Theater as Metaphor Elena Penskaya, Joachim Küpper, 2019-05-20 The papers of the present volume investigate the potential of the metaphor of life as theater for literary, philosophical, juridical and epistemological discourses from the Middle Ages through modernity, and focusing on traditions as manifold as French, Spanish, Italian, German, Russian and Latin-American.

A Doll's House Henrik Ibsen, 2023-08-31 *A Doll's House* by Henrik Ibsen is a three-act play written by Norwegian playwright Henrik Ibsen. It premiered at the Royal Theatre in Copenhagen, Denmark, on 21 December 1879, having been published earlier that month. The play is set in a Norwegian town circa 1879. The play concerns the fate of a married woman, who at the time in Norway lacked reasonable opportunities for self-fulfillment in a male-dominated world, despite the fact that Ibsen denied it was his intent to write a feminist play. It was a great sensation at the time, and caused a storm of outraged controversy that went beyond the theatre to the world of newspapers and society. Synopsis: The play opens at Christmas time as Nora Helmer enters her home carrying many packages. Nora's husband Torvald is working in his study when she arrives. He playfully

rebukes her for spending so much money on Christmas gifts, calling her his little squirrel. He teases her about how the previous year she had spent weeks making gifts and ornaments by hand because money was scarce. This year Torvald is due a promotion at the bank where he works, so Nora feels that they can let themselves go a little. The maid announces two visitors: Mrs. Kristine Linde, an old friend of Nora's, who has come seeking employment; and Dr. Rank, a close friend of the family, who is let into the study. Kristine has had a difficult few years, ever since her husband died leaving her with no money or children. Nora says that things have not been easy for them either: Torvald became sick, and they had to travel to Italy so he could recover. Kristine explains that when her mother was ill she had to take care of her brothers, but now that they are grown she feels her life is unspeakably empty. Nora promises to talk to Torvald about finding her a job. Kristine gently tells Nora that she is like a child. Nora is offended, so she tells her that she got money from some admirer so they could travel to Italy to improve Torvald's health. She told Torvald that her father gave her the money, but in fact she illegally borrowed it without his knowledge (women were forbidden from conducting financial activities such as signing checks without a man's endorsement). Since then, she has been secretly working and saving up to pay off the loan. Krogstad, a lower-level employee at Torvald's bank, arrives and goes into the study. Nora is clearly uneasy when she sees him. Dr. Rank leaves the study and mentions that he feels wretched, though like everyone he wants to go on living. In contrast to his physical illness, he says that the man in the study, Krogstad, is morally diseased.

Zoot Suit & Other Plays Luis Valdez, 1992-04-30 This critically acclaimed play by Luis Valdez cracks open the depiction of Chicanos on stage, challenging viewers to revisit a

troubled moment in our nation's history. From the moment the myth-infused character El Pachuco burst onto the stage, cutting his way through the drop curtain with a switchblade, Luis Valdez spurred a revolution in Chicano theater. Focusing on the events surrounding the Sleepy Lagoon Murder Trial of 1942 and the ensuing Zoot Suit Riots that turned Los Angeles into a bloody war zone, this is a gritty and vivid depiction of the horrifying violence and racism suffered by young Mexican Americans on the home front during World War II. Valdez's cadre of young urban characters struggle with the stereotypes and generalizations of America's dominant culture, the questions of assimilation and patriotism, and a desire to rebel against the mainstream pressures that threaten to wipe them out. Experimenting with brash forms of narration, pop culture of the war era, and complex characterizations, this quintessential exploration of the Mexican-American experience in the United States during the 1940's was the first, and only, Chicano play to open on Broadway. This collection contains three of playwright and screenwriter Luis Valdez's most important and recognized plays: *Zoot Suit*, *Bandido!* and *I Don't Have to Show You No Stinking Badges*. The anthology also includes an introduction by noted theater critic Dr. Jorge Huerta of the University of California-San Diego. Luis Valdez, the most recognized and celebrated Hispanic playwright of our times, is the director of the famous farm-worker theater, El Teatro Campesino.

All My Sons Arthur Miller, 1947 THE STORY: During the war Joe Keller and Steve Deever ran a machine shop which made airplane parts. Deever was sent to prison because the firm turned out defective parts, causing the deaths of many men. Keller went free and made a lot of money. The

Capitalism and Desire Todd McGowan, 2016-09-20 Despite creating vast inequalities and propping up reactionary world regimes, capitalism has many passionate defenders—but not because of what it withholds from some and gives to others. Capitalism dominates, Todd McGowan argues, because it mimics the structure of our desire while hiding the trauma that the system inflicts upon it. People from all backgrounds enjoy what capitalism provides, but at the same time are told more and better is yet to come. Capitalism traps us through an incomplete satisfaction that compels us after the new, the better, and the more. Capitalism's parasitic relationship to our desires gives it the illusion of corresponding to our natural impulses, which is how capitalism's defenders characterize it. By understanding this psychic strategy, McGowan hopes to divest us of our addiction to capitalist enrichment and help us rediscover enjoyment as we actually experienced it. By locating it in the present, McGowan frees us from our attachment to a better future and the belief that capitalism is an essential outgrowth of human nature. From this perspective, our economic, social, and political worlds open up to real political change. Eloquent and enlivened by examples from film, television, consumer culture, and everyday life, *Capitalism and Desire* brings a new, psychoanalytically grounded approach to political and social theory.

