Mummy Cat Marcus Ewert, 2015 Mummy Cat prowls his pyramid home, longing for his beloved owner. As he roams the tomb, lavish murals above his head display scenes of the cat with his young Egyptian queen. Hidden hieroglyphs deepen the tale and are explained in an informative author's note--

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in

the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Typographic Systems of Design Kimberly Elam, 2007-05-03
Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

Gio Swaby, 2022-04-12 Accompanied by a traveling exhibition, this book on the Bahamian artist's textile portraits serves as a love letter to Black women: their style, strength, vulnerabilities, and beauty. This debut of the 29-year-old Bahamian-born artist aims to redefine the often-politicized Black body, with portraits made in a range of textile-based techniques, such as embroidery and appliqué, celebrating Black women. Gio Swaby's intimate portraits are unique, highly personal figurative works made from an array of colorful fabrics and intricate, freehand lines of thread on canvas that explore the intersections of Blackness and womanhood. Illustrated with 80 works in full color that span from 2017 to 2021, this is the first book on this contemporary feminist artist who is a rising star in the world of textiles and portraiture. According to Swaby, "I wanted to create a space where we could see ourselves reflected in a moment of joy, celebrated without expectations, without connected stereotypes." Writers and scholars with multiple points of view take on Swaby's work and delve into her place within contemporary Black art.

Reflections on Mughal Art and Culture Roda Ahluwalia, 2021-07-28 - Offers fresh insights into the rich aesthetic and cultural legacy of the Imperial Mughal age in the Indian subcontinent - Essays by 13 eminent international scholars draw comparisons between the Mughals, the Safavids and the Ottomans - Over 159 images of Mughal artifacts, paintings, gardens and monuments illustrate the lasting heritage of the Imperial Mughals Enter the splendid world of Mughal India and explore its rich aesthetic and cultural legacy through fresh insights offered by 13 eminent scholars. Recent scholarship in this field has offered deeper analysis into established norms,

explored pan-Indian connections and drawn comparisons with contemporaneous regions of the early modern world. Further studies along these lines were encouraged in a seminar held by the K.R. Cama Oriental Institute, Mumbai, and the formidable scholarship presented by contributors forms the content of this volume. The articles in this book explore varied subjects under the Mughal umbrella, challenge long-held ideas and draw comparisons between the artistic expressions and material culture of the powerful Islamicate triumvirate of the early modern period - the Safavids in Iran, the European-based Ottomans and the Mughals in the Indian subcontinent. Themes as diverse as portraits of royal women, sub-imperial patronage of temples, word-image relationship, the lapidary arts and the Imperial Library of the Mughals, a reconsideration of Mughal garden typologies, murals painted on architectural surfaces, the textile culture of the city of Burhanpur, changes in visual language and content of painting, and Imperial objets d'art have been discussed, challenged and analyzed. The final three articles are groundbreaking comparisons across Ottoman, Safavid and Mughal spheres. This beautifully illustrated book is sure to appeal to c

American Like Me America Ferrera, 2019-09-03 INSTANT NEW YORK TIMES BESTSELLER From award-winning actress and political activist America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends, peers, and heroes to share their

stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.
