

Mythology Papercraft Barong 2

John Blofeld

A Garland of Forgotten Goddesses Michael Slouber,2020-12-22 Imagining the divine as female is rare—even controversial—in most religions. Hinduism, by contrast, preserves a rich and continuous tradition of goddess worship. A Garland of Forgotten Goddesses conveys the diversity of this tradition by bringing together a fresh array of captivating and largely overlooked Hindu goddess tales from different regions. As the first such anthology of goddess narratives in translation, this collection highlights a range of sources from ancient myths to modern lore. The goddesses featured here battle demons, perform miracles, and grant rare Tantric visions to their devotees. Each translation is paired with a short essay that explains the goddess's historical and social context, elucidating the ways religion adapts to changing times.

Maskwork Jennifer Foreman,2021-01-01 The practice of mask-wearing has a long history, even becoming mandatory in times of global crisis. In this useful contribution to the performing arts curriculum, Maskwork takes a new look at the creative and timeless art of masks and mask-making, while also exploring their cultural anthropology from prehistory to the present day. Drawing on her extensive experience in professional theatre and running workshops, Foreman promotes the life-affirming qualities of masks, providing us with an invaluable resource for artists and teachers, as well as parents seeking activities for children at home. Eight themed projects use photographs to document masks and mask-making techniques, with each one offering practical advice and design ideas; materials are inexpensive and easy to acquire.

When God Made Light Matthew Paul Turner,2018-02-13 From the author and illustrator of the best-selling When God Made You comes a new illuminating message about God's design affirming young readers. 'Let there be light!' that's what God said. And light began shining and then started to spread. Wild and creative illustrations from top children's illustrator David Catrow pair with Matthew Paul Turner's lyrical verse in this message of a God-made light that cuts through darkness to bring vision and hope to all young readers. This light radiates, chasing away the shadows, providing the wonder and fun of stargazing or firefly chasing. Most important, this light appears in each child--an inner God-given spark that grows and will be used to change the world.

Dancers of Bali John Coast,2021-09-10 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Earthen Drum Pupul Jayakar,1980

Post-totalitarian Cinema in Eastern European Countries Nadežda Marinčevska,2019

The Tantric Mysticism of Tibet John Blofeld,1992 A highly practical form of mysticism, Mahayana Buddhism offers precise techniques for attaining wisdom by negating the ego and entering the bliss of divinity. This book gives the background, techniques, purpose, and underlying theory of the Tantric forms of meditation, which have often been successful for those who have failed to make progress with more familiar methods.

Poems of Death Phoebe Pool,1945

Looking Back 6 Ambeth R. Ocampo,2021-07-14 In these beguiling essays on what lies beyond the fringes of Philippine recorded history—whether

pointing out the laughing carabao on the margins of a centuries-old map, or combing for shards of Ming porcelain on a coral beach—Ocampo reminds us that the endless gathering and joining and breaking apart of apparently 'useless' bits is, after all, what makes us what we are, and connects us with others in their own quest for identity.

Masonic Standard ,1900

Barangay William Henry Scott,1994 Barangay presents a sixteenth-century Philippine ethnography. Part One describes Visayan culture in eight chapters on physical appearance, food and farming, trades and commerce, religion, literature and entertainment, natural science, social organization, and warfare. Part Two surveys the rest of the archipelago from south to north.

History of European Drama and Theatre Erika Fischer-Lichte,2002 This major study reconstructs the vast history of European drama from Greek tragedy through to twentieth-century theatre, focusing on the subject of identity. Throughout history, drama has performed and represented political, religious, national, ethnic, class-related, gendered, and individual concepts of identity. Erika Fischer-Lichte's topics include: * ancient Greek theatre * Shakespeare and Elizabethan theatre by Corneilli, Racine, Molière * the Italian commedia dell'arte and its transformations into eighteenth-century drama * the German Enlightenment - Lessing, Schiller, Goethe, and Lenz * romanticism by Kleist, Byron, Shelley, Hugo, de Vigny, Musset, Büchner, and Nestroy * the turn of the century - Ibsen, Strindberg, Chekhov, Stanislavski * the twentieth century - Craig, Meyerhold, Artaud, O'Neill, Pirandello, Brecht, Beckett, Müller. Anyone interested in theatre throughout history and today will find this an invaluable source of information.

