Origami Ikebana Benjamin John Coleman, 2014-09-23 Make realistic and decorative paper flower arrangements with this stunning origami book. The Japanese art of flower arranging is an age-old practice that honors nature and creates beauty through harmony and balance. This brand new book, Origami Ikebana, shows you how to create unique ikebana-inspired paper flower arrangements any time of the year. Since discovering ikebana some years ago, origami artist and author Benjamin Coleman has worked on developing techniques that enable him to create ikebana-style floral arrangements with simple folded paper. In this book, Coleman combines the principles and techniques of ikebana, origami and makigami (paper rolling) to create beautiful and lifelike paper flower arrangements. You'll learn how to construct stems from paper-mache-like makigami rolls and cap them with exquisite folded paper flowers and leaves, as well as how to display the

arrangements on stone-like bases made of paper. Topics covered in this ground-breaking origami book include: Basic origami flower folding and assembly techniques Painting the leaves and flowers to enhance realism Using incremental leaf sizes for a greater sense of depth Making stems using makigami paper rolling techniques Creating stone bases for your arrangement from origami paper Dozens of different origami flower arrangements are described in this book and the downloadable video contains detailed step-by-step video lessons showing you how to create each model. Don't spend a fortune on real flowers and plants that will wilt in a week—make your own beautiful paper floral arrangements that will last forever! This origami book contains: 128 page, full-color book Step-by-step instructions Colorful diagrams and photographs Origami flower folding and arranging techniques and tips 8 different leaf types 30 flower types Downloadable instructional video

Wondrous One Sheet Origami Meenakshi Mukerji, 2019-09-20 Wondrous One Sheet Origami is a how-to book full of beautiful origami designs covering a wide range of folding levels from simple to high intermediate, with more emphasis on the latter. The book is meant for audiences 12 years of age and above, and children folding at higher than age level. Most of the designs are flat and suitable for mounting on cards or framing as gifts. Features • Richly illustrated full-color book with clear, crisp diagrams following international standard, and an abundance of photographs of finished models • Select designs hand-picked by the author based on social media responses • Most of the designs incorporate color-change, a technique showing both sides of paper for enhanced beauty Meenakshi Mukerji's work is both intricate and lovely. She's greatly respected in the origami world, one of the well-known world leaders in modular origami. Her books offer a nice exposition of the

mathematical elements, but you're not being hit over the head with math lessons. You learn things without even realizing that you have. –Dr. Robert J. Lang Meenakshi Mukerji is one of today's masters of modular origami, designs comprised of multiple pieces of paper. She also brings her ingenuity and creativity to designs made from a single piece of paper. Among the most appealing aspects of her single sheet work is the way she subtly manipulates a purely geometric form to fold a flower, a leaf, a butterfly, or card suits. –Peter Engel

Origami Journey Dása Severová, 2018-05-08 This book takes you onto an amazing journey into the world of geometric origami, a world full of shapes and colors. The author presents detailed step-by-step instructions for more than 35 original origami designs: stars, flowers, decorations and boxes. The models vary in difficulty from simple to complex. The book is divided into three chapters. The first chapter showcases modular models - models constructed from several identical units connected only by folding. The second chapter explores how to fold beautiful practical three dimensional models such as boxes, all from a single sheet. The third chapter focusses on decorative models such as stars and flowers, each to be folded from a single square or from other regular polygons. The Appendix will teach you how to obtain these regular polygons from usual square origami sheets or rectangles by folding and cutting them along the creases. This book is suitable for beginners and advanced origamists alike, offering challenging and appealing projects to everyone. With their unique style of diagramming, the instructions are precise, clear and easy to understand. If you like the beauty of geometry and enjoy being creative with your hands, this book is for you. Whether you are familiar with origami or not, it offers many hours of enjoyment.
