The Season to Be Wary Rod Serling, 2014-01-18 The Season To Be wary is unique in that it is one of the first examples of Rod Serling publishing stories he created first in narrative form. This collection of three novellas provides poignant insights into the human condition with all its' moral and ethical dilemmas. Of the three, *Escape Route* and *Eyes* were included in the pilot for *The Night Gallery*, with the latter starring Joan Crawford and directed by new comer, Steven Spielberg. Darkly disturbing, these stories remain relevant today.

If Anything Happens I Love You Will

McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing

into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly

satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Soul-Strung Rachel Hobbs, 2021-11-07 Ruby and Drayvex are back and better than ever in Soul Strung! - Goodreads ★★★★★ Battleworn Ruby is putting her darkest days behind her, and where better to start again than the bustling Callien city? Too good to be true, when the demon of her past comes crashing back into her life, the warning he carries with him leaves it in pieces. Where Drayvex goes, chaos and mayhem trail in his wake. And she's bound to him tighter than ever before. Scheming Drayvex has been busy: chasing the demon turned traitor from world to world, keeping furtive tabs on the girl with a piece of his soul; oh, and running a demon empire. Concerned Ruby will be discovered alive, he enlists her on a hunt for the lapis temporis, an object that can quite literally turn back time, to fix old mistakes and kill their mutual enemy in the past. He's done playing games. Power-starved Saydor is on the run. Converting to his cause one underdog at a time, his eyes and ears are everywhere. You can't kill what you can't find, and Saydor's covert talent is deadly. The bigger

you are, the harder you fall. And he's just getting started. But when you're playing for time itself, how do you know when you've been here before?

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years

later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Christmas Houses Rob Harris, John Hartley, Samantha Manning, 2007 'Christmas Houses' pays homage to the growing UK phenomenon of yuletide house-bling, capturing the best, the wildest, and the most sophisticated motion-sensitive Santas, light displays, and lit-up grottos from all over the country.
