If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Expressive Anatomy for Comics and Narrative: Principles and Practices from the Legendary Cartoonist Will Eisner, 2008-08-17 The final volume of Will Eisner’s celebrated instructional trilogy explores the critical principle of body grammar in comics storytelling. Designed and outlined by Will Eisner before his death in 2005, this posthumous masterwork, the third and final book in the Will Eisner Instructional Series, finally

reveals the secrets of Eisner's own techniques and theories of movement, body mechanics, facial expressions, and posture: the key components of graphic storytelling. From his earliest comics, including the celebrated *Spirit*, to his pioneering graphic novels, Eisner understood that the proper use of anatomy is crucial to effective storytelling. His control over the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner's mastery of expression, both subtle and overt, *Expressive Anatomy for Comics and Narrative* will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft.

Zdarsky, 2021-06-08 The League needs to prevent galactic upheaval by protecting a ruthless killer, and the only way to do that is to visit the scene of their greatest failure! But can Superman ignore the ghosts of the past to do what's needed?

Papertoy Monsters Brian Castleforte, 2010-12-29 A

breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), *Papertoy Monsters* offers 50

fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Previously on X-Men Eric Lewald, 2017-11 In late 1992, on small budgets and under tight schedules, the cast and crew of X-Men: The Animated Series crafted a television show that, despite an industry full of naysayers, immediately shot to #1. This kids' show often landed more than half the TV viewers across America, and a twenty-year gold rush of Marvel motion pictures and TV series followed. Previously on X-Men is Eric Lewald's personal, inside account of how the series got on the air, the many challenges that were overcome, and how the show prevailed. The head writer interviewed 36 of the artists, writers, voice cast, and executives who helped make this game-changing series a worldwide success. This book is an authoritative look into the creation of the animated series that nobody expected to succeed. Lewald offers a unique behind-the-scenes look at the Saturday-morning cartoon series that changed Hollywood--Back cover.

The Green Team: Teen Trillionaires (2013-2014) #1 Art Baltazar, Franco, 2013-05-22 Meet the newest team in the DC Universe: the Green Team—teen trillionaires who utilize the greatest superpower of all: cold, hard cash!

Ultraviolet R. J. Anderson, 2013-08-01 "Once upon a time

there was a girl who was special. This is not her story. Unless you count the part where I killed her." Sixteen-year-old Alison wakes up in a mental institution. As she pieces her memory back together, she realizes she's confessed to murdering Tori Beaugrand, the most perfect girl at school. But the case is a mystery. Tori's body has not been found, and Alison can't explain what happened. One minute she was fighting with Tori. The next moment Tori disintegrated—into nothing. But that's impossible. No one is capable of making someone vanish. Right? Alison must be losing her mind—like her mother always feared she would. For years Alison has tried to keep her weird sensory abilities a secret. No one ever understood—until a mysterious visiting scientist takes an interest in Alison's case. Suddenly, Alison discovers that the world is wrong about her—and that she's capable of far more than anyone else would believe.

The Sequential Art of Amanda Conner

Amanda Conner, 2012 Features the distinct graphic style of comic book artist Amanda Conner, best known for her work on some of DC's most iconic female characters, including Power Girl, Supergirl, and Wonder Woman. Contains some of her most popular illustrations and covers here presented as originally published in single magazine form.

Writing on sheep William Welstead, 2021-05-25 Sheep are marginalised in literary criticism and in discussion of pastoral literature. This book brings an animal studies approach to poetry about sheep that allows for the agency of these sentient beings, that have been associated for humans over ten thousand years. This approach highlights the distinction between wild and domesticated species and the moral dilemma between the goals of animal welfare and those of saving species from extinction. Discussion of mostly contemporary poetry follows a new reading of works from the pastoral and georgic canon. Allowing for the sentience and sociality of this species makes it easier to imagine a natureculture within which to make kin across the species

boundary. Reading poetry about sheep has the power to make new meanings as we try to adapt to an increasingly complex and problematic environment.

O diário de Marise Vanessa de Oliveira, 2014-11-04 Marise é o nome de trabalho de Vanessa. Em casa, uma mãe dedicada. Na faculdade de enfermagem, uma aluna esforçada. Nos hotéis e motéis onde atende, uma garota de programa muito requisitada por conta dos anúncios de jornal, nos quais vende com criatividade sua beleza e seus atributos, sozinha ou em dupla. Neste diário, ela fala sem censura de seus programas, das taras de seus clientes, da cafetinagem, das orgias, das casas de swing, da vida nas ruas e nas boates. Vanessa também mostra a relação com a família e as amigas, as frustrações com os homens que amou, como entrou nessa vida. E fala de vários dos 5 mil programas que já calcula ter feito.

