**Islam Translated** Ronit Ricci,2011-05-01 The spread of Islam eastward into South and Southeast Asia was one of the most significant cultural shifts in world history. As it expanded into these regions, Islam was received by cultures vastly different from those in the Middle East, incorporating them into a diverse global community that stretched from India to the Philippines. In *Islam Translated*, Ronit Ricci uses the *Book of One Thousand Questions*—from its Arabic original to its adaptations into the Javanese, Malay, and Tamil languages between the sixteenth and twentieth centuries—as a means to consider connections that linked Muslims across divides of distance and culture. Examining the circulation of this Islamic text and its varied literary forms, Ricci explores how processes of literary translation and religious

conversion were historically interconnected forms of globalization, mutually dependent, and creatively reformulated within societies making the transition to Islam.

*El Conservador* George H. Rodriguez, 2018-09-12 George H. Rodriguez has dedicated his life to sharing conservative values with fellow Hispanics and all Americans. As a Ronald Reagan and George H. Bush appointee, he worked with the Department of Justice in community relations and immigration outreach, going on to work with the White House and on President Bush's 1988 presidential campaign. In recent years, Rodriguez has served with the GOP and was one of the first Hispanics to be president of a major Tea Party group. Now in *El Conservador: Conservative*

Opinions, George H. Rodriguez shares a hard-hitting collection of his political essays and commentaries. As a nationally known blogger and political commenter, George Rodriguez is a constitutional conservative Texan of Mexican descent, also known as a Tejano. His essays reflect his belief in personal freedom, and they support the idea that all Texans and Americans should live life as they wish, as long as it does not harm others or infringe on another person's rights. With a commitment to conservative values--and in some cases with a little bit of a chile picoso attitude--Rodriguez focuses on critical political topics that all Americans should be informed about: from the basics of constitutional government, personal property ownership, and states' rights to contemporary issues like the debt, immigration, and so-called diversity. Because liberal misinformation and a growing government can be dangerous to the freedom and liberty of citizens, Rodriguez believes it is important to remember why America is the greatest nation on earth and protect its God-given destiny.

**Cultures at War** Tony Day, Maya H. T. Liem, 2018-08-06 The Cold War in Southeast Asia was a many-faceted conflict, driven by regional historical imperatives as much as by the contest between global superpowers. The essays in this book offer the most detailed and probing examination to date of the cultural dimension of the Cold War in Southeast Asia. Southeast Asian culture from the late 1940s to the late 1970s was primarily shaped by a long-standing search for national identity and independence, which took place in the context of intense rivalry between the United States and the Soviet Union, with the Peoples' Republic of China emerging in 1949 as another major international competitor for influence in Southeast Asia. Based on fieldwork in Burma, Indonesia, Laos, Malaysia, the Philippines, Singapore, Thailand, and Vietnam, the essays in this collection analyze the ways in which art, literature, film, theater, spectacle, physical culture, and the popular press represented Southeast Asian responses to the

Cold War and commemorated that era's violent conflicts long after tensions had subsided. Southeast Asian cultural reactions to the Cold War involved various solutions to the dilemmas of the newly independent nation-states of the region. What is common to all of the perspectives and works examined in this book is that they expressed social and aesthetic concerns that both antedated and outlasted the Cold War, ones that never became simply aligned with the ideologies of either bloc. Contributors: Francisco B. Benitez, University of Washington; Bo Bo, Burmese writer (SOAS, University of London); Michael Bodden, University of Victoria; Simon Creak, Australian National University; Gaik Cheng Khoo, Australian National University; Rachel Harrison, SOAS, University of London; Barbara Hatley, University of Tasmania; Boitran Huynh-Beattie, Asiarta Foundation; Jennifer Lindsay, Australian National University

**Identifying with Freedom** Tony Day, 2007 Indonesia is one of the world's newest democracies. Yet little is known to outsiders about this country, the home of the world's largest Muslim community. This book provides appraisals of the leading issues facing Indonesians as they seek to build a democratic nation that is tolerant of multicultural diversity and free from imperial domination.
