If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a

story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Day of the Mountain Timothy Neat, Anne Michaels, 2016 Since entering his eighth decade Neat has concentrated his wide-ranging creativity on the act of drawing, in sketchbooks. His prime subject is people - the common man, writers, artists, travellers, prisoners: he also addresses war, landscape, and the ancient past with visionary understanding. Of the four hundred drawings being published, only three have been publicly seen. In this book Neat, the artist, can be seen for the first time - championed by the great art critic John Berger and renowned writer Anne Michaels: these drawings are revelatory. This special signed edition, produced to the highest specification, is limited to 150 copies and is guaranteed to appeal to collectors of fine art and belle-lettres in Scotland and across Europe. Neat's books include *The Summer Walkers*, *Part Seen Part Imagined*, a two volume biography of Hamish Henderson and, most recently, *These Faces*, a collection of

photographs and drawings (2013).

Child Star Shirley Temple, 2005 Shirley Temple-Black, the popular child star of the 1930s and 1940s, tells of the ups and downs of life as a Hollywood prodigy. She writes of her relationship with her parents, how her finances were controlled, two attempts on her life, her first marriage at 17 and her second, happier marriage to Charlie Black.

Origami Gone Wild John Montroll, 2012 From the internationally renowned origami master comes this wild collection of more than 20 jungle and forest animals. Models include an aardvark, panda, giraffe, rhinoceros, moose, and zebra, ranging in complexity from fairly easy to advanced. This guide's handsome, full-color format will appeal to a wide range of paperfolders--

Paper Works Shaoqiang Wang, 2012 From classic Mexican papel picado to the art of origami, paper has long been a source of inspiration to artists and designers across the globe. Paper Works brings together an eclectic mix of designs and techniques, taking the reader on a visual journey of progression and transformation. Featuring sculptural carved book arts and installation art to avant-garde paper couture fashion, and examining the work of artists such as Jen Stark and Nikki McClure, this is an essential guide to one of the most fundamental, versatile but often overlooked materials.

3D Origami Art Jun Mitani, 2017-12-19 Easily Create Origami with Curved Folds and Surfaces Origami—making shapes only through folding—reveals a fascinating area of geometry woven with a variety of representations. The world of origami has progressed dramatically since the advent of computer programs to perform the necessary computations for origami design. 3D Origami Art presents the design methods underlying 3D creations derived from computation. It includes numerous photos and design drawings called crease patterns, which are available for download on the author's website. Through the book's clear figures and descriptions, readers can easily create geometric 3D structures

out of a set of lines and curves drawn on a 2D plane. The author uses various shapes of sheets such as rectangles and regular polygons, instead of square paper, to create the origami. Many of the origami creations have a 3D structure composed of curved surfaces, and some of them have complicated forms. However, the background theory underlying all the creations is very simple. The author shows how different origami forms are designed from a common theory.

Notes from the Hyena's Belly Nega Mezlekia, 2015-04-07 In this acclaimed memoir, Mezlekia recalls his boyhood in the arid city of Jijiga, Ethiopia, and his journey to manhood during the 1970s and 1980s. He traces his personal evolution from child to soldier--forced at the age of eighteen to join a guerrilla army. And he describes the hardships that consumed Ethiopia after the fall of Emperor Haile Selassie and the rise to power of the communist junta, in whose terror thousands of Ethiopians died. Part autobiography and part social history, *Notes from the Hyena's Belly* offers an unforgettable portrait of Ethiopia, and of Africa, during the defining and turbulent years of the last century.

Papa! Philippe Corentin, 1997 Papa! Papa! There's a monster in my bed! But just who exactly is the monster in this story? Children and parents alike will giggle as they learn that monsters come in all different shapes and sizes.

I Feel Jealous Stephanie Finne, 2021-06-15 In this book, readers will learn about jealousy and envy in themselves and others, how and why they feel it, how to best respond to it, and how to communicate these feelings. Social and emotional learning (SEL) concepts support growth mindset throughout, while Try This! and Grow with Goals activities at the end of the book further reinforce the content. Vibrant, full-color photos and carefully leveled text engage young readers as they learn more about states of mind, moods, and emotions. Also includes sidebars, a table of contents, glossary, index, and tips for educators and caregivers. *I Feel Jealous* is part of Jump!'s States of Mind series.

Happiness 6 Shuzo Oshimi, 2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, *Happiness* follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for *Flowers of Evil*: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, *Flowers of Evil* is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo

Taro and the Bamboo Shoot Masako Matsuno, 1974-03-01 Taro enters the bamboo grove looking for his dinner and comes away with much more than he expected.
