This book was written by Nicolas Courcier and Mehdi El Kanafi, former authors and now publishers. The first print was release in 2011. An essential book to (re) discover the universe of the mythical series Final Fantasy! **EXTRACT** To celebrate one of the most important RPGs in the history of video games, Third Editions has decided to publish a tribute book: a heartfelt edition, but also one that truly analyzes the games that revolve around this legendary RPG. After five issues with distribution limited to the Toulouse region of France, they decided to found a publishing house under the same name. One year later, their small business was acquired by another leading publisher of works about video games. In their four years in the world of publishing, Nicolas and Mehdi published more than twenty works on major video game series, and wrote several of those works themselves: Metal Gear Solid. Hideo Kojima's Magnum Opus, Resident Evil Of Zombies and Men, and The Legend of Final Fantasy VII and IX. Since 2015, they have continued their editorial focus on analyzing major video game series at a new publishing house that they founded together: Third.

Norse Myths That Inspired Final Fantasy VII M J Gallagher,2020-09-16 Final Fantasy is one of the most iconic and beloved videogame series in the world. Since its inception, its titles have adopted names, themes and stories from across global mythology, including the beliefs of the Vikings. This book embarks on a detailed exploration of how Norse lore in particular influenced the writing and design of Final Fantasy VII - arguably the most critically-acclaimed of the franchise - and its wider compilation. Why is Midgar the political centre of the Planet, and Nibelheim the home of Cloud Strife? How are the Odin Materia, the Rune Blade and Vincent Valentine connected? What are the parallels between Ragnarok and the fall of the Shinra Corporation? These questions and many more will be examined and answered by award-winning community author M. J. Gallagher. Suitable for newcomers and enthusiasts alike. This work is presented as a tribute to the metaseries Compilation of Final Fantasy(R) VII. The author proposes that the speculative comparisons between Norse mythology and the Compilation of Final Fantasy(R) VII are unique, and use original thinking and analysis to interpret the inspirations, context, and content of the metaseries. The book has not been approved, licensed, or sponsored by any entity or person involved in creating or producing Final Fantasy(R), the videogames, films, or publications.
