Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Louise Haselton Gillian Brown, Leigh Robb, Jenna McKenzie, 2019-11-02 Louise Haselton offers glimpses of the curious inner lives of everyday and overlooked things. From the domestic to the exotic, the natural to the 'made', she distinctively intuits connections between seemingly disparate material vernaculars. Haselton believes in the invisible forces that bind and repel the world around us. With a witty reverence for the objects and materials she engages with, Haselton explores the communicative possibilities of weight, balance and form within her predominantly sculptural works. Her practice is unexpected, unconventional, and exemplary of an artist especially attuned to the matters which surround us. *Louise Haselton: Act natural* is a compendium of Haselton's works to date including illustrated essays chronicling the inspirations, influences and ideas behind her extraordinary practice of the last twenty-five years.

Ectogenesis Scott Gelfand, John R. Shook, 2006 This book raises many moral, legal, social, and political, questions related to

possible development, in the near future, of an artificial womb for human use. Is ectogenesis ever morally permissible? If so, under what circumstances? Will ectogenesis enhance or diminish women's reproductive rights and/or their economic opportunities? These are some of the difficult and crucial questions this anthology addresses and attempts to answer.

Typographic Systems of Design Kimberly Elam, 2007-05-03
Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.

What We Buried Kate A. Boorman, 2019-02-26 Told from the split viewpoints of Liv and Jory, Kate A. Boorman's *What We Buried* is a psychological thrill ride that deftly explores how memories can lie, how time can bend, and how reconciling the truth can be a matter of life or death. "Do you ever just want to be believed?" Siblings Liv and Jory Brewer have grown up resenting each another. Liv—former pageant queen and reality TV star—was groomed for a life in the spotlight, while her older brother, Jory, born with a partial facial paralysis, was left in the shadows. The only thing they have in common is contempt for their parents. Now Liv is suing her mom and dad for emancipation, and Jory views the whole thing as yet another

attention-getting spectacle. But on the day of the hearing, their parents mysteriously vanish, and the siblings are forced to work together. Liv feels certain she knows where they are and suspects that Jory knows more than he's telling...which is true. What starts as a simple overnight road trip soon takes a turn for the dangerous and surreal. And as the duo speeds through the deserts of Nevada, brother and sister will unearth deep family secrets that force them to relive their pasts as they try to retain a grip on the present.

Christopher Orchard MARGOT & ANANDA OSBORNE (ROY.),Roy Ananda,Julia Robinson,Rod Taylor,2017-07-24 Christopher Orchard is the creator of the Bald Man, a stoic little character the artist has been drawing and redrawing for decades. Orchard's apparently effortless art is built on a commitment to rigorous studio practice. In this volume, we gain an insight into the influence of a man who is one of Australia's finest artists working today.

Gerry Wedd Mark Thomson,Gerry Wedd,2008 When I first came across Mambo, I remember looking at the wall of T-shirt designs, at the breadth and wit of the drawing there, and thought: why would they ever use mine? In the late 1980s the young surfer

and artist, Gerry Wedd, came to the attention of Mambo Graphics, the iconoclastic surf-wear company. With his sense of humour, his subject matter, his encyclopaedic knowledge of surfing culture, and his 'scratch board' style of drawing, Wedd found a spiritual home in Mambo and helped build the developing Mambo ethic. But there's more to Gerry Wedd than Mambo. This latest book in the South Australian Living Artists (SALA) series showcases the work of a unique artist who works in a wide range of media, including ceramics, public art, jewellery and fabric design. In a career spanning three decades, Gerry Wedd's works maintain a sardonic wit and thought-provoking charm. In 'Gerry Wedd' author Mark Thomson reveals a man whose life and work is a pleasant shambles of activity, zigzagging in and out of so many subjects and spaces; an artist who makes no apology for not being modernist or post-, post-post-, or any other sort.

Clare Belfrage KAY. LAWRENCE, Sera Waters, 2018-07-17 Clare Belfrage has built an extraordinary career as a glass artist. *Clare Belfrage: Rhythms of necessity* is the first major publication that explores the significance of her contribution to contemporary international glass art. Exhibited across the world, Belfrage's glass vessels explore the pulse and flow of forces that shape the natural world as well as the lived patterns of the everyday. A similar sense of rhythm underpins the structure of this book: an

interleaving of short texts and stunning photographs of Belfrage's vessels that reveal her story to date. Belfrage's art practice is grounded in her experience of family life. She grew up in a large family in a house suffused with music and from early childhood enjoyed camping, which instilled in her a love of nature and the more-than-human world. As she says about looking closely at nature, 'the big feeling that small gives me is intimate and powerful'. Some of Belfrage's most celebrated series reveal her engagement with the rhythmic movements of glass-making, reflecting the dynamism and energy of the natural world. As well as showcasing her award-winning glass vessels, Clare Belfrage: Rhythms of necessity explores the bodily processes of glass blowing, particularly the specific skills of fine cane drawing for which she is renowned. Belfrage demonstrates her finely honed techniques in workshops and public forums across the international glass art community. Her practice stands out for pushing the limits of glass in new and sensitive directions.
