern period (ca. 1868 onwards). This is the first full-length work in a European language to provide the Western reader with an overall account of the subject concerned, based on extensive examination of both primary and secondary materials.

The National Pastime ,1985

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Contemporary Asian America (second Edition) Min Zhou,J. V. Gatewood,2007-10 When Contemporary Asian America was first published, it exposed its readers to developments within the discipline, from its inception as part of the ethnic consciousness movement of the 1960s to the more contemporary theoretical and practical issues facing Asian America at the century's end. This new edition features a number of fresh entries and updated material. It covers such topics as Asian American activism, immigration, community formation, family relations, gender roles, sexuality, identity, struggle for social justice, interethnic conflict/coalition, and political participation. As in the first edition, Contemporary Asian America provides an expansive introduction to the central readings in Asian American Studies, presenting a grounded theoretical orientation to the discipline and framing key historical, cultural, economic, and social themes with a social science focus. This critical text offers a broad overview of Asian American studies and the current state of Asian America.

Fulfilling the Promise National Research Council,Division on Earth and Life Studies,Commission on Life Sciences,Committee on High-School Biology Education,1990-02-01 Why are students today not learning biology, appreciating its importance in their lives, or pursuing it as a career? Experts believe dismal learning experiences in biology classes are causing the vast majority of students to miss information that could help them lead healthier lives and make more intelligent decisions as adults. How can we improve the teaching of biology throughout the school curriculum? Fulfilling the Promise offers a vision of what biology education in our schools could be—along with practical, hard-hitting recommendations on how to make that vision a reality. Noting that many of their recommended changes will be controversial, the authors explore in detail the major questions that must be answered to bring biology education to an acceptable standard: how elementary, middle, and high-school biology education arrived at its present state; what impediments stand in the way of improving biology education; how to properly prepare biology teachers and encourage their continuing good performance; and what type of leadership is needed to improve biology education.

Through the Last Door J. A. Jaken,2014-12-19 When Kaori Sansa's father dies, he is forced to return home to claim the throne as the rightful heir of the country of Kazure. In the aftermath of his father's death, he learns that the country he loves is riddled with corruption, and is hovering on the brink of war. Will he be able to hold the kingdom together despite the odds that are stacked against it, and somehow unlock the buried powers of Shinja, the Sacred Beast of Kazure?

Articles on Folklore Archer Taylor,1917

Affective Health and Masculinities in South Africa Hans Reihling,2020-04-03 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Aladdin and the Wonderful Lamp Laurence Housman,2019-03-20 A feckless boy is lured by a wicked magician into a trap but the scheme backfires — the boy, Aladdin, is left with a magical lamp and a genie who showers him with riches. Aladdin's wealth makes him an attractive suitor for the sultan's daughter, but when the evil sorcerer returns to kidnap the bride, the young hero must rescue his princess or die trying. This classic retelling of the ever-popular Middle

Eastern folktale has entranced readers for over a century. Originally published in 1914 as part of Sindbad the Sailor and Other Stories from The Arabian Nights, this beautiful version by Laurence Housman features eight full-color images by Edmund Dulac, one of the era's most famous illustrators.
