Introduction to Attic Greek Donald J. Mastronarde, 2013-02-01 Thoroughly revised and expanded, *Introduction to Attic Greek*, 2nd Edition gives student and instructors the most comprehensive and accessible presentation of ancient Greek available. The text features: • Full exposure to the grammar and morphology that students will encounter in actual texts • Self-contained instructional chapters, with challenging, carefully tailored exercises • Progressively more complex chapters to build the student's knowledge of declensions, tenses, and constructions by alternating emphasis on morphology and syntax • Readings based on actual texts and include unadapted passages from Xenophon, Lysias, Plato, Aristophanes, and Thucydides. • Concise introduction to the history of the Greek language • Composite list of verbs with principal parts, and an appendix of all paradigms • Greek-English and English-Greek glossaries Additional Resources: • Robust online supplements for teaching and learning available at atticgreek.org • Answer Key to exercises also available from UC Press (978-0-520-27574-4)

A Guide to Tribes in Indonesia Zulyani Hidayah, 2020-04-28 This encyclopedia provides a comprehensive overview of the traditions, cultures, kinship norms, and other significant cultural aspects of the tribes, or otherwise named ethnic groups, of Indonesia, by an Indonesian anthropologist. The

entries are supported by illustrations drawn by the late author himself, and are also accompanied by maps indicating the geographic locations and distributions of each tribe throughout the vast archipelago. Originally written and published in Bahasa Indonesian, the text has been translated into English and revised to feature up-to-date information. In showcasing the extent of diversity and the distinctiveness of the numerous tribal cultures in Indonesia, the volume presents itself as an important academic reference in Indonesian anthropology and ethnography studies, now finally available to global readership. Intended as a short work of reference, it will be indispensable to students and scholars researching Indonesia from anthropological, sociocultural, and ethnographic perspectives.

Margaret Sanger: an autobiography Margaret Sanger, 2022-05-28 This autobiography tells of Sanger, a pioneer in the struggle for birth control as a basic human right and the founder of the International Planned Parenthood Federation. Sanger is a nurse, who has witnessed first-hand the devastating effects of unwanted pregnancy, triumphed over arrest, indictment, and exile. Her autobiography is a classic of women's studies.

Islam Translated Ronit Ricci, 2011-05-01 The spread of Islam eastward into South and Southeast Asia was one of the most significant cultural shifts in world history. As it expanded into these regions, Islam was received by cultures vastly different from those in the Middle East, incorporating them into a diverse global community that stretched from India to the Philippines. In *Islam Translated*, Ronit Ricci uses the *Book of One Thousand Questions*—from its Arabic original to its adaptations into the Javanese, Malay, and Tamil languages between the sixteenth and twentieth centuries—as a means to consider connections that linked Muslims across divides of distance and culture. Examining the circulation of this Islamic text and its varied literary forms, Ricci explores how processes of literary translation and religious conversion were historically interconnected forms of globalization, mutually dependent, and creatively reformulated within societies making the transition to Islam.

Indonesian Manuscripts from the Islands of Java, Madura, Bali and Lombok Th.C. van der Meij, 2017-07-31 *Indonesian Manuscripts from the Islands of Java, Madura, Bali and Lombok* is an original, pioneering, and richly illustrated work that discusses hitherto unaddressed features of manuscript traditions of these islands. The extensive description of palm-leaf manuscripts in particular opens up avenues for further study.

Heirs to World Culture Jennifer Lindsay, 2012 This volume brings together new scholarship by Indonesian and non-Indonesian scholars on Indonesia's cultural history from 1950-1965. During the

new nation's first decade and a half, Indonesia's links with the world and its sense of nationhood were vigorously negotiated on the cultural front.

Routledge Handbook of Cultural Sociology Laura Grindstaff, Ming-Cheng M. Lo, John R.

Hall, 2018-11-01 The thoroughly revised and updated second edition of the Routledge Handbook of Cultural Sociology provides an unparalleled overview of sociological and related scholarship on the complex relations of culture to social structures and everyday life. With 70 essays written by scholars from around the world, the book brings diverse approaches into dialogue, charting new pathways for understanding culture in our global era. Short, accessible chapters by contributing authors address classic questions, emergent issues, and new scholarship on topics ranging from cultural and social

theory to politics and the state, social stratification, identity, community, aesthetics, and social and cultural movements. In addition, contributors explore developments central to the constitution and reproduction of culture, such as power, technology, and the organization of work. This handbook is essential reading for undergraduate and postgraduate students interested in a wide range of subfields within sociology, as well as cultural studies, media and communication, and postcolonial theory.

Furness and Cartmel notes Henry Barber,1894

Vox Graeca William Sidney Allen,1987-09-24 This is a new and enlarged edition of Professor Allen's highly successful book on the pronunciation of Attic Greek in classical times. In this edition, Professor Allen has in particular revised the presentation of the controversial question of stress; the chapter on quantity has been extensively recast; and an appendix has been added on the names of the letters of the Greek alphabet. In addition to the new material, the supplementary notes of the second edition are now incorporated into the main text making this a very convenient book to use.
