*Unholy Alliance* Peter Levenda, 2019-11-15 In June of 1979, Peter Levenda flew to Chile—then under martial law—to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: “You are not welcome in this country.” The people who warned him were not Chileans but Germans, not government officials but agents of the assassination network Operation Condor. They were also Nazis, providing a sanctuary for men like Josef Mengele, Hans-Ulrich Rudel, and Otto Skorzeny. In other words: ODESSA. Published in 1995, *Unholy Alliance* was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves, as well as on the author’s personal investigations and interviews, often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft, and who was its creator, Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text, with much additional information on the rise of extremist groups in Europe, Latin America, Asia, and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes *Ratline* and *The Hitler Legacy*. This is where it all began.

This brilliant history of alchemy traces its sources back to ancient Egypt, and presents alchemy as a useful, practical system of self-transformation. Each of the seven steps of alchemical transformation is explained, with hands-on techniques and exercises, treating alchemy as a living discipline for achieving a spiritual awakening.

**Gurps Voodoo** C. J. Carella, 2018-04-26 GURPS Voodoo: The Shadow War takes the myths of the mystical religions known as Voudoun and Santeria and gives them a twist, placing the believers and practitioners of Voodoo in the middle of a cosmic struggle. Voodoo priests and the shamans of many

ancients cultures have unique views in how they can shape the world; this supplement includes a magic system to replicate those beliefs. The Shadow War is a conflict fought on many fronts. Voodoo Initiates contend with the Lodges, which consist of European magicians who have kept their occult power hidden and consider themselves the secret masters of the Western world. Beneath that struggle, some Initiates have begun to realize, lies a battle between Humankind and beings that have no use for power or wealth - only destruction. Unlike many dark RPGs, Voodoo is not about enduring horror, but fighting it. Human Spirit Warriors, monstrous In-Betweeners renegades, and even ghosts can join forces and stop the manipulators and deceivers. The world of the Shadow War needs heroes, however frail or flawed they may be. Your characters may just be those heroes.
