The Hundred Years War Christopher Allmand,1988-02-04 This is a comparative study of how the societies of late-medieval England and France reacted to the long period of conflict between them commonly known as the Hundred Years War. Beginning with an analysis of contemporary views regarding the war. Two chapters follow which describe the military aim of the protagonists, military and naval organisation, recruitment, and the raising of taxes. The remainder of the book describes and analyses some of the main social and economic effects of war upon society, the growth of a sense of national consciousness in time of conflict, and the social criticism which came from those who reacted to changes and development brought about by war. Although intended primarily as a textbook for students, Dr Allmand's study is much more than that. It makes an important general contribution to the history of war in medieval times, and opens up new and original perspectives on a familiar topic.

War Through the Ages Lynn Montross,1960 This book is unique -- the stirring story of war in all its phases from 490 B.C. to our own day. Since its first appearance fifteen years ago it has become a classic, a storehouse of military lore for the specialist and layman alike. The present edition is thoroughly revised and greatly enlarged. The World War II chapter have been rewritten to make use of sources not available earlier, particularly German and Japanese documents and memoirs. Completely new material has been added, covering more recent events such as the cold war between the Communist states and Western nations, the shooting war in Korea, and the Lebanon intervention. There is a full chronological table as well as a full bibliography of sources in chronological order, and new diagrams and maps make a total of nearly 140 illustrations. Mr. Montross is superbly readable because in telling his story he never loses sight of the fact that wars are waged by men. He is concerned first of all with people, with those who fought and the great conquerors who led them. -- Book jacket.
