Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

Homes and Other Black Holes Dave Barry,2010-07-28 Mr. Barry is the funniest man in America and we should encourage him. --The New York Times Book Review THERE'S NO PLACE LIKE HOME--EXCEPT IN A SELLER'S MARKET At long last, Dave Barry, the dean of everything, lets you in on the deepest, darkest mysteries of life and answers your hysterical home purchase questions like they've never been answered before: What's the best way to determine a realistic price range? Take your total family income, including coins that have fallen behind the bureau, and any projected future revenue you have been notified about via personalized letters from Mr. Ed McMahon stating that you may already have won 14 million dollars. Then, multiply by something other than six. Can you recommend a good mortgage? There are several kinds: Fixed Rate, Variable Rate, and the bank's secret weapons, the Party Hat Mortgage and the Mortgage of the Living Dead. How can I avoid spending money on do-it-yourself homeowner's projects? Find a contractor. Their silent motto is We Never Show Up. The Romans lived among the ruins. You must too. Is there a secret to having a beautiful lawn? Yes and no. If you fail to feed, fertilize, and water your lawn, it will die. However, if you feed, fertilize, and water your lawn, it will die.

Carrie's Quest Pam Sievers,2020-04-02 Carrie's late mother always stressed, if it's not perfect, it's not worth it. That lesson has served Carrie well in most of her life, but not in love. When Carrie and her sister dismantle the family home, ugly truths about her mother are revealed, and Carrie's perception of perfect unravels as well. At age 38, she is tired of sharing her suburban Milwaukee condo with her two cats. and remembers the advice her aunt always gave her. If a woman doesn't walk down the aisle by the age of 40, she'll be a social pariah. Eligible men will compare her to the day-old meat at the market--okay on the surface, but a little iffy once you open the package. When she realizes it's time to stretch her vision and bury some of her outdated judgements and attitudes, she begins her quest for the love of her life. He does exist, doesn't he? She's not sure why an online dating program would produce better results than traditional methods of dating, but fortunately, her sense of humor helps her survive the search.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting

armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