Dear Santa Debbie Macomber, 2021-10-19 NEW YORK TIMES BESTSELLER • A special holiday wish list brings about hope, love, and second chances in this nostalgic novel from the queen of Christmas stories, Debbie Macomber. Lindy Carmichael isn't feeling particularly joyful when she returns home to Wenatchee, Washington, for Christmas. The man she thought was "the one" has cheated on her with her best friend, and she feels completely devoid of creativity in her graphic-design job. Not even carolers or Christmas cookies can cheer her up—but Lindy's mother, Ellen, remembers an old tradition that might lift her daughter's spirits. Reading through a box of childhood letters to Santa and reminiscing about what she'd wished for as a young girl may be just the inspiration Lindy needs. With Ellen's encouragement, she decides to write a new letter to Santa, one that will encourage her to have faith and believe just as she'd done all those years ago. Little does Lindy know that this exercise in gratitude will cause her wishes to unfold before her in miraculous ways. And, thanks to some fateful twists of Christmas magic—especially an unexpected connection with a handsome former classmate—Lindy

ultimately realizes that there is truly no place like home for the holidays. In *Dear Santa*, Debbie Macomber celebrates the joys of Christmas blessings, old and new.

Coffin Corner Boys Carole Engle Avriett, 2018-05-14

Gripping...filled with...dramatic escapes, moments of surprising humanity, and acts of bravery. —Publishers Weekly A Story of Adventure, Survival, Loyalty, and Brotherhood Taking off from England on March 16, 1944, young Lt. George Starks and the nine-man crew of his Flying Fortress were assigned to the “coffin corner,” the most exposed position in the bomber formation headed for Germany. They never got there. Shot down over Nazi-occupied France, the airmen bailed out one by one, scattered across the countryside. Miraculously, all ten survived, but as they discarded their parachutes in the farmland of Champagne, their wartime odyssey was only beginning. Alone, with a broken foot and a 20mm shell fragment in his thigh, twenty-year-old Starks set out on an incredible 300-mile trek to Switzerland, making his way with the help of ordinary men and women who often put themselves in great danger on his behalf. Six weeks later, on the verge of giving up, Starks found himself in the hands of a heroic member of the French Resistance—he calls him “the bravest man I’ve ever known”—who got him safely across the heavily guarded border. Similar ordeals awaited the other nine crewmen, who faced injury, betrayal, captivity, hunger, and depression. It was nothing short of miraculous that all ten came home at the end of the war. George Starks emerged from his ordeal with two passions—to stay in touch with his crew whatever the obstacles and to return to France to find and thank the brave souls to whom he owed his life. His enduring loyalty enabled him to do both.

Japan's Pacific War Peter Williams, 2021-06-30 'I had no qualms fighting the Australians, just as I have killed without remorse any of the Emperor's enemies: the British, the Americans and the Dutch', so admits Takahiro Sato in this ground-breaking oral history of Japan's Pacific War. Thanks to years of research and over 100 interviews with veterans, the Author has compiled a fascinating collection of personal accounts by former Japanese soldiers, sailors and airmen. Their candid views are often provocative and shocking. There are admissions of brutality, the killing of prisoners and cannibalism. Stark descriptions of appalling conditions and bitter fighting blend with descriptions of family life. Their views on the prowess of the enemy differ with some like air ace Kazuo Tsunoda who believed the Australians 'worthy'. Some remain unrepentant while others such as Hideo Abe are ashamed of his part in Japan's war of aggression. The result is a revealing insight into the minds of a ruthless and formidable enemy which provides the reader with a fresh perspective on the Second World War.

Vinland Saga Makoto Yukimura, 2015-09-29 WITHIN THE KING'S GRASP As Canute plots to become ruler of the entire Danish world, Thorfinn's only ambition is to see a harvest profitable enough to buy his own life back. But the fates of prince and slave will come together once again, as Canute plans to seize Ketil Farm from its kindhearted master. What sinister tricks does he have up his sleeve, and could they dash Thorfinn's hopes for freedom? Meanwhile, Einar's infatuation with Arnheid takes an unexpected turn when her former husband - an escaped slave - barges onto the farm, insisting she run away with him... A fascinating, violent, and moving story [that's] firmly among other timeless classics... Seriously, I don't know how many different ways I can say this manga is worth reading. -Kotaku

The Butcher of Paris #1 Stephanie Phillips, 2019-12-04 In 1944, as Swastikas flew over Paris, one of the most notorious and prolific serial killers in history turned the occupied city into his

personal hunting ground. Under the guise of opportunity and freedom, a killer preys on those desperate to flee . . . until a gruesome discovery alerts the police. In a city on the brink of war, the hunt for a serial killer begins as a French detective races to catch the villain before the Nazis beat him to it. Written by Stephanie Phillips (Descendent, Devil Within) with art by Dean Kotz (Mars Attacks), The Butcher of Paris is a historical, true crime thriller about a killer wanted by both the Nazis and allied forces for the death of nearly two hundred victims.