Go Like Hell Albert J. Baime, 2009 By the early 1960s, the Ford Motor Company, built to bring automobile transportation to the masses, was falling behind. Young Henry Ford II, who had taken the reins of his grandfather's company with little business experience to speak

of, knew he had to do something to shake things up. Baby boomers were taking to the road in droves, looking for speed not safety, style not comfort. Meanwhile, Enzo Ferrari, whose cars epitomized style, lorded it over the European racing scene. He crafted beautiful sports cars, science fiction on wheels, but was also called the Assassin because so many drivers perished while racing them. Go Like Hell tells the remarkable story of how Henry Ford II, with the help of a young visionary named Lee Iacocca and a former racing champion turned engineer, Carroll Shelby, concocted a scheme to reinvent the Ford company. They would enter the high-stakes world of European car racing, where an adventurous few threw safety and sanity to the wind. They would design, build, and race a car that could beat Ferrari at his own game at the most prestigious and brutal race in the world, something no American car had ever done. Go Like Hell transports readers to a risk-filled, glorious time in this brilliant portrait of a rivalry between two industrialists, the cars they built, and the pilots who would drive them to victory, or doom.

Slides for Students Gary D. Fisk, 2018-10-16 300 million powerpoint presentations are given daily, yet there is a disconnect between the amazing technology of powerpoint and a mediocre student learning experience. To unleash the full potential of powerpoint presentations, we must do a better job of creating presentations that fit the educational needs of students. *Slides for Students* does just that. *Slides for Students* is an open and honest discussion about powerpoint in the classroom. A need exists for thoughtfully designed and implemented classroom instruction that focuses on the learner rather than on the technology. This book was written to translate academic research findings into practical suggestions about powerpoint that educators can use. Divided into two parts, *Slides for*

Students discuss the history of powerpoint, explore academic studies on the topic, and demonstrate how to design slides to best suit educational needs and engage with students to avoid the dreaded death by powerpoint.

The Uninhabitable Earth David Wallace-Wells, 2019-02-19 #1 NEW YORK TIMES BESTSELLER • “The Uninhabitable Earth hits you like a comet, with an overflow of insanely lyrical prose about our pending Armageddon.”—Andrew Solomon, author of *The Noonday Demon* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New Yorker • The New York Times Book Review • Time • NPR • The Economist • The Paris Review • Toronto Star • GQ • The Times Literary Supplement • The New York Public Library • Kirkus Reviews It is worse, much worse, than you think. If your anxiety about global warming is dominated by fears of sea-level rise, you are barely scratching the surface of what terrors are possible—food shortages, refugee emergencies, climate wars and economic devastation. An “epoch-defining book” (The Guardian) and “this generation’s *Silent Spring*” (The Washington Post), *The Uninhabitable Earth* is both a travelogue of the near future and a meditation on how that future will look to those living through it—the ways that warming promises to transform global politics, the meaning of technology and nature in the modern world, the sustainability of capitalism and the trajectory of human progress. *The Uninhabitable Earth* is also an impassioned call to action. For just as the world was brought to the brink of catastrophe within the span of a lifetime, the responsibility to avoid it now belongs to a

single generation—today's. **LOGLISTED FOR THE PEN/E.O. WILSON LITERARY SCIENCE WRITING AWARD** "The Uninhabitable Earth is the most terrifying book I have ever read. Its subject is climate change, and its method is scientific, but its mode is Old Testament. The book is a meticulously documented, white-knuckled tour through the cascading catastrophes that will soon engulf our warming planet."—Farhad Manjoo, *The New York Times* "Riveting. . . . Some readers will find Mr. Wallace-Wells's outline of possible futures alarmist. He is indeed alarmed. You should be, too."—*The Economist* "Potent and evocative. . . . Wallace-Wells has resolved to offer something other than the standard narrative of climate change. . . . He avoids the 'eerily banal language of climatology' in favor of lush, rolling prose."—Jennifer Szalai, *The New York Times* "The book has potential to be this generation's *Silent Spring*."—*The Washington Post* "The Uninhabitable Earth, which has become a best seller, taps into the underlying emotion of the day: fear. . . . I encourage people to read this book."—Alan Weisman, *The New York Review of Books*

The Everything Store Brad Stone,2013-10-15 The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as the definitive account of how a tech icon came to life. Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection

Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing.
