If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

The Cosmic Religion Ralph Calabria, Ethan Calabria, 2013-11-01 The Cosmic Religion: Love God, Love Neighbor, Love Self, illuminates an Ancient Truth revealed in the teachings of Jesus Christ, Bhagavan Krishna, Gautama Buddha, Lao Tzu, Guru Nanak, Moses, Zarathustra, Muhammad, Paramhansa Yogananda, and others. This handbook for religious discussion and interfaith dialogue identifies the universal golden thread linking eight religions, explains the common thinking and behavior of the three types of believers that exist in all religions, and interprets some of the spiritual mysteries revealed by Jesus from a cosmic religious perspective. It will change the way we look at the world's religions and how they all fit - and don't fit - together. Iconoclastic and expansive, Calabria's foundational treatise is profoundly relatable as it simplifies the discussion into terms that are easy to understand and apply. Its unique ability to provide evidence of unity in the world's religions offers not only insight into the beliefs of others but also into one's own as well. It searches for universal understanding based upon common sense, scriptures, saints and sages. A groundbreaking new handbook for students of religious discussion who intuitively know there must be underlying order, unity and truth to the world's religions, this volume offers a new explanation for the external conflicts between religious groups and the internal confusion found in all religious traditions. Neither a new age book nor a panacea claiming all religions are the same, it delves deeply into the three intertwined strands that compose the one universal golden thread running through all religions. Ralph Calabria's determination to develop and share a comprehensive vision of religion has motivated his research, writing, lecturing, meditating, as well as his seeking guidance from saints and sages for over fifty years.

100 Birds and How They Got Their Names Diana Wells, 2001-10-30 How did cranes come to symbolize matrimonial happiness? Why were magpies the only creatures that would not go inside Noah's Ark? Birds and bird imagery are integral parts of our language and culture. With her remarkable ability to dig up curious and captivating facts, Diana Wells hatches a treat for active birders and armchair enthusiasts alike. Meet the intrepid adventurers and naturalists who risked their lives to describe and name new birds. Learn the mythical stories of the gods and goddess associated with bird names. Explore the avian emblems used by our greatest writers--from Coleridge's albatross in *The Ancient Mariner* to Poe's raven. A sampling of the bird lore you'll find inside: Benjamin Franklin didn't want the bald eagle on our National Seal because of its bad moral character, (it steals from other birds); he lobbied for the turkey instead. Chaffinches, whose Latin name means unmarried, are called bachelor birds

because they congregate in flocks of one gender. Since mockingbirds mimic speech, some Native American tribes fed mockingbird hearts to their children, believing it helped them learn language. A group of starlings is called a murmuration because they chatter so when they roost in the thousands. Organized alphabetically, each of these bird tales is accompanied by a two-color line drawing. Dip into 100 Birds and you'll never look at a sparrow, an ostrich, or a wren in quite the same way.
