Magic: The Gathering: Legends Wizards of the Coast, Jay Anelli, 2020-10-27 An official guide to the most iconic legends and legendary creatures from the world of Magic: The Gathering The world of Magic: The Gathering is home to many fantastical characters and creatures, but perhaps none so intriguing as its legends. Legendary dragons, demons, angels, goblins, vampires, merfolk, wizards, and more roam the multiverse. These characters harken back to Magic's early history, having been introduced in one of the first Magic card sets (1994's Legends); new legends continue to tell epic stories in lore and on the battlefield through the present day. Magic: The Gathering: Legends showcases high-quality reproductions of the legendary card art from across the game's history—in many instances for the first time outside of the card frame—along with accompanying histories written by Jay Anelli. This collection also offers exclusive insight into the art and mythology behind some of Magic: The Gathering's most powerful, popular, and enduring legends, including Niv-Mizzet, Emmara Tandris, Marit Lage, Sisay, Atraxa, the Eldrazi titans, Edgar Markov, Queen Marchesa, Zurgo, Pia Nalaar, Zacama, King Algenus Kenrith, Snapdax, and many, many more.

What Do Economists Contribute? Daniel B. Klein, 2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our raison d'être ? Only a few economists have specifically addressed the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.

While Cindy has accepted her fate, Sara and Shogo aren't about to give up on her! But as Cindy's magic grows too powerful for the two of them to bear, it becomes clear they'll need to enlist others. With time running out, can they really expect anyone to come to the aid of the person who tried to kill them...?

Dai Dark Vol. 2 Q Hayashida,2021-07-06 Necromancy, space action, and dark humor collide in this wildly creative new series from the creator of Dorohedoro! Zaha Sanko's body has great and terrible powers--they say that possessing his bones will grant you any wish, even the desire to become ruler of the universe. But Sanko is still a teenage dude with his own life, and he isn't about to let every monstrous lowlife in the galaxy rip him limb from limb. He and his skeletal buddy Avakian will use their dark powers to fend off any murder attempts while they search space for whomever put this curse on Sanko's bones...because killing them might end the madness. (And then Sanko can celebrate with his favorite spaghetti.) Don't miss this hilariously twisted and gruesome new series from the unique mind of Q Hayashida, creator of the manga and Netflix anime Dorohedoro!
