Tree Shaker Bill Keller, 2008 Without deifying its subject, this biography looks at the life of Nelson Mandela, placing his awe-inspiring political accomplishments into historical context for young readers.

El Conservador George H. Rodriguez, 2018-09-12 George H. Rodriguez has dedicated his life to sharing conservative values with fellow Hispanics and all Americans. As a Ronald Reagan and George H. Bush appointee, he worked with the Department of Justice in community relations and immigration outreach, going on to work with the White House and on President Bush's 1988 presidential campaign. In recent years, Rodriguez has served with the GOP and was one of the first Hispanics to be president of a major Tea Party group. Now in *El Conservador: Conservative Opinions*, George H. Rodriguez shares a hard-hitting collection of his political essays and commentaries. As a nationally known blogger and political commenter, George Rodriguez is a constitutional conservative Texan of Mexican descent, also known as a Tejano. His essays reflect his belief in personal freedom, and they support the idea that all Texans and Americans should live life as they wish, as long as it does not harm others or infringe on another person's rights. With a commitment to conservative values--and in some cases with a little bit of a chile picoso attitude--Rodriguez focuses on critical political topics that all Americans should be informed about: from the basics of constitutional government, personal property ownership, and states' rights to contemporary issues like the debt, immigration, and so-called diversity. Because liberal misinformation and a growing government can be dangerous to the freedom and liberty of citizens, Rodriguez believes it is important to remember why America is the greatest

nation on earth and protect its God-given destiny.
