Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Typographic Systems of Design Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

Horse Pussy Anon Ymous,2020-01-12 This book was written in a week by a large (and unknown) number of anonymous writers who banded together on a thread on the /mlp/ (pony) board of the site 4chan. It is a collection of many stories ranging from over 100 pages long to as short as half a page.

What's fascinating about this book is that there were no rules with regard to what could be included in it. As a result, there are vomit-inducing sections of the book, as well as subtle romances, racist sections, anti-racist sections, rape scenes, wholesome scenes, and philosophical sections, all of which may even occur at the same time. It's a miracle of anarchy how so many people were brought together to write this ~42500-word book over the internet without having any previous connection with each other, other than sharing the same community (that being the My Little Pony community).

****Overview of story #1 (Horse pussy):** The misadventures of a man named Anon as he goes around the land of Equestria (from the show My Little Pony: Friendship is Magic) and gets himself into a variety of scenarios, which include: Questing for the opinion of Dante (from the Devil May Cry series) with regard to the famous Pringles brand of chips, Getting raped by Luna (de facto god of the night and dreams) and her kilometre long cock, Turning black (literally sucking and trapping light in his body), uncontrollably ejaculating, and much more.

****Overview of story #2 (Equilibrium):** About Anon and his mission to ejaculate in a box at the same rate as someone else drinks it, and the consequences of such an action if it is sustained over a period of centuries.

****Overview of story #3 (Pure Pain):** The misadventures of Anon as he gets thrown around the universe which results in him getting castrated, doing 9/11, and many other interesting things.

****Overview of story #4 (Hideo Kojima and pony adventures):** No idea. Hideo Kojima (Actual Video Game designer) pushes Twilight Sparkle (from the My Little Pony series) to play console games or something. It ends with Then Celestia farted on my pp.

****Overview of story #5 (What did they mean by this):** A seemingly historical world war 1-esque setting with the characters Twilight Sparkle and Trixie getting ready to jump off a plane. Involves 2pac somehow. They get raped mid-air and become half Mexicans.

****Overview of story #6:** Anon sits in a ball pit and speaks to Luna on philosophical and

ethical topics regarding God, the current state of America, and capitalism. Many more stories are included in this book. These six summaries were just a taste of what the book consists of. If you are sensitive to these topics, it is best that you do not read this book. Keep in mind this is a transformative work. Almost none of the characters, images, references, or intellectual property within the stories (not counting the stories themselves) belong to the writers of this book. This book, essentially, is one giant, semi-organized shitpost.
