Origami Zoo Robert J. Lang, Stephen Weiss, 1990-06-15 In *Origami Zoo*, two of the world's finest paper folders present an exciting collection of original origami animals. Their creatures, ranging from the exotic to the familiar, the elegant to the whimsical, will both inspire the beginner and challenge the most accomplished folder. Choose among the dolphin, penguin, swan, owl, goose, kangaroo, praying mantis, or even the mythical Pegasus or extinct woolly mammoth. Each of these thirty-seven new projects is true origami-folded from a single piece of paper with no cutting or gluing-and is complete with clear step-by-step diagrams, instructions, and a photograph of the finished model. *Origami Zoo* will challenge and delight anyone with a penchant for creating something wonderful out of (almost) nothing.

Paperfold Wild Animals Megan Montague Cash, 2023-05-02 You can almost hear the lion's roar: Announcing an ingeniously fun new idea in paper craft for kids. Think of it as the anti-origami--instead of complicated folds leading to an abstract result, *Paperfold Wild Animals* uses a punch-out design, two simple types of folds (the classics, mountain and valley), and beautiful full-color illustration to let kids ages seven and up construct creatures that are satisfying to make

and a real spark to the imagination. And they're especially good for parents, with no scissors required, no glue or tape needed, and no mess to clean up afterward. Conceived, designed, and illustrated by Megan Montague Cash, *Paperfold Wild Animals* gives kids everything they need to make ten favorite animals from around the world: lion, giraffe, elephant, tortoise, ibex, orangutan, wolf, kangaroo, crocodile, and bear. But not just a wolf--a howling wolf. Not just an ibex--an ibex with its head down and horns up, ready to charge. Not just a bear, but a bear about to enjoy a meal of the fresh salmon it just scooped out of the water. Lifelike in how they're shaped and posed, illustrated with realistic markings and graced with expressive features--even a strong sense of personality--they will inspire hours of imaginative play. And the book itself has a special design--it opens out like an accordion that includes punch-out pages, easy directions, and fact cards about every animal.
