Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The World of Shannara Terry Brooks, Teresa Patterson, 2011-02-09 The beloved Shannara series by #1 New York Times bestselling author Terry Brooks is universally acclaimed as a towering achievement, an unquestioned masterpiece in fantasy literature. Now, for the first time, all the wonders of Shannara have been gathered into one single, indispensable volume in which Terry Brooks shares candid views on his creation. Lavishly illustrated with full-color paintings and black-and-white drawings, this comprehensive guide ventures behind the scenes to explore the history, the people, the places, the major events, and of course the magic, of one of the world's greatest fantasy epics. What sets Terry Brooks apart? Is it a knack for creating complex, unforgettable characters like Allanor the Druid, Shea Ohmsford, and Amberle the elven-maid—men and women, gnomes and wizards, who come alive on the page and in our hearts? Is it the haunting and utterly believable evil of his darker creations: the foul Dagda Mor, the insanely murderous Jachyra, the enigmatic Ilse Witch? Or is it the way his adventures effortlessly partake of the timeless quality of myth? Whatever the secret of Brooks's storytelling magic, generations of readers have fallen under its spell, returning again and again to the pages of beloved classics like *The Elfstones of Shannara* and *The Druid of Shannara*, and relishing his newest novels in the *Voyage of the Jerle Shannara* saga. Typographic Systems of Design Kimberly Elam,2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the gridincluding random, radial, modular, and bilateralsystems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. Icons Unmasked Alex Solis,2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense déjà vu. There's something about their goofy grin, that creepy laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new?In Icons Unmasked, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever
