Revered by the likes of Octavio Paz and Roberto Bolano, Alejandra Pizarnik is still a hidden treasure in the U.S. Extracting the Stone of Madness: Poems 1962–1972 comprises all of her middle to late work, as well as a selection of posthumously published verse. Obsessed with themes of solitude, childhood, madness and death, Pizarnik explored the shifting valences of the self and the border between speech and silence. In her own words, she was drawn to the suffering of Baudelaire, the suicide of Nerval, the premature silence of Rimbaud,

the mysterious and fleeting presence of Lautréamont,” as well as to the “unparalleled intensity” of Artaud’s “physical and moral suffering.”

Teach Me How to Die Joseph Rauch,2017-06-21 Walter Klein can't stop thinking about death. He wonders what would happen if he stuck a knife in his toaster. He wonders if his latest elevator ride will end in the cable snapping and everyone plummeting to their doom. He wonders if today will be the day he dies, but he knows it won't be from a toaster or an elevator. It will be from the cancer. He has refused treatment, and soon the cancer will take him away. There is no hope left. When Walter finally passes on, after a painfully ordinary day full of a million little regrets, he has no idea what awaits him. The first person Walter meets on his journey is his guide, Vincent. As the two men make their way through different planes of existence and contemplate the true meanings of life and death, something surprising will happen. Vincent begins to see Walter as a friend. The adventures that await the lonely spirit and his steadfast guide will change both of their hearts and reveal the truth about human nature. Writer Joseph Rauch uses Walter and Vincent to weave an intricate story about spirituality, death, grief, and love.

Comics and Pop Culture Barry Keith Grant,Scott Henderson,2019-12-13 It is hard to discuss the current film industry without acknowledging the impact of comic book adaptations, especially considering the blockbuster success of recent superhero movies. Yet transmedial adaptations are part of an evolution that can be traced to the turn of the last century, when comic strips such as “Little Nemo in Slumberland” and “Felix the Cat” were animated for the silver screen. Representing diverse academic fields, including technoculture, film studies, theater, feminist studies, popular culture, and queer studies, Comics and Pop Culture presents more than a dozen perspectives on this rich history and the effects of such adaptations. Examining current debates and the questions raised by comics adaptations, including those around authorship, style, and textual fidelity, the contributors consider the topic from an array of approaches that take into account representations of sexuality, gender, and race as well as concepts of world-building and cultural appropriation in comics from Modesty Blaise to Black Panther. The result is a fascinating re-imagining of the texts that continue to push the boundaries of panel, frame, and popular culture.
