1636: The Devil's Opera Eric Flint, David Carrico, 2013-09-16 A new addition to the multiple New York Times best-selling Ring of Fire series. After carving a place for itself in war-torn 17th century Europe, citizens of the modern town of Grantville, West Virginia take on a murderous conspiracy of operatic proportions in Magdeburg, the capital of the United States of Europe. New York Times Best Selling Series Eric Flint and David Carrico serve up the latest entry in the best-selling alternate history saga of them all, the Ring of Fire! It is the year 1636. The United States of Europe, the new nation formed by an alliance between the Swedish king Gustavus Adolphus and the West Virginians hurled back in time by a cosmic accident, is on the verge of civil war. His brain injured in the war with

Poland, the USE's emperor Gustavus Adolphus is no longer in command. Enter Swedish chancellor Oxenstierna, a leader of aristocratic reaction against democracy. His goal: to assemble the forces of the hidebound ruling class in Berlin and drown the revolution in a bloodbath. In Magdeburg, the capital of the USE, Mike Stearns' wife Rebecca Abrabanel is organizing popular resistance to Oxenstierna's plot. As part of the resistance, the American musician Marla Linder and her company of down-time musical partners are staging an opera that will celebrate the struggle against oppression. Princess Kristina, the heir to the USE's throne, is now residing in Magdeburg and is giving them her support and encouragement. But another plot is underway--this one right in the heart of the capital itself, and with murder as its method. The only people standing in the way are a crippled boy and the boxing champion who befriended him, and an unlikely pair of policemen. Can the American detective Byron Chieske and his down-timer partner Gotthilf Hoch thwart the killers before they succeed in their goal? Greetings from Delusionville Ron English, 2021-09 Ron English tells the story of Delusionville, a world where animals have different social status based on their species. This is Ron English's magnum opus, a subversive rock opera, featuring Ronnnie Rabbbit, A surreal cast of characters populates this paradise, including buzzards, pigs, sheep, turtles, ducks, wolves, and the rabbits who are caught in the middle of all the insanity that is Delusionville. Ronnnie, the main rabbit, is the only animal who tries to accept all contradictory belief systems, which has driven him completely insane. A collection of over 100 images set with lyrics. Greetings from Delusionville is a deluxe oversized hardcover coffee table book. Rabbbits in Delusionville is a rock opera that is like post-factual Animal Farm meets Aesop's Fables on LSD. Delusionville tells the story of a society that formed as different animals fell down a rabbit hole and created a world with their own mythologies, religion, and politics. Every animal group represents an embedded archetype in the social structure that is about to come in question. This is largely a commentary on faux news, stagnation of social mobility, and downright delusional thinking. It is an opera in three acts: Act One - Introduces all of the characters in Delusionville and brings into question the nature of their society and their various places in the social order. Act Two - The animals get riled up about the economic disparity and social injustice in their previously unquestioned world of delusion. Act Three - A very unusual take on revolution.

The Anvil of the World Kage Baker, 2010-04-01 Kage Baker's stories and novels of the mysterious organization that controls time travel, The Company, have made her famous in SF. So has her talent for clever dialogue and pointed social commentary with a light touch. Ms. Baker is the best thing to happen to modern science fiction since Connie Willis or Dan Simmons. She mixes adventure, history and societal concerns in just the right amount, creating an action-packed but thoughtful read, says The Dallas Morning News. *The Anvil of the World* is her first fantasy novel, a journey across a landscape filled with bizarre creatures, human and otherwise. It is the tale of Smith, of the large extended family of Smiths, of the Children of the Sun. They are a race given to blood feuds, and Smith was formerly an extremely successful assassin. Now he has wearied of his work and is trying to retire in another country, to live an honest life in obscurity in spite of all those who have sworn to kill him. His problems begin when he agrees to be the master of a caravan from the inland city of Troon to the seaside city of Salesh. The caravan is dogged by murder, magic, and the brooding image of the Master of the Mountain, a powerful demon, looking down from his mountain kingdom upon the greenlands and the travelers passing below. In Salesh, Smith becomes an innkeeper, but on the journey he befriended the young Lord Ermenwyr, a decadent demonic half-breed. Each time Ermenwyr turns up, he brings new trouble with him. The outgrowth of stories Baker has been writing since childhood, as engaging as Tolkien and yet nothing like him, Smith's adventure is certainly the only fantasy on record with a white-uniformed nurse, gourmet cuisine, one hundred and forty-four glass butterflies, and a steamboat. This is a book filled with intrigue, romance, sudden violence, and moments of emotional impact, a cast of charming characters, and echoes of the fantasy tradition that runs from Lord Dunsany and Fritz Leiber to Jack Vance and Roger Zelazny. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
