Batman and the Justice League Manga Vol. 1 Shiori Teshirogi, 2018-10-23 It's the World's Greatest Super Heroes in manga format! Mangaka Shiori Teshirogi (Saint Seiya: The Lost Canvas) creates an exciting new story, combining an authentic Japanese comics approach with the World's Greatest Super Heroes. Translated into English and collected for a Western audience for the first time, *Batman and the Justice League Vol. 1* is a great entry point for fans of the Justice League and manga alike. The book comes in standard manga size trim and reads right-to-left like traditional manga stories! A young boy from Japan travels to Gotham City on a mission. A year before, his two parents—both scientists—were presumably killed in an explosion that destroyed an experimental power plant. But the boy believes they may still be alive. At the very least, he's determined to find out what actually happened. But his quest soon leads to a run-in with some powerful forces—forces that require help from both Batman and the Justice League!

Batman/Fortnite: Zero Point Christos Gage, 2021-09-07 When a crack splits the sky above Gotham City, Batman is pulled into a bizarre and unfamiliar world, with no memory of who he is or where he came from... As he fights to recall his past and escape an endless loop of chaos and struggle, he'll come face to face for the first time with the likes of Renegade Raider, Fishstick, an Bandolier—as well as others who seem impossibly familiar to him. While the World's Greatest Detective strives to make sense of this strange new world, he'll uncover the shocking truth about the Island, what lies beyond the Loop, and how everything is connected to the mysterious Zero Point. *Batman/Fortnite: Zero Point* uncovers secrets never before revealed in the game or anywhere else! Every fan of Batman, Fortnite, stunning art, and edge-of-your-seat excitement won't want to miss the Caped Crusader facing off against Fortnite champions on the Island, in a desperate attempt to save not only himself, but other familiar faces from the DCU...and perhaps the Multiverse itself! Collects issues 1-6 of the global bestselling series. Please note: This digital comic purchase DOES NOT include any redeemable code for Fortnite in-game bonus rewards.

The Shinsengumi Osamu Tezuka, In Kyoto, in the late 1800s, the son of a local book-binder, Kyujuro Fukakusa sees his father murdered before his eyes and vows revenge. In his quest for justice, he answers the recruitment call of the Shinsengumi (or The new squad) a newly-formed special brigade of samurai loyal to the shogun. There he meets fellow recruit and proficient swordsmen, the enigmatic Daisuke Kamakiri. Despite the gap in their fighting skill levels, the two form a close bond, but can it survive the age of upheaval that is descending on The Wolves of Mibu?

Affective Health and Masculinities in South Africa Hans Reihling, 2020-04-03 *Affective Health and Masculinities in South Africa* explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

If you thought the *Batman/Fortnite* saga was over, think again...it only gets bigger from here!
