Olympic Games, Mega-Events and Civil Societies G.

Hayes, J. Karamichas, 2011-12-15 This volume explores sporting mega-events, their social, political, and cultural characters, the value systems that they inscribe and draw on, the claims they make on us and the claims the organisers make for them, the spatial and ethical relationships they create, and the responses of civil societies to them.

Amateur Musical Societies and Sports Clubs in Provincial France, 1848-1914 Alan R. H. Baker, 2017-09-14 This book explores leisure-related voluntary associations in France during the nineteenth century as practical expressions of the Revolutionary concept of fraternité. Using a mass of unpublished sources in provincial and national archives, it analyses the history, geography and cultural significance of amateur musical societies and sports clubs in eleven départements of France between 1848 and 1914. It demonstrates that, although these voluntary associations drew upon and extended the traditional concept of cooperation and community, and the Revolutionary concept of fraternity, they also incorporated the fundamental characteristics of competition and conflict. Although intended to produce social harmony, in practice they reflected the ideological hostilities and cultural tensions that permeated French society in the nineteenth century.

Afropean Johny Pitts, 2019-06-06 Winner of the Jhalak Prize 'A revelation' Owen Jones 'Afropean seizes the blur of contradictions that have obscured Europe's relationship with blackness and paints it into something new, confident and lyrical' Afua Hirsch A Guardian, New Statesman and BBC History Magazine Best Book of 2019 'Afropean. Here was a space where blackness was taking part in shaping European identity ... A continent of Algerian flea markets, Surinamese shamanism, German Reggae and Moorish castles. Yes, all this was part of Europe too ... With my brown skin and my British passport - still a ticket into mainland Europe at the time of writing - I set out in search of the Afropeans, on a cold

October morning.' Afropean is an on-the-ground documentary of areas where Europeans of African descent are juggling their multiple allegiances and forging new identities. Here is an alternative map of the continent, taking the reader to places like Cova Da Moura, the Cape Verdean shantytown on the outskirts of Lisbon with its own underground economy, and Rinkeby, the area of Stockholm that is eighty per cent Muslim. Johnny Pitts visits the former Patrice Lumumba University in Moscow, where West African students are still making the most of Cold War ties with the USSR, and Clichy Sous Bois in Paris, which gave birth to the 2005 riots, all the while presenting Afropeans as lead actors in their own story.

My Life in France Julia Child, Alex Prud'homme, 2006-04-04
NATIONAL BESTSELLER • Julia's story of her transformative years in France in her own words is captivating ... her marvelously distinctive voice is present on every page." (San Francisco Chronicle). Although she would later singlehandedly create a new approach to American cuisine with her cookbook *Mastering the Art of French Cooking* and her television show *The French Chef*, Julia Child was not always a master chef. Indeed, when she first arrived in France in 1948 with her husband, Paul, who was to work for the USIS, she spoke no French and knew nothing about the country itself. But as she dove into French culture, buying food at local markets and taking classes at the Cordon Bleu, her life changed forever with her newfound passion for cooking and teaching. Julia's unforgettable story—struggles with the head of the Cordon Bleu, rejections from publishers to whom she sent her now-famous cookbook, a wonderful, nearly fifty-year long marriage that took the Childs across the globe—unfolds with the spirit so key to Julia's success as a chef and a writer, brilliantly capturing one of America's most endearing personalities.

Romance in Marseille Claude McKay, 2020-02-11 The pioneering novel of physical disability, transatlantic travel, and black international politics. A vital document of black modernism

and one of the earliest overtly queer fictions in the African American tradition. Published for the first time. A Penguin Classic A New York Times Book Review Editors' Choice/Staff Pick Vulture's Ten Best Books of 2020 pick Buried in the archive for almost ninety years, Claude McKay's *Romance in Marseille* traces the adventures of a rowdy troupe of dockworkers, prostitutes, and political organizers--collectively straight and queer, disabled and able-bodied, African, European, Caribbean, and American. Set largely in the culture-blending Vieux Port of Marseille at the height of the Jazz Age, the novel takes flight along with Lafala, an acutely disabled but abruptly wealthy West African sailor. While stowing away on a transatlantic freighter, Lafala is discovered and locked in a frigid closet. Badly frostbitten by the time the boat docks, the once-nimble dancer loses both of his lower legs, emerging from life-saving surgery as what he terms an amputated man. Thanks to an improbably successful lawsuit against the shipping line, however, Lafala scores big in the litigious United States. Feeling flush after his legal payout, Lafala doubles back to Marseille and resumes his trans-African affair with Aslima, a Moroccan courtesan. With its scenes of black bodies fighting for pleasure and liberty even when stolen, shipped, and sold for parts, McKay's novel explores the heritage of slavery amid an unforgiving modern economy. This first-ever edition of *Romance in Marseille* includes an introduction by McKay scholars Gary Edward Holcomb and William J. Maxwell that places the novel within both the stowaway era of black cultural politics and McKay's challenging career as a star and skeptic of the Harlem Renaissance.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful

