Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**The Old Yellow House** Joyce Wright,2018-11-11 Tyro, Mississippi. Once a thriving community, but like most rural towns go, it dwindled to just close neighbors and a few churches. The oldest house there had fallen into ruin. The man who farmed upon the land had passed. The heirs came together to sell the property. A young family saw an opportunity to homestead in this quiet, loving area. Everyone was so welcoming. But since the house was in shambles, it took close to a year, just to get it livable. After moving into the house, they decided to cheer it up by painting it yellow and trimming it in white. Upon a hill it sat fairly close to the main road leading through Tyro. Little did the young couple know that they were not the only ones to occupy the house. Unseen and seen forces began to plague them and their visitors. This truer than life story discloses events that at times stretches the imagination from believing to speculation.

**Icons Unmasked** Alex Solis,2016-02-14 Ever wonder if the characters you see on TV, in movies and in comic books are hiding something behind their masks? That perhaps they're really someone -- or something -- else? When pop culture is such a huge part of our lives, we're bombarded with these characters everywhere we turn. Each time we see a new character in a movie, video game or commercial, we feel a sudden sense deja vu. There's something about their goofy grin, that creepy laugh, or those boogly eyes that feels eerily familiar...This got me thinking. Is anything we see ever 100% original? Or is everything we experience really just our minds piecing together past experiences to create something that feels unique and new? In Icons Unmasked, I'm trying to bring a new sense of discovery to characters everyone has seen hundreds of times. I wanted to recreate the experience of what it might be like to see one iconic character from your childhood for the first time as an adult. Proceed at your own caution and keep in mind the following illustrations cannot be unseen. Your childhood might possibly be destroyed forever
