A Call to Duty David Weber,Timothy Zahn,2014-09-16 Growing

up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn't or wouldn't provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he'd finally found the structure he'd always wanted so desperately. But life in the RMN isn't exactly what he expected. Boot camp is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit,

there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management). About A Call to Duty: A new series set in the universe of Webers popular heroine Honor Harrington gets off to a solid start. . . . From the largest--the leatherback sea turtle--to the small bog turtle, many people like to see turtles in the wild and even keep them as pets. What makes a turtle, a turtle--and not a tortoise? Their shell and habitat are part of it as emerging readers learn in this awesome volume. Full-color photographs of turtle body features close up complement the low ATOS text and aid in

Happiness 6 Shuzo Oshimi, 2017-12-19 A supernatural story of sexual awakening, growing up, and suburban vampirism, Happiness follows a dorky boy who is attacked by a girl in an alley. She sucks his blood and gives him a choice: life or death. He chooses life, but finds himself nearly overwhelmed by a new thirst and a fascination with the necks of his classmates... Praise for Flowers of Evil: A shockingly readable story that vividly--one might even say queasily--evokes the fear and confusion of discovering one's own sexuality. Recommended. -The Manga Critic A page-turning tale of sordid middle school blackmail. -Otaku USA Magazine By loving this manga I recognize what a sick and twisted individual I have become. While I can still say that I am not truly deviant, Flowers of Evil is a great reminder of my own thirst for power and my own personal corruption. -Otaku Champloo

Cobra Alliance: Cobra War Book I Timothy Zahn, 2009-12-01

The colony worlds Adirondack and Silvern fell to the Troft forces almost without a struggle. Outnumbered and on the defensive, Earth made a desperate decision. It would attack the aliens not from space, but on the ground^{3/4}with forces the Trofts did not even suspect. Thus were created the Cobras, a guerilla force whose weapons were surgically implanted, invisible to the unsuspecting eye, yet undeniably deadly. And the Moreau family were the most famous of the Cobra warriors. Long after victory over the Troft was achieved, the Cobras made common cause with their former adversaries against a new enemy. Their reward was three planets that would be a home for the Cobras, whose deadly powers made them too dangerous to feel at home on Earth. Now, years had passed and not everyone on the Cobra worlds thought that the Cobras were worth the high cost of providing their training and maintaining their existing built-in weaponry, let alone supporting research to improve the Cobra weapons, and possibly even put an end to the negative effects of that built-in weaponry, which caused Cobras to die much too young. Many who had never known

interplanetary war were convinced that the Cobras were not needed at all. That was a grave miscalculation, because a new menace was approaching, one that even the formidable Cobra warriors might not be able to defeat . . . At the publisher's request, this title is sold without DRM (Digital Rights Management).

The Cobra Trilogy Timothy Zahn, 2004-09-01 He was a New Kind of Soldier, Created for a New Kind of War! Soldier . . . The colony worlds Adirondack and Silvern fell to the Troft forces almost without a struggle. Outnumbered and on the defensive, Earth made a desperate decision. It would attack the aliens not from space, but on the ground¾with forces the Trofts did not even suspect. Thus were created the Cobras, a guerilla force whose weapons were surgically implanted, invisible to the unsuspecting eye, yet undeniably deadly. But power brings temptation . . . and not all the Cobras could be trusted to fight for Earth alone. Jonny Moreau would learn the uses¾and abuses¾of his special abilities, and what it truly meant to be a Cobra. Mercenary . . . If anyone had told Jonny Moreau the Cobras would one day take orders from the alien Troft, he would have laughed without humor. He'd lost too many friends during the Troft war, though the Cobras triumphed in the end. Now, though, the Troft were trading partners¾and they

feared what might be a mutual danger: A new race, ruthless and tenacious, that threatened human space as well as Troft. And the offer was five new planets for the overcrowded Cobra worlds. Jonny's son Justin would carry the Moreau name to danger . . . and learn that it takes more than a Cobra father to make a Cobra son. Governor . . . Corwin Moreau is governor of Aventine, but the fact that the Moreau family has held power for so long is beginning to generate bad feelings in the Cobra Worlds Council. But Corwin's niece, Jasmine, faces the greatest challenge. Her only ambition is to become a Cobra^{3/4}but no woman has ever been accepted to the Academy or ever will be, if her opponents have their way. Until a mission arises that demands her expertise, and requires that she be given the deadly Cobra implants. Because the enemy, too, knows that there are no female Cobras, and Jasmine can infiltrate without being suspected . . . she thinks. . . . The Complete Cobra Generational Saga, by the New York Times Best-Selling Author At the publisher's request, this title is sold without DRM (Digital Rights Management).