race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Sissy Dreams: From Boyfriend to Girlfriend Paul Zante, Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Do the highly competitive pressures elite sports teach athletes to win at any cost? The book addresses topics such as: the emergence of drugs in sport and changing patterns of use the development of an objective, sociological understanding sports law, policy and administration WADA, NGB's and the sporting federations case studies of football and cycling the case of sports medicine. and press cuttings to ground theory in reality, students and lecturers alike will find this an immensely readable and enriching resource.

Shoot the Arrow ,2013 Photography. Literary Nonfiction. LGBT Studies. SHOOT THE ARROW is a collection of Amy Touchette's intimate black-and-white photographs of the onstage and offstage life of celebrated New York City burlesque dancer The World Famous *BOB*. A central figure in today's neo- burlesque movement, the self- described female-female impersonator is known for her over-the-top blonde bombshell image. Touchette used 24-hour photo sessions and exclusive access to The World Famous *BOB*'s private life to produce a deep, unique, and moving photographic biography of a woman pursuing dreams of glamour and fame. Photographed strictly on 35mm film, Touchette's pictures of The World Famous *BOB* on stage, backstage, in her daily life, and during private moments at home, are rich and beautifully real. Also containing the words of The World Famous *BOB* plain-spoken words that appear on the page as purely extracted un-distracted and un- distracting prose giving account of her gender evolution from an isolated farm girl in the California Valley, to a rebellious runaway taken under the wing of San Francisco's drag queen community, to her current incarnation as spiritual transsexual performer in New York City's burlesque revival, SHOOT THE ARROW is an unusually penetrating and authentic portrait of contemporary life.

Fresh from the Farm 6pk Rigby,2006

Feasts and Fasts Colleen Taylor Sen,2014-11-15 From dal to samosas, paneer to vindaloo, dosa to naan, Indian food is diverse and wide-ranging—unsurprising when you consider India's incredible range of climates, languages, religions, tribes, and customs. Its cuisine differs from north to south, yet what is it that makes Indian food recognizably Indian, and how did it get that way? To answer those questions, Colleen Taylor Sen examines the

diet of the Indian subcontinent for thousands of years, describing the country's cuisine in the context of its religious, moral, social, and philosophical development. Exploring the ancient indigenous plants such as lentils, eggplants, and peppers that are central to the Indian diet, Sen depicts the country's agricultural bounty and the fascination it has long held for foreign visitors. She illuminates how India's place at the center of a vast network of land and sea trade routes led it to become a conduit for plants, dishes, and cooking techniques to and from the rest of the world. She shows the influence of the British and Portuguese during the colonial period, and she addresses India's dietary prescriptions and proscriptions, the origins of vegetarianism, its culinary borrowings and innovations, and the links between diet, health, and medicine. She also offers a taste of Indian cooking itself—especially its use of spices, from chili pepper, cardamom, and cumin to turmeric, ginger, and coriander—and outlines how the country's cuisine varies throughout its many regions. Lavishly illustrated with one hundred images, *Feasts and Fasts* is a mouthwatering tour of Indian food full of fascinating anecdotes and delicious recipes that will have readers devouring its pages.

The Rejection of Consequentialism Samuel

Scheffler, 1994-08-11 In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding

typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

Ideology and Social Welfare Victor George, Paul

Wilding, 2013-10-08 A revised and rewritten version of the best-selling textbook, described by Sociological Review as 'essential reading for every student of social policy. '

The Sixth Station Linda Stasi, 2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred

blood of Christ Himself.
