At Home and in the Field Suzanne S. Finney,Mary Mostafanezhad,Guido Carlo Pigliascio,Forrest Wade Young,2015-07-30 Crossing disciplinary boundaries, *At Home and in the Field* is an anthology of twenty-first century ethnographic research and writing about the global worlds of home and disjuncture in Asia and the Pacific Islands. These stories reveal novel insights into the serendipitous nature of fieldwork. Unique in its inclusion of homework—ethnography that directly engages with issues and identities in which the ethnographer finds political solidarity and belonging in fields at home—the anthology contributes to growing trends that complicate the distinction between insiders and outsiders. The obligations that fieldwork engenders among researchers and local communities are exemplified by contributors who are often socially engaged with the peoples and places they work. In its focus on Asia and the Pacific Islands, the collection offers ethnographic updates on topics that range from ritual money burning in China to the militarization of Hawai'i to the social role of text messages in identifying marriage partners in Vanuatu to the cultural power of robots in Japan. Thought provoking, sometimes humorous, these cultural encounters will resonate with readers and provide valuable talking points for exploring the human diversity that makes the study of ourselves and each other simultaneously rewarding and challenging.

Paper Made! Kayte Terry,2016-03-08 Announcing the biggest, best, most innovative book ever on paper craft. Even better, this is not about how to use costly, artsy paper, but how to turn stuff around the house—magazines and shopping bags, candy wrappers and paint sample cards, wrapping paper, old maps, and paper towel tubes—into stunning jewelry, gifts, home decor, party favors, and much more. Chances are you've seen the author's cutting-edge work in the windows of Anthropologie, where she is the chain's merchandising manager. An inveterate crafter who creates projects and styles photo shoots for magazines like Parents and Vogue Knitting, Kayte Terry takes the most versatile of materials and the most basic of crafts (remember snipping valentines out of construction paper?), and creates something completely transformative. Turn a sheaf of any white or graph paper into an amazing Scrap Happy Globe Lantern for the dining room. Fashion colored tissue paper into Songbird Votives, leftover raffle tickets into a Prizewinning Bowl, that out-dated pile of holiday catalogs into a picture frame. There's a necklace made of playing cards, a gum wrapper bracelet, and barrettes made by quilling—a paper technique that goes back to the Renaissance. Every project is photographed in full color, and includes step-by-step illustrations and instructions. Truly a book that shows how to think outside the (cardboard) box.