In Fire Forged: Worlds of Honor V David Weber,2011-02-01

Honor Harrington is arguably the most popular character in modern science fiction, but there are many other stories in the Honorverse

besides those in which she has the central role. This fifth volume in the popular Worlds of Honor series explores some of those stories with the help of such top writers as best-selling author Jane Lindskjold, New York Times best-selling author Timothy Zahn, and more¾including an all-new Honor Harrington adventure, set in her younger years, when a mob of space pirates made the mistake of tangling with Commander Harrington. That was a fatal mistake¾for the pirates . . . At the publisher's request, this title is sold without DRM (Digital Rights Management).

Cauldron of Ghosts David Weber, Eric Flint, 2014-04-08 Sequel to national bestsellers *Torch of Freedom* and *Crown of Slaves*, Book Three in the *Crown of Slaves*, - Honor Harrington universe. Secret agent Anton Zilwicki and Victor Cachat return in this classic tie-in series set in David Weber's Honorverse. **TOIL AND TROUBLE IN THE CAULDRON OF GHOSTS** The Mesan Alignment: a centuries-old cabal that seeks to impose its vision of a society dominated by genetic rank onto the human race. Now the conspiracy stands exposed by spies Anton Zilwicki and Victor Cachat¾one an agent of Honor Harrington's Star Kingdom of Manticore, the other a Havenite operative. The outing of the Alignment has turned the galaxy's political framework topsy-turvy.

Old coalitions have disintegrated. New alliances have been born. For starters, the long and hard-fought war between the Republic of Haven and the Star Empire of Manticore is not only over, but these bitter enemies have formed a new pact. Their common foe: the Mesan Alignment itself. But more information is needed to bring the Alignment out of the shadows. Now, defying the odds and relying on genetic wizardry themselves for a disguise, Zilwicki and Cachat return to Mesa^{3/4}only to discover that even they have underestimated the Alignment's ruthlessness and savagery. Soon they are on the run in Mesa's underworld, not only hunted by the Alignment but threatened by the exploding conflict on the planet between Mesa's overlords and the brutalized slaves and descendants of slaves who have suffered under their rule for so long. But if Zilwicki and Cachat succeed in rooting out the ancient conspiracy, a great evil may be finally removed from the galaxy^{3/4}and on a long-oppressed planet, freedom may finally dawn. At the publisher's request, this title is sold without DRM (Digital Rights Management). About the Crown of Slave Series: Fans of Weber's Honor Harrington series ã will be delighted with this offshoot in which he and coauthor Flint develop several situations and characters from other stories. ...This outstanding

effort transcends the label 'space opera' and truly is a novel of ideas.Ó¼Publishers Weekly

Cobra Outlaw Timothy Zahn, 2016-04-26 SEQUEL TO COBRA SLAVE. New York Times #1 best-selling author Timothy Zahn continues his Cobra SF adventure series with book #2 of a new Cobra saga, Cobra Rebellion. Cobra warriors: technologically enhanced and implanted with an arsenal of covert weaponry fight against alien foes and evil humans. Cobra warriors: technologically enhanced human warriors designed to combat an implacable alien menace. Now, and not for the first time, the Cobras are facing trouble from their own kind. The Broom clan of Cobra warriors finds itself pressed between two star empires headed for war. On the planet Aventine, the Broom's homeworld, pater familia Paul Broom

has been taken prisoner by Commodore Santeros, an implacable operative of the Dominion of Man. Paul is due to have his memories sifted through by the dreaded and often destructive Dominion MindsEye in order to root out the location of legendary Qasamaa planet where huge advances in military hardware, particularly a svelte powered armor, might give the Dominion of Man an edge in a coming war with the alien Troft. Santeros hopes to strike a deal with Qasama and, if a deal cannot be struck, then Santores and the Dominion are prepared to take what they want. Elsewhere on Aventine and in the galaxy beyond, rebellion is brewing against Dominion atrocities and Dominion scheming, with outlaw Cobra warriors Lorne and Jody Broom in the vanguard. Meanwhile, Cobra Jason Broom poses as an escaped slave on a secret Troft prison planet where humans are sent to gladiatorial combat to the death for Troft amusement and wagering. He is seeking information on Troft factions, for not every Troft wants war with humankind, and if he can identify moderate elements, he may save the Cobra worlds, and head off a massive interstellar war in the bargain. The stage is set for adventure with one family of Cobra heroes once again fighting for freedom and peace in a galaxy on the edge of war. About Timothy Zahn: “Zahn keeps the
