The Gospel According to Blindboy in 15 Short Stories Blindboy Boatclub,2017-10-27 The Gospel According to Blindboy is a surreal and genre-defying collection of short stories and visual art exploring the myths, complacencies and contradictions at the heart of modern Ireland. Covering themes ranging from love and death to sex and politics, there's a story about a girl from Tipp being kicked out of ISIS, a van powered by Cork people's accents and a man who drags a fridge on his back through Limerick. Whip-smart, provocative and animated by the author's unmistakably dark wit, it is unlike anything else you will read this year. 'Mad, wild, hysterical, and all completely under the writer's control - this is a brilliant debut.' Kevin Barry 'There is genius in this book, warped genius. Like you'd expect from a man who for his day job wears a plastic bag on his head but something beyond that too. Oddly in keeping with the tradition of great Irish writers.' Russell Brand 'One of Ireland's finest and most intelligent comic minds delivers stories so blisteringly funny and sharp your fingers might bleed.' Tara Flynn 'Essential, funny and disturbing.' Danny Boyle

**Innovation Tournaments** Christian Terwiesch,Karl Ulrich,2009-06-09 Managers, entrepreneurs, and venture capitalists all seek to maximize the financial returns from innovation, and profits are driven largely by the quality of the opportunities they pursue. Based on a structured and process-driven approach this book demonstrates how to systematically identify exceptional opportunities for innovation. An innovation tournament, just like its counterpart in sports, starts with a large number of candidates, with opportunities as the players. These opportunities are pitted against each other until only the exceptional survive. This book provides a principled approach for the effective management of innovation tournaments - identifying a wealth of promising opportunities and then evaluating and filtering them intelligently for greatest profitability. With a set of practical tools for creating

and identifying new opportunities, it guides the reader in evaluating and screening opportunities. The book demonstrates how to construct an innovation portfolio and how to align the innovation process with an organization's competitive strategy. Innovation Tournaments employs quirky, fresh examples ranging from movies to medical devices. The authors' tool kit is built on their extensive research, their entrepreneurial backgrounds, and their teaching and consulting work with many highly innovative organizations.

**Boulevard Wren and Other Stories** Blindboy Boatclub,2019-11-01 Boulevard Wren and Other Stories is the stunning follow-up to the bestselling Gospel According to Blindboy, and a warped mirror held up to the Irish psyche. Provocative and unsettling, the stories rove through the centuries, from the barren fields of Famine-struck Meath to the chaotic landscape of the near future, where social media has colonised the deepest recesses of the human subconscious. This is a world populated by characters lost and at odds with the demands of contemporary life, for whom the line separating redemption and madness has grown impossibly fine. Razor-sharp social satire, it is an era-defining work from one of Ireland's most anarchic satirists and a quietly devastating portrait of a society in disarray.

**Hip Hop around the World [2 volumes]** Melissa Ursula Dawn Goldsmith,Anthony J. Fonseca,2018-12-01 This set covers all aspects of international hip hop as expressed through music, art, fashion, dance, and political activity. Hip hop music has gone from being a marginalized genre in the late 1980s to the predominant style of music in America, the UK, Nigeria, South Africa, and other countries around the world. Hip Hop around the World includes more than 450 entries on global hip hop culture as it includes music, art, fashion, dance, social and cultural movements, organizations, and styles of hip hop. Virtually every country is represented in the text. Most of the entries focus on music styles and notable musicians and are unique in that they discuss the sound of various hip hop styles and musical artists' lyrical content, vocal delivery, vocal ranges, and more. Many additional entries deal with dance styles, such as breakdancing or b-boying/b-girling, popping/locking, clowning, and krumping, and cultural movements, such as black nationalism, Nation of Islam, Five Percent Nation, and Universal Zulu Nation. Country entries take into account politics, history, language, authenticity, and personal and community identification. Special care is taken to draw relationships between people and entities such as mentor-apprentice, producer-musician, and more.

**Creativity in Product Innovation** Jacob Goldenberg,David Mazursky,2002-01-03 Creativity in Product Innovation describes a remarkable new technique for improving the creativity process in product design. Certain regularities in product development are identifiable, objectively verifiable and consistent for almost any kind of product. These regularities are described by the authors as Creativity Templates. This book describes the theory and implementation of these templates, showing how they can be used to enhance the creative process and thus enable people to be more productive and focused. Representing the culmination of years of research on the topic of creativity in marketing, the Creativity Templates approach has been recognized as a breakthrough in such journals as Science, Journal of Marketing Research, Management Science, and Technological Forecasting and Social Change.

*Post-Truth and the Mediation of Reality* Rosemary Overell,Brett Nicholls,2019-10-21 Our contemporary moment is preoccupied with arbitrating 'reality'. With the spectre of buzzwords like 'fake news' and 'post-truth' we find a scramble to locate or fix some sort of universal 'real' beneath what are positioned as 'fake' articulations. To engage with this crisis, this collection argues for the importance of a new conjuncture in communication and cultural studies of media. Building on Hall's understanding of 'conjuncture' as a way of grasping moments within hegemonic struggle, the essays suggest that the current moment requires a revitalization of the concept of conjuncture.

**Animated 'Worlds'** Suzanne Buchan,2007-02-20 What do we mean by the term animation when we are discussing film? Is it a technique? A style? A way of seeing or experiencing a world that has little relation to our own lived experience of the world? In *Animated Worlds*, contributors reveal the astonishing variety of worlds animation confronts us with. Essays range from close film analyses to phenomenological and cognitive approaches, spectatorship, performance, literary theory, and digital aesthetics. Authors include Vivian Sobchack, Richard Weihe, Thomas Lamarre, Paul Wells, and Karin Wehn.

*Contemporary Irish Popular Culture* Anthony P. McIntyre,2022-02-23 This book uses popular culture to highlight the intersections and interplay between ideologies, technological advancement and mobilities as they shape contemporary Irish identities. Marshalling case studies drawn from a wide spectrum of popular culture, including the mediated construction of prominent sporting figures, Troubles-set sitcom *Derry Girls*, and poignant drama feature *Philomena*, Anthony P. McIntyre offers a wide-ranging discussion of contemporary Irishness, tracing its entanglement with notions of mobility, regionality and identity. The book will appeal to students and scholars of Irish studies, cultural studies, as well as film and media studies.

**Because You Have To** Joan Frank,2012-09-15 Part memoir, part handbook, part survey of the contemporary literary scene, Joan Frank's *Because You Have To: A Writing Life* is a collection of essays that, taken together, provide a walking tour of the writing life. Frank's aim is to form a coherent vision, one that may provide some communion about realities of the writer's vocation that have struck her as rarely revealed. Frank offers what she has learned as a writer not only to other writers, but to those to whom good writing matters. Her insights about thinking on paper are never dogmatic or pontifical; rather, they are cordial and intellectually welcoming. Original, witty, and practical, Frank ably steers us through the journey of her own life as a writer, as well as through the careers and work of other writers. Her subjects range widely, from the "boot camp" conditioning of marketing work to squaring off with rejection and envy; from sustaining belief in art's necessity to the baffling subjectivity of literary perception and the magical books that nourish writers. Frank's personal journey is wonderfully told, so that what in these essays is particular becomes useful and universal.