Dragon Fantastic! Rosalind M. Greenberg,2004-06 They have cast their spell over our imaginations for countless centuries--those most deadly beasts of prey, the fading race which once ruled the skies, hoarders of treasure both magical and golden, or benevolent keepers of universes beyond human ken.

Basketball James Naismith,1996-01-01 James Naismith was teaching physical education at the Young Men's Christian Association Training College in Springfield, Massachusetts, and felt discouraged because calisthenics and gymnastics didn't engage his students. What was needed was an indoor wintertime game that combined recreation and competition. One evening he worked out the fundamentals of a game that would quickly catch on. Two peach half-bushel baskets gave the name to the brand new sport in late 1891. Basketball: Its Origin and Development was written by the inventor himself, who was inspired purely by the joy of play. Naismith, born in northern Ontario in 1861, gave up the ministry to preach clean living through sport. He describes Duck on the Rock, a game from his Canadian childhood, the creative reasoning behind his basket game, the eventual refinement of rules and development of equipment, the spread of amateur and professional teams throughout the world, and the growth of women's basketball (at first banned to male spectators because the players wore bloomers). Naismith lived long enough to see basketball included in the Olympics in 1936. Three years later he died, after nearly forty years as head of the physical education department at the University of Kansas. This book, originally published in 1941, carries a new introduction by William J. Baker, a professor of history at the University of Maine, Orono. He is the author of Jesse Owens: An American Life and Sports in the Western World.

Practical Finite Element Analysis Nitin S. Gokhale,2008 Highlights of the book: Discussion about all the fields of Computer Aided Engineering, Finite Element Analysis Sharing of worldwide experience by more than 10 working professionals Emphasis on Practical usage and minimum mathematics Simple language, more than 1000 colour images International quality printing on specially imported paper Why this book has been written ... FEA is gaining popularity day by day & is a sought after dream career for mechanical engineers. Enthusiastic engineers and managers who want to refresh or update the knowledge on FEA are encountered with volume of published books. Often professionals realize that they are not in touch with theoretical concepts as being pre-requisite and find it too mathematical and Hi-Fi. Many a times these books just end up being decoration in their

book shelves ... All the authors of this book are from IIT's & IISc and after joining the industry realized gap between university education and the practical FEA. Over the years they learned it via interaction with experts from international community, sharing experience with each other and hard route of trial & error method. The basic aim of this book is to share the knowledge & practices used in the industry with experienced and in particular beginners so as to reduce the learning curve & avoid reinvention of the cycle. Emphasis is on simple language, practical usage, minimum mathematics & no pre-requisites. All basic concepts of engineering are included as & where it is required. It is hoped that this book would be helpful to beginners, experienced users, managers, group leaders and as additional reading material for university courses.

Tile & Till ,1915

Embassy to the Eastern Courts of Cochin-China, Siam, and Muscat Edmund Roberts,1837

Diccionario mitológico de Filipinas Ferdinand Blumentritt,2021 Many authors, ancient and modern, native and foreign, have been preoccupied with 'primitive' religion, or even better said, the paganism of the Natives of the Philippines; however, their writings about the religion of the natives, non-Christianized or from the mountains, who until now keep their ancient practices, are always reduced to form a chapter indistinct from the other historical or ethnographic notes of their published works. There exists no work, [major] or minor, dedicated specifically and especially to the study of the religion of all the indigenous races of the Philippine Archipelago. The purpose of this dictionary is to put together the religious groups of the Philippines, and removing those of Christian or Mohammedan origins. This work will provide an opportunity to make comparative studies and give an idea of the wealth of names that are in the mythologies of this country.

Crochet for Christmas Salena Baca,2015-07-15 Decorate your home for the holidays with festive crocheted decorations, ornaments, and Christmas cozies! Need a quick holiday gift? This book has you covered there, too, with cute crocheted hats, cowls, and other accessories that work up in a jiffy. • 29 crochet patterns for Christmas décor and stylish accessories • Patterns created by members of the Design Wars Challenge, a group of crocheters who compete for votes in various Design Challenges and work together to expand the style of modern crochet • Colorful and fun to crochet patterns include Reindeer Basket, Penguin Ornaments, Catching Stars Shawl, Braided Cables Christmas Stocking, Spice Hood, Fair Isle Hedgehog, and many others
